

Free download Eyes of nikon a comprehensive guide to nikkor and nikon series e lenses a comprehensive guide to nikkor and nikon series e lenses Full PDF

the e series lenses are a group of manual lenses that nikon originally designed as budget lenses to complement their compact film bodies their key strength is the somewhat decent optical performance that comes in a compact size and light weight package though it has been optically surpassed by other lenses it offers the most bang for your buck performance in the nikon lineup i d even hasten to say that the nikon series e 50mm f 1 8 is the best classic standard lens available on the vintage market for beginners or for anyone on a budget the series e 75 150mm s uncommonly clean sharp visual signature at every part of its zoom range as well as a versatile constant maximum aperture of f 3 5 gave credence to the claim that zooms could conceivably replace an entire set of prime lenses without sacrificing image quality this great little lens is a refugee from the 70s no one wants them today which allows you to get great performance for next to free with this lens and almost any 35mm or digital nikon it could be the only lens you ll ever need sharp light fast and devoid of distortion 1st place nikon series e 75 150mm f3 5 this compact lens deceives if you only look at the zoom range it is a basic 2x zoom compact sharp with great contrast and color rendition i know portrait and set photographers who love this lens especially in the 75 to 135mm range the newest version looks very similar to more expensive nikkor ai and ai s lenses the older version had no silver grab ring around its middle and had uglier shaped rubber nubbins on the focus ring compatibility intro top the manual focus lens works great with most nikon cameras 35mm and digital the nikon 28mm f 2 8 series e lens is the widest of all the series e lenses introduced as a budget lens it still fills that role today it has an ai s mount so it will work on most nikon cameras the nikon 50mm f 1 8 series e has remained a popular lens for more than 40 years it was originally designed as a budget lens but became popular with professionals often referred to as a pancake lens the lens is short and light with caps on the lens it can easily fit into a jacket pocket i m talking about a 30 year old manual focus lens that nikon only produced between 1980 and 1983 the nikon 75 150mm f 3 5 series e telephoto zoom here s a quick review of a zoom that s big on performance and light on the wallet the nikon series e is composed of 8 lenses five primes 28mm through 135mm and three zooms the series was launched with only three primes 35 50 and 100mm with the fourth prime 28mm lagging about half a year behind and the final prime 135mm and three zooms being introduced within 30 months of launching the series this gem is a small compact simple fast mid telephoto zoom it is from nikon s short lived collection of series e lenses about which you can read more here specifications push pull zoom to get 75mm push the ring away from the camera to get 150mm pull it towards the camera the 100mm e series makes a cheap alternative to the highly regarded 105 2 5 whilst the rings are plastic the barrel is metal and focusing is smooth and precise with the lovely viscosity of classic manual nikkors it s far better than the shorter e series primes i recently bought a few nikon series e lenses to use on my d3300 specifically i bought the 50mm f 1 8 the 28mm f 2 8 and the 70 210mm telephoto lens i the series e lens 100mm f 2 8 has a very good reputation and i shot the image of the nikon fg and fm with their 50mm lenses with the 100mm e lens on my nikon d200 the e lens is noticeably smaller and lighter than the 105mm f 2 5 nikkor 220g vs 470g with its built in lens hood the nikon e series co developed with fujifilm are autofocus 1 3 megapixel professional grade quasi full frame nikon f mount digital single lens reflex cameras manufactured by nikon since 1995 the e series included the nikon e2 e2s nikon e2n e2ns and the nikon e3 e3s get the best deals for nikon series e lens at ebay com we have a great online selection at the lowest prices with fast free shipping on many items g mount lens roadmap the latest development roadmap for interchangeable lenses for the gfx series the series e retained nikon s superior seven bladed diaphragms all series e lenses are ai s and likewise fit every nikon slr camera manual and auto focus some of the cheaper af cameras and the d100 lose the ability to meter with the series e as they do with all manual focus lenses see more about use on af cameras here the operation and using this

innovative combination of design and technology nikon eyes gives you sharper clearer vision than ever before advanced single vision lenses learn more focus no line progressive lenses learn more polarized lenses learn more all nikon eyes lenses include totalshield no glare protection learn more [nikon eyes lenses](#) [totalshield no glare protection](#) [polarized lenses](#) [single vision lenses](#) [progressive lenses](#) [focus no line](#)

why i love the nikon e series aka really cheap lenses

May 18 2024

the e series lenses are a group of manual lenses that nikon originally designed as budget lenses to complement their compact film bodies their key strength is the somewhat decent optical performance that comes in a compact size and light weight package

nikon series e 50mm f 1 8 lens review value proposition

Apr 17 2024

though it has been optically surpassed by other lenses it offers the most bang for your buck performance in the nikon lineup i d even hasten to say that the nikon series e 50mm f 1 8 is the best classic standard lens available on the vintage market for beginners or for anyone on a budget

the nikon series e 75 150mm f 3 5 the people s telephoto lens

Mar 16 2024

the series e 75 150mm s uncommonly clean sharp visual signature at every part of its zoom range as well as a versatile constant maximum aperture of f 3 5 gave credence to the claim that zooms could conceivably replace an entire set of prime lenses without sacrificing image quality

nikon 50mm f 1 8 series e kenrockwell com

Feb 15 2024

this great little lens is a refugee from the 70s no one wants them today which allows you to get great performance for next to free with this lens and almost any 35mm or digital nikon it could be the only lens you ll ever need sharp light fast and devoid of distortion

review nikon e series lenses vintage nikon f f2

Jan 14 2024

1st place nikon series e 75 150mm f3 5 this compact lens deceives if you only look at the zoom range it is a basic 2x zoom compact sharp with great contrast and color rendition i know portrait and set photographers who love this lens especially in the 75 to 135mm range

nikon 100mm f 2 8 series e kenrockwell com

Dec 13 2023

the newest version looks very similar to more expensive nikkor ai and ai s lenses the older version had no silver grab ring around its middle and had uglier shaped rubber nubbins on the focus ring compatibility intro top the manual focus lens works great with most nikon cameras 35mm and digital

nikon 28mm f 2 8 series e lens review outside the shot

Nov 12 2023

the nikon 28mm f 2 8 series e lens is the widest of all the series e lenses introduced as a budget

lens it still fills that role today it has an ai s mount so it will work on most nikon cameras

nikon 50mm f 1.8 series e pancake lens review outside the shot

Oct 11 2023

the nikon 50mm f 1.8 series e has remained a popular lens for more than 40 years it was originally designed as a budget lens but became popular with professionals often referred to as a pancake lens the lens is short and light with caps on the lens it can easily fit into a jacket pocket

review nikon 75 150mm f 3.5 series e ishootshows com

Sep 10 2023

i m talking about a 30 year old manual focus lens that nikon only produced between 1980 and 1983 the nikon 75 150mm f 3.5 series e telephoto zoom here s a quick review of a zoom that s big on performance and light on the wallet

the nikon series e japb

Aug 09 2023

the nikon series e is composed of 8 lenses five primes 28mm through 135mm and three zooms the series was launched with only three primes 35 50 and 100mm with the fourth prime 28mm lagging about half a year behind and the final prime 135mm and three zooms being introduced within 30 months of launching the series

nikon series e 75 150mm f 3.5 ai s test review 2003

Jul 08 2023

this gem is a small compact simple fast mid telephoto zoom it is from nikon s short lived collection of series e lenses about which you can read more here specifications push pull zoom to get 75mm push the ring away from the camera to get 150mm pull it towards the camera

nikon series e 100mm f2.8 lens review mflenses

Jun 07 2023

the 100mm e series makes a cheap alternative to the highly regarded 105 2.5 whilst the rings are plastic the barrel is metal and focusing is smooth and precise with the lovely viscosity of classic manual nikkors it s far better than the shorter e series primes

nikon series e lenses the photography forum

May 06 2023

i recently bought a few nikon series e lenses to use on my d3300 specifically i bought the 50mm f 1.8 the 28mm f 2.8 and the 70 210mm telephoto lens i
