the music road a journey in music reading presents an exciting effective way for beginning music readers to experience the joy of reading and playing music at the keyboard in the three volumes of the music road a comfortable sequence of steps is presented each unit is divided into three parts stop look learn presents new material with follow up written assignments stop look play presents new material in simple playing experiences short mini melodies and one measure musical examples and destination uses folk songs and original music to offer many opportunities to see and play what has been presented in the learning part of the unit each unit has a corresponding stop listen appendix in which the ear is trained to hear what has been seen on the printed page listening to high low keyboard location quarter half whole notes 3 4 4 4 time and intervals are a few of the beginning focuses in book 1 relating the eye and ear in this way is excellent sensory reinforcement and makes sense too of music theory for the young student an additional appendix contains a teacher s guide and general and specific practice points to help the teacher and parent use the music road successfully the slow progression throughout the books ensures the mastery of concepts and the extensive use of those concepts at the keyboard gives the student a wonderful sense of accomplishment the philosophical and psychological basis for the music road books is a natural extension of the suzuki approach yet teachers with traditional approaches find the books equally successful with their students

The Music Road: A Journey in Music Reading, Book 1

2015-09-02

book this book helps both keyboard and guitar players to find and develop interesting chords and chord sequences on a keyboard and then use them to write their own songs rather than trying to teach intricate pieces of music the book breaks things down into a simpler style and concentrates on basic chords and ideas starting with a simple three chord song and gradually adding more complex structures a visual system that virtually eliminates the use of standard music notation allows guitarists who are used to using guitar tablature to feel totally at home songwriting issues are also analyzed including key changes and writing songs in minor keys the straightforward style of this book will have musicians writing on a keyboard with ease even if they never have before

this book is for kids or adults who are absolute beginners in music we
tried to write it as simply as possible that is why we use an easy to
play visual aid so any beginner can play music quickly neither kids nor
their parents have to read sheet music or have a musical background no
previous knowledge is necessary none at all every song has a large and
simple color and letter coded visual along with traditional sheet music
the instruction is designed so that children begin with simple circles
and gradually advance to reading notes using sheet music we try to make
this transition as easy as a game where children advance to higher levels
themselves there are totally 22 songs and 3 options to help children to
begin to play right away playing by color circle play by letter play with
the musical staff the player can first follow the circles and then repeat
with the classic note symbols and staff the helpful letters are always
above the notes there are 3 parts in this book they are equal to 3 levels
level 1 songs that are played in one octave all songs here appear twice
once written with circles and the next time with classic music notes this
will help kids remember the staff notes for example mary had a little
lamb ver 1 circles mary had a little lamb ver 1 notes level 2 in this

part you will find one version with both circles and notes and a more advanced version of the song with notes and musical notation for example hot cross buns ver 1 circles hot cross buns ver 1 notes hot cross buns ver 2 notes here the player will play songs in a different key and learn to transpose generally the version of the song written with sheet music is a little bit more complex than a letter coded version such versions already have music notation such as rests or beams etc you can find an illustrated explanation of the notation at the end of this book level 3 here the first two songs are versions of the same melody different combinations of notes written with circles and notes this is important so that the beginner can see how the same melody can be played in different keys first of all this book is addressed to newcomers to any keyboard instrument such as piano or synthesizer we offer 22 one hand piano songs also it is a perfect self training guide for children and beginner adults to mastering the challenges of percussion instruments such as kalimba marimba xylophone glockenspiel or even color bell set
