to give back and help others to go the same road so enough of my blurb i have laid my hard learned secrets in that book and the price is ridiculously low you would normally pay 2 3 times more in your local book store for a book full of bs explaining you the current economic climate and how we are coming out of the recession hog wash year it says learn how to trade or something of that effect but doesn't have even one tenth of the hard core to the bone content i am offering you see i know you can live and have anything you want in this life you can even create your own reality yeah i know creating your reality is cool but it requires a dirty word called work do you you want to create your new reality even step in to it you would if you knew what is on the other side well i decided to create your reality for you i have done all the dirty work and have set everything up for you for success in this book so punch a few buttons and take a click of faith and by this book i promise you you will not be disappointed see you on the other side

About Forex Profits : Sneaky Little Secrets and Unknown But Profitable Tricks to Easy Forex Millionaire 2014-11-05 i will tell you more about my book later but first let me tell you a story to make my point even more clear the other day i took my wife to a b b to an island not too far from where i live we drove about 30 min to get to the place it was a beautiful day the sun was up the ocean was calm and nice no wind you could glide on the surface if you wanted to man this island was beautiful flowers blooming everywhere in february keep reading we will get to the strawberries so i get to this b b my wife is like gleaming can't wait to see what's in the house the house was set up in a old colonial style at least that's what my wife told me so before i get in the house i go around cause there is a beautiful garden and i see that there is a basement floor which is completely empty by the way what i am telling you has a lot to do with forex trading i have a purpose to my madness so bear with me but before i go further let me tell you what happened i go and ask the host about the basement floor you know why they are not using it looks decent to me so she goes ahead and tells me at least a dozen hurricane stories and how last time there was a hurricane the water stood up eight feet strong on the street and that floor was always stuck under water and had to be completely wiped out and cleaned and how they decided not to use it any more see my friend forex trading can be like that beautiful island and a gorgeous paradise the problem is that storms and hurricanes are a normal events in tropical paradise the reason i wrote this book is so you don't end up being on the basement of forex and get flushed every time there is a hurricane if you are newbie or even a somewhat experienced trader but live in the basement of forex you will get wiped out every single time i promise you the basement of forex is full with indicator worship going on in all kinds of indicator temples of course your broker is leading the main quire fast to give you the free education and all of the stochastic bands and other ropes so you can hang yourself fast see in most cases your broker is on the opposite side of your trades unless he is an ecn broker tip there is no guarantees the ecn brokers are not doing it since they have all the info of your trades and stops so basically they have to hedge your trades because they are not a price maker but continually bidding for better quotes from the banks so you the innocent retail trader enter the trade and the slaughter begins i am sick and tired of seeing innocent hard working people like you get slaughtered every day by the broker i wrote this book for you so it doesn't happen again i have done all the hard work for you and put a system that will give you a step by step guidance for success with forex you are just a few keyboard clicks away from getting your eyes open to

the forex reality and trading like the pros take a click of faith punch few buttons and jump the gap see you on the other side
