the routledge international handbook of critical education is the first authoritative reference work to provide an international analysis of the relationship between power knowledge education and

listening with the third ear the inner experience of a psychoanalyst (2023)

schooling rather than focusing solely on questions of how we teach efficiently and effectively contributors to this volume push further to also think critically about education's relationship to economic political and cultural power the various sections of this book integrate into their analyses the conceptual political pedagogic and practical histories tensions and resources that have established critical education as one of the most vital and growing movements within the field of education including topics such as social movements and pedagogic work critical research methods for critical education the politics of practice and the recreation of theory the freirian legacy with a comprehensive introduction by michael w apple wayne au and luis armando gandin along with thirty five newly commissioned pieces by some of the most prestigious education scholars in the world this handbook provides the definitive statement on the state of critical education and on its possibilities for the future

The Routledge International Handbook of Critical Education

2009-02-17

this handbook is the only major survey of critical theory from philosophical political sociological psychological and historical vantage points it emphasizes not only on the historical and philosophical roots of critical theory but also its current themes and trends as well as future applications and directions it addresses specific areas of interest that have forged the critical theory tradition such as critical social psychology aesthetics and the critique of culture communicative action and the critique of instrumental reason it is intended for those interested in exploring the influential paradigm of critical theory from multiple interdisciplinary perspectives and understanding its contribution to the humanities and the social sciences

The Palgrave Handbook of Critical Theory

2018-02-05

challenging the assumptions of mainstream international political economy ipe this handbook demonstrates the considerable value of critical theory to the discipline through a series of cutting edge studies the field of ipe has always had an inbuilt vocation within historical materialism with an explicit ambition to make sense from a critical standpoint of the capitalist mode of production as a world system of sometimes paradoxically and sometimes smoothly overlapping states and markets having spearheaded the growth of a vigorous critical scholarship in the 1960s and 1970s however marxism and neo gramscian approaches became increasingly marginalized over the course of the 1980s the authors respond to the exposure of limits to mainstream contemporary scholarship in the wake of the onset of the global financial crisis and provide a comprehensive overview of the field of critical international political economy problematizing socioeconomic and political structures and considering these as potentially transitory and subject to change the contributors aim not simply to understand a world of conflict but furthermore to uncover the ways in which purportedly objective analyses reflect the interests of those in positions of privilege and power

The Palgrave Handbook of Critical International Political Economy

2016-07-05

the routledge handbook of critical pedagogies for social work traverses new territory by providing a

listening with the third ear the inner experience of a psychoanalyst (2023)

cutting edge overview of the work of classic and contemporary theorists in a way that expands their application and utility in social work education and practice thus providing a bridge between critical theory philosophy and social work each chapter showcases the work of a specific critical educational philosophical and or social theorist including henry giroux michel foucault cornelius castoriadis herbert marcuse paulo freire bell hooks joan tronto iris marion young karl marx antonio gramsci and many others to elucidate the ways in which their key pedagogic concepts can be applied to specific aspects of social work education and practice the text exhibits a range of research based approaches to educating social work practitioners as agents of social change it provides a robust and much needed alternative paradigm to the technique driven conservative revolution currently being fostered by neoliberalism in both social work education and practice the volume will be instructive for social work educators who aim to teach for social change by assisting students to develop counter hegemonic practices of resistance and agency and reflecting on the pedagogic role of social work practice more widely the volume holds relevance for both postgraduate and undergraduate qualifying social work and human services courses around the world

The Routledge Handbook of Critical Pedagogies for Social Work

2020-01-20
