5 3 probability rules and and or mathematics libretxts May 02 2024 000 2022010111 apply the or rule to calculate the probability that either of two events occurs apply the and rule to calculate the probability that both of two events occurs many probabilities in real life involve more than one event

probability involving and and or mathbitsnotebook a2 Apr 01 2024 000 examine and in probability an outcome is in event a and b only when the outcome is in both event a and event b intersection in a venn diagram an element is in the intersection of a and b only when the element is in both sets rule for and when a and b are independent n a and b means the number of outcomes in both a and b
