a study of the school textbook grounded in historical and comparative perspectives the approach is broadly chronological revealing changes in the theory and practice of textbook production and use the book focuses largely on three associated subjects geography history and social studies this text offers a teacher and student friendly collection of lessons and activities that help educators use picture books to engage younger students in meaningful social studies activities and bring this critical subject back in elementary schools in order for today s children to succeed as adults they need a solid foundation of life skills inculcated at a young age social studies is key to building this critical knowledge yet less attention is being paid to social studies in elementary schools as this subject becomes more essential the authors of this text have a solution use picture books as dual purpose texts that fulfill more than just language arts needs and take the time dedicated to those lessons to simultaneously teach social studies each chapter of this text is organized around one of the national council for the social studies ten thematic strands covering diverse and engaging topics ranging from community and individuality to science and technology this book serves as a vital resource for classroom teachers methods professors staff developers and curriculum writers who prioritize keeping social studies a part of the elementary school curriculum based on expert review and research this book provides an innovative standard and guide to social studies textbooks used in kindergarten through 12th grade classrooms for content style and design the standards provide a foundation for individuals to select satisfactory textbooks and to help educators and school boards in the adoption of instructional materials chapter 1 addresses the problems of textbook content and style chapter 2 discusses the vast business of social studies publishing and the increased complexity of textbook packaging with the movement away from state level adoption of textbooks chapter 3 focuses on the content of social studies textbooks with a comparison of past and present textbooks a discussion of revisionism and reality and a look at religion in textbooks chapter 4 examines the style and story of textbooks and finds that although the content of past textbooks may be flawed the prose is superior to recent textbooks ideas on narrative readability vocabulary instructional design history and style provide ways for textbooks to improve chapter 5 addresses the issue of format and proposes clarity and simplicity in technical design of books chapter 6 provides an outline to review textbooks for content and style and instructional activities and teacher guidance materials for usefulness chapter 7 includes an annotated list of the major u s and world history textbooks ck first published in 1992 this volume includes reports papers and discussion from a september 1990
