opera recordings have been with us since the creation of the first wax cylinders now at a time when the 25 year reign of the compact disc appears to be coming to an end is the moment to take stock of the history of recordings of arguably the most popular composer of operas giacomo puccini in giacomo puccini a discography librarian and music historian roger flury looks at each opera chronologically from le villi to turandot followed by sections on puccini s instrumental chamber orchestral and solo vocal works details of each complete opera are listed by recording date followed by excerpts in the order in which they occur in the opera recordings of each aria are listed alphabetically by the name of the artist for ease of use flury establishes as the main criteria for inclusion those recordings assigned a commercial issue number and available for purchase this book does not limit itself to mainstream recordings but includes as well unofficial recordings taken from broadcasts or illegally recorded in theaters ensuring that the audio recording history of puccini is free of gaps video and dvd issues whether of staged performances or excerpts in concert are not included unless they have been issued in a sound only format this volume brings together information on nearly 10 000 recordings of puccini s music it provides a comprehensive overview of the recorded history of the composer s works and serves as a useful guide for the transfer of recordings from one format to another

## Giacomo Puccini

2012-06-21

years after the u s invasion of iraq a loosely organized insurgency continues to target american and coalition soldiers as well as iraqi security forces and civilians with devastating results in this sobering account of the ongoing violence ahmed hashim a specialist on middle eastern strategic issues and on irregular warfare reveals the insurgents behind the widespread revolt

their motives and their tactics the insurgency he shows is not a united movement directed by a leadership with a single ideological vision instead it involves former regime loyalists iraqis resentful of foreign occupation foreign and domestic islamist extremists and elements of organized crime these groups have cooperated with one another in the past and coordinated their attacks but the alliance between nationalist iraqi insurgents on the one hand and religious extremists has frayed considerably the u s led offensive to retake fallujah in november 2004 and the success of the elections for the iraqi national assembly in january 2005 have led more mainstream insurgent groups to begin thinking of reinforcing the political arm of their opposition movement and to seek political guarantees for the sunni arab community in the new iraq hashim begins by placing the iraqi revolt in its historical context he next profiles the various insurgent groups detailing their origins aims and operational and tactical modi operandi he concludes with an unusually candid assessment of the successes and failures of the coalition s counter insurgency campaign looking ahead hashim warns that ethnic and sectarian groups may soon be pitted against one another in what will be a fiercely contested fight over who gets what in the new iraq evidence that such a conflict is already developing does not augur well for iraq s future stability both iraq and the united states must work hard to ensure that slow but steady success over the insurgency is not overshadowed by growing ethno sectarian animosities as various groups fight one another for the biggest slice of the political and economic pie in place of sensational headlines official triumphalism and hand wringing insurgency and counter insurgency in iraq offers a clear eyed analysis of the increasingly complex violence that threatens the very future of iraq
