The Human Radiation Experiments 1996-06-06 this book describes in fascinating detail the variety of experiments sponsored by the u s government in which human subjects were exposed to radiation often without their knowledge or consent based on a review of hundreds of thousands of heretofore unavailable or classified documents this report tells a gripping story of the intricate relationship between science and the state under the thick veil of government secrecy researchers conducted experiments that ranged from the mundane to such egregious violations as administering radioactive tracers to mentally retarded teenagers injecting plutonium into hospital patients and intentionally releasing radiation into the environment this volume concludes with a discussion of the committee s key findings and guidelines for changes in institutional review boards ethics rules and policies and balancing national security interests with individual rights ethicists public health professionals and those interested in the history of medicine and cold war history will be intrigued by the findings of this landmark report

Catalog of Copyright Entries. Third Series 1961 includes part 1 number 1 2 books and pamphlets including serials and contributions to periodicals january december

The Two Faces of Democracy 2023 the democratic imagination is facing significant challenges these challenges involve not only deep philosophical questions about the core values of democracy but also pressing practical issues related to how we should understand and confront the rise of right wing authoritarian populism what should our stance be as defenders of democratic life the two most prominent efforts to orient us here are the deliberative and agonistic models of democracy the former emphasizes reasoned discussion but some worry that this exclusive focus overlooks structures of injustice that distort civil deliberation the latter prioritizes contestation and conflict but its proponents struggle to explain why this prime orientation to defeating political opponents will not also corrode our commitment to normative democratic restraints like fairness this book develops an understanding of the moral core of democracy in doing so it illuminates how these two faces of democratic life the deliberative and agonistic each has a significant but constrained role to play in a more capacious comprehension of what our democratic commitments require of us the communicative model of democracy we propose provides better grounds for facing the challenges of contemporary anti democratic movements than either the deliberative or agonistic models alone

Christian Logic Puzzles 2017-11-02 imagine a christian themed puzzle book where you can solve the puzzles without knowing anything about god this is that book logic puzzles are grid based puzzles that rely on a set of clues to be solved if youve never done logic puzzles before there is a tutorial section plus all the puzzles are educational the topics include christian scientists the trinity spiritual gifts song writers mission trips and more a short description precedes each puzzle dont forget to read the reference bible verses one last thing have fun
