1991

criteria for awarding school leaving certificates an international discussion focuses on formal and official evaluation of school learning and student achievement at the time schooling is discontinued the book is based on the proceedings of the 1977 conference of the international association for educational assessment held at the kenyatta conference center in nairobi kenya on may 23 28 1977 the selection first discusses school leaving examinations as a function of external and educational factors and the terms of reference for school leaving examinations the book also takes a look at the comparability of grading standards in public examinations in england and wales basic assessment issues in school leaving examination programs and the case for school leaving examinations in the netherlands the text reviews the alternatives to school leaving examinations in sweden and brazil as well as the abolition of final examination transition from secondary school to higher education and support structures the book also ponders on the structure of secondary school system in austria australia bermuda cyprus hong kong india and ireland the selection is a dependable reference for readers interested in school learning and student achievement measurements

## *Secondary School Examinations*

2016-06-06

summative assessment has been a contentious issue in educational circles for several decades particularly high stakes assessment events which arise at various junctures of the school cycle especially those at the end of it the french baccalaureat and english a levels and their numerous clones throughout the francophone and anglophone worlds are household names and represent milestone events in people s lives as their outcomes are principal determinants of young

people's future prospects these examinations are external they are devised conducted and processed by agencies outside the schools usually ministerial examination units as such they act as blind arbiters of student achievement providing the proverbial level playing field which ensures the comparability of outcomes in the pyramidal school structures of yesteryear examinations acted as filters regulating the progression of pupils to subsequent tiers of formal education exit points occurred from primary school level up from where unsuccessful candidates could enter the labour force and or embark on occupationally specific further education and training with the modernisation of the labour market and an ever higher social demand for access to higher levels of formal education the filtering function of examinations at lower levels of schooling has been gradually eroded while burgeoning numbers of students at the upper secondary level have brought about reforms that include curricular diversification and sometimes radical overhauls of terminating assessment systems including the modification and in some instances abandonment of external examinations this edited volume brings together the experiences of twenty examination systems from around the world to show how these dynamic entities have adapted over time to the changing context of schooling following an introduction by stephen p heyne of world bank repute there are sixteen chapters presenting country case studies which have been written up under common subheadings thereby highlighting the comparative nature of the work and facilitating cross referencing the subsequent four chapters elaborate on the theme of external examinations beyond national borders including a contribution by the international baccalaureate organisation a defining feature of the work is the attention it pays to what it calls the nuts and bolts of external examinations from question setting to grading procedures these are it is argued instrumental in nurturing and maintaining public confidence in external examinations the book will be of immense value to people involved in educational policy studies especially strategic educational planning as well as those directly concerned with formal assessment the work has been written to appeal to a wide audience of informed persons it is accessible to teachers and interested laypeople as well as to academics

## **The Certificate of Secondary Education: an Introduction to Objective Type Examinations**

1964

the first book to explore the development of singapore's much talked about education and examination system this volume juxtaposes examinations with its immediate context of education and wider context of politics economy and society the study covers three broad historical periods examinations in singapore from 1891 to 1945 the post war years from 1946 to the 1970s and charting our destiny from the 1980s to 2007 in the british period up to 1941 the local examinations were conducted by the vernacular schools and external examinations by the university of cambridge local examinations syndicate there was a lack of systematic effort to establish a uniform system of education and examinations during the japanese occupation examinations were conducted by the japanese authorities and unexpectedly the cambridge examinations continued in the sim road camp in the post war period and particularly after singapore was granted self government the establishment of a national education system was followed by the emergence of national examinations the primary school leaving examinations and the singapore cambridge gce n o a levels for every school going child in singapore thereafter the nature of national examinations evolved with the changing needs of education and the nation at the turn of the century with the ministry of education's decision to take greater control of examinations the singapore examinations and assessment board was established to oversee new developments in examinations unlike most literature on education where examinations are often

mentioned as an outcome of educational goals and objectives this book focuses on examinations per se examinations have gained a momentum of their own and it is interesting to note the development of examinations against the backdrop of the broader history of singapore and of education in singapore sample chapter s chapter 1 trace the development of examinations in singapore during the british colonial period up to 1941 3 043 kb examinations in singapore book launch 124 kb contents examinations in singapore 1891oco1945 trace the development of examinations in singapore during the british colonial period up to 1945 assess the impact of the japanese occupation on examinations in singapore what was the significance of the school certificate examination held in the simo road camp during the japanese occupation the post war years 1946oco1970s assess the development of education and examinations from the end of the japanese occupation to the attainment of self government in singapore why and how effective were the measures undertaken by the singapore government to establish central control over education and examinations in singapore in the 1960soco1970s the 1961 examination boycott illustrates the challenges in forging a national system of examinations do you agree charting our own destiny 1980soco2007 how effective had the goh keng swee s reforms in education and examination been in improving singapore s education system examine the key policy changes in singapore s education and examinations in response to the challenges of a rapidly changing and globalising world ocychange is more important than continuity in education and examinationsoco discuss readership academics and professionals in education and assessment general readership
