A Companion to World History 2012-08-07 this book represents selected papers of an international conference convened by the department of humanities at qatar university doha in march 2013 its theme was interdisciplinarity in

history an old method in new world context twelve out of the fifty papers presented at the conference have been thoroughly reviewed revised and compiled in this volume their contributions emphasize that interdisciplinary in history has become a key term for professional historians who reject the professional identity of history based on its claimed autonomy and the distinctiveness of its research methods and argue that this claim has seriously narrowed the intellectual horizons of the discipline in terms of both teaching and research the chapters also stress that historical research should not be confined to political events as it was by ancient historians but rather be open to other complex issues which require thorough investigation and collaboration between history and other disciplines in this sense interdisciplinarity in history is a process of answering questions solving problems or examining topics that are too broad or multifaceted to be tackled adequately by history as a discipline on its own therefore history should not be regarded as a stationary subject as robinson wrote but as a discipline that would transcend the limitations formerly imposed upon the study of the past and integrate with other social science disciplines to widen its methodological scope and investigate many issues that had previously ignored or marginalized

World History: Patterns of Interaction 2003 learn the secret to success on the world history course and exams ever wonder why learning comes so easily to some people this remarkable workbook reveals a system that shows you how to learn faster easier and without frustration by mastering the hidden language of the subject and exams you will be poised to tackle the toughest of questions with ease we ve discovered that the key to success on the world history course and exams lies with mastering the insider s language of the subject people who score high on their exams have a strong working vocabulary in the subject tested they know how to decode the vocabulary of the subject and use this as a model for test success people with a strong insider s language consistently perform better on their exams learn faster and retain more information feel more confident in their courses perform better in upper level courses gain more satisfaction in learning the world history vocabulary workbook is different from traditional review books because it focuses on the exam s insider s language it is an outstanding supplement to a traditional review program it helps your preparation for the exam become easier and more efficient the strategies puzzles and questions give you enough exposure to the insider language to use it with confidence and make it part of your long term memory the world history vocabulary workbook is an awesome tool to use before a course of study as it will help you develop a strong working insider s language before you even begin your review learn the secret to success after nearly 20 years of teaching lewis morris discovered a startling fact most students didn t struggle with the subject they struggled with the language it was never about brains or ability his students simply

didn't have the knowledge of the specific language needed to succeed through experimentation and research he discovered that for any subject there was a list of essential words that when mastered unlocked a student's ability to progress in the subject lewis called this set of vocabulary the insider's words when he applied these insider's words the results were incredible his students began to learn with ease he was on his way to developing the landmark series of workbooks and applications to teach this insider's language to students around the world

Short Lessons in World History 2008-04-01 this innovative textbook demystifies the subject of world history through a diverse range of case studies each chapter looks at an event person or place commonly included in comprehensive textbooks from prehistory to the present and from across the globe from the kennewick man to gladiators and modern day soccer and globalization and digs deeper examining why historians disagree on the subject and why their debates remain relevant today by taking the approach of unwrapping the textbook david eaton reveals how historians think making it clear that the past is not nearly as tidy as most textbooks suggest provocative questions like whether ancient greece was shaped by contact with egypt provide an entry point into how history professors may sharply disagree on even basic narratives and how historical interpretations can be influenced by contemporary concerns by illuminating these historiographical debates and linking them to key skills required by historians world history through case studies shows how the study of history is relevant to a new generation of students and teachers

Essential World History 2008-12-26 a short history of the world is a period piece non fictional historic work by english author h g wells first published by cassell co ltd publishing in 1922 it was first published in penguin books in 1936 it was republished under penguin classics in 2006 the book was largely inspired by wells s earlier 1919 work the outline of history the book is 344 pages in total summarising the scientific knowledge of the time regarding the history of earth and life it starts with its origins goes on to explain the development of the earth and life on earth reaching primitive thought and the development of humankind from the cradle of civilisation the book ends with the outcome of the first world war the russian famine of 1921 and the league of nations in 1922 in 1934 albert einstein recommended the book for the study of history as a means of interpreting progress in civilisation this short history of the world is meant to be read straightforwardly almost as a novel is read it gives in the most general way an account of our present knowledge of history shorn of elaborations and complications it has been amply illustrated and everything has been done to make it vivid and

clear from it the reader should be able to get that general view of history which is so necessary a framework for the study of it particular period or the history of a particular country it may be found useful as a preparatory excursion before the reading of the author s much fuller and more explicit outline of history is undertaken but its especial end is to meet the needs of the busy general reader too driven to study the maps and time charts of that outline in detail who wishes to refresh and repair his faded or fragmentary conceptions of the great adventure of mankind it is not an abstract or condensation of that former work within its aim the outline admits of no further condensation this is a much more generalized history planned and written afresh h g wells
