Loving the Stranger 2015-12-30

most american christians think that helping immigrants is a good idea in theory but few actually get involved in the ministry of welcome because they feel afraid concerned or overwhelmed by busyness loving the stranger addresses these fears in an understanding way answers these concerns in a way that will resonate regardless of people s political convictions and lays out simple ways to begin welcoming immigrants in the midst of our busy lives by simply welcoming them into our lives

A Wary Welcome 2017-04-11

americans are arguing fiercely over immigration does welcoming newcomers make us less or more safe does diversity dilute or enrich our culture how do immigrants affect our economy is our moral obligation to take in refugees and asylum seekers or to make sure that they don t make life harder for already established citizens in any way what does it mean to be an american this debate is as old as the united states this country was settled by successive waves of immigrants as each group established itself it began to wonder about newcomers this book is an introduction to the rich and tangled history of american immigrants and american responses to immigration

Wanted and Welcome? 2013-03-25

this book considers the origins performance and diffusion of national immigration policies targeting highly skilled immigrants unlike asylum seekers and immigrants admitted under family reunification streams highly skilled immigrants are typically cast as wanted and welcome as a consequence of their potential economic contribution to the receiving society and putative assimilability testing the degree to which this assumption holds is the principle aim of this book in contrast to publications which see highly skilled immigration as functional response to labor market needs the book probes the political and sociological dimensions of policy drawing on contributions from an international group of established and new scholars from the fields of history law political science sociology and public policy the book is organized into four parts part i probes the origins of post wii immigration policies in canada australia and the united states part ii analyzes recent debates on highly skilled immigration policy in the united states whose origins go back to the 1965 act by congress which favored family reunification over skilled immigration part iii considers the degree to which highly skilled immigrants are welcome by focusing on the integration trajectories of foreign trained professionals in canada paradoxically just as canada has succeeded in orienting its admissions system more explicitly toward privileging highly educated and skilled professionals highly skilled immigrants have experienced worsening economic outcomes as reflected in rates of unemployment and falling earnings part iv considers the internationalization of highly skilled immigration policies focusing on europe s most important immigration countries germany and britain as is true in canada the labor market outcomes for highly skilled immigrants in europe are disappointing and the final chapter discusses why this is the case and what might be done to improve matters given its combination of cross disciplinary insights cross national comparisons and empirical richness the book will be of interest to both scholars and policymakers concerned with immigration policy

Immigrant Students at School 2016-02-11

how school systems respond to immigration has an enormous impact on the economic and social well being of all members of the communities they serve whether they have an immigrant background or not immigrant students at school easing the journey towards integration reveals some of the difficulties immigrant students encounter and some of the contributions they offer as they settle into their new communities and new schools results from the oecd programme for international student assessment pisa indicate that students with an immigrant background tend to perform worse in school than students without an immigrant background several factors are associated with this disparity including the concentration of disadvantage in the schools immigrant students attend language barriers and certain school policies like grade repetition and tracking that can hinder immigrant students progress through school but successful integration is measured in more than academic achievement immigrant students well being and hopes for the future are just as telling this report examines not only immigrant students aspirations and sense of belonging at school but also recent trends in europeans receptiveness to welcoming immigrants into their own countries the context that could make all the difference in how well immigrant students integrate into their new communities the report includes a special section on refugees and education and an extensive discussion on education policy responses to immigration

Who are My Sisters and Brothers? 1996

companion publication geared for personal and group discussion and reflection with the goal of better welcoming those from other nations

The Warmth of the Welcome 2015-04-01

the allure of atlantic canada has been widely publicized to assorted targeted groups alongside colourful pictures of stunning seascapes communities in atlantic canada have promoted the region s purportedly high quality of life contrasting it with the challenges of big city life in the pitch to newcomers healthy and safe communities and a lower cost of living including lower housing prices are featured in the hope that these considerations will entice immigrants to move to and make new homes in the region but for immigrants especially how much of this is rhetoric and how much of this is reality is atlantic canada truly welcoming and what really makes it a home away from home for newcomers in the region the chapters in this volume underscore that a welcoming environment consists not simply of ordinary people s reception of and encounters with newcomers and immigrants in everyday life beyond this human warmth of the welcome in official literature and by the general public there are also several institutional and structural layers that constitute and frame such a welcoming environment favourable political economic conditions receptive community relations including inter ethnic group relations the existence of local national and transnational family networks and the presence of policies and practices that not only concern immigration settlement and integration but also around such issues as adequate accessible affordable housing or childcare these layers of welcome for immigrants and newcomers ultimately lead and correspond to the dimensions of a broadly defined notion of encompassing the intertwined and interrelated economic social political and emotional dimensions and processes of citizenship

Immigrant Integration 2014-05-05

examining the issues and challenges facing immigrants as they attempt to integrate successfully into canadian society immigrant integration is a multidisciplinary compendium of research papers most of which were presented at the 14th national metropolis conference held in toronto in 2012 this book addresses the growing economic and educational inequality among immigrants and racialized populations in canada and seeks to guard against further inequities the authors address policy issues newcomers health and well being cultural challenges and resilience in immigrant communities each chapter concludes with a clear set of policy recommendations indicating how those in government and the broader public private and non profit sectors can help newcomers integrate as well as welcome them as significantly contributing members of canadian society thorough and relevant this book includes the research of academics policy makers and experts from a wide range of disciplines including sociology immigration and settlement public policy social work and geography with a sense of urgency these essays illustrate the existing and developing strains that canadian public policy has created and will continue to create unless built upon the evidence current research has produced

Intergroup Misunderstandings 2013-02

this book examines how misunderstandings occur in intergroup interactions as a consequence of the divergences between interactants subjective realities i e interpretations goals and strategies and beyond their positive or negative intentions

The Rural-Migration Nexus 2023-03-11

this edited collection aims to examine the global rural relationship of migration that shapes rural places it does this by acknowledging that to understand the impact of the international migration global nexus it is essential to explore how it is experienced at a local level in the context of this book rural regions focusing on agribusiness and rural development as well as the othering of international migrants

and the shifting boundaries of belonging in rural spaces the chapters in this book examine how globalisation with migration being a constitutive feature influences different rural contexts in the global north and the impact this has on migrant populations chapters demonstrate the harsh lived experiences realities characterised by mental health issues and emotional labour for migrants occupational health and safety issues in the workplace and experiences of exclusion and racism from host communities these chapters taken together identify a rural migration nexus where the relationship between international migration and localised rural spaces are mutually constitutive

Jobs for Immigrants (Vol. 2) Labour Market Integration in Belgium, France, the Netherlands and Portugal 2008-11-03

Immigrant Faith 2014-08-22

immigrant faith examines trends and patterns relating to religion in the lives of immigrants the volume moves beyond specific studies of particular faiths in particular immigrant destinations to present the religious lives of immigrants in the united states canada and europe on a broad scale religion is not merely one aspect among many in immigrant lives immigrant faith affects daily interactions shapes the future of immigrants in their destination society and influences society beyond the immigrants themselves in other words to understand immigrants one must understand their faith drawing on census data and other surveys including data sources from several countries and statistical data from thousands of immigrant interviews the volume provides a concise overview of immigrant religion it sheds light on whether religion shapes the choice of destination for migrants if immigrants are more or less religious after migrating if religious immigrants have an easier adjustment or if religious migrants tend to fare better or worse economically than non religious migrants immigrant faith covers demographic trends from initial migration to settlement to the transmission of faith to the second generation it offers the perfect introduction to big picture patterns of immigrant religion for scholars and students as well as religious leaders and policy makers

Immigration and America's Cities 2016-03-02

generations ago immigrants came to the u s from europe and africa in large numbers today they are arriving mainly from latin america and asia most are documented but many are not while the federal and most state governments have done little beyond controlling borders and ports of entry to address pressing immigration issues public officials and community organizations at the local level have been advancing commonsense pragmatic solutions to accommodate the newest members of american society this collection of essays provides a handbook for developing good county and municipal level immigrant services the contributors cover a diverse range of trends issues and practices

including immigration reform language access identification and driver s licensing employment education voting public safety and legal assistance

Immigrants and Electoral Politics 2016-08-31

in immigrants and electoral politics heath brown shows why nonprofit electoral participation has emerged in relationship to new threats to immigrants on one hand and immigrant integration into u s society during a time of demographic change on the other immigrants across the united states tend to register and vote at low rates thereby limiting the political power of many of their communities in an attempt to boost electoral participation through mobilization some nonprofits adopt multifaceted political strategies including registering new voters holding candidate forums and phone banking to increase immigrant voter turnout other nonprofits opt to barely participate at all in electoral politics preferring to advance the immigrant community by providing exclusively social services brown interviewed dozens of nonprofit leaders and surveyed hundreds of organizations to capture the breadth of the immigrant experience brown selected organizations operating in traditional centers of immigration as well as new gateways for immigrants across the south florida illinois michigan new jersey new york and north carolina the stories that emerge from his research include incredible successes in mobilizing immigrant communities including organizations that registered sixty thousand new immigrant voters in new york they also reveal efforts to suppress nonprofit voter mobilization in florida and describe the organizational response to hate crimes directed at immigrants in illinois

Undocumented Immigrants in the United States [2 volumes] 2014-02-25

this two volume reference work addresses the dynamic lives of undocumented immigrants in the united states and establishes these individuals experiences as a key part of our nation s demographic and sociological evolution this two volume work supplies accessible and comprehensive coverage of this complex subject by consolidating the insights of hundreds of scholars who have studied the issues of undocumented immigration in the united states for years it provides a historical perspective that underscores the exponential growth of the undocumented population in the last three decades and presents a more nuanced more detailed and therefore more accurate portrait of undocumented immigrants than is available in general media also included are recommended resources that will serve researchers seeking more information on topics regarding undocumented immigrants

The End of Compassion 2020-12-17

this book brings together the most recent and the most comprehensive collection of articles on a population at risk the children of immigrants in the united states especially those children whose parents came to the country without legal authorization the end of compassion and the shift to temporary migration to source the labour needs of the american economy have brought in their wake a series of consequences some of which were predictable and others unexpected the chapters fully document the nature and implications of the enforcement initiatives implemented by the american government in recent years and their interaction with state policies and local contexts of reception this collection provides an exhaustive testimony of the severe conditions faced by unauthorized migrant families and their

children today and their repercussions in both countries of origin and those where they currently live the end of compassion will be of interest to researchers and academics studying migration in the united states and ethnic and racial studies and to advanced students of sociology public policy law and political science this book was originally published as a special issue of the journal ethnic and racial studies

Illegal Immigration 2015-09-22

a valuable resource for high school college and general readers this book provides an up to date comprehensive examination of illegal immigration in america addressing its complex history comparing its occurrence today with the past and explaining why a solution is so difficult to enact who is coming into the united states illegally and why what compels people to leave their country of origin is the united states responsible for taking care of the more than 11 million individuals who are here illegally are illegal immigrants helping or harming our nation s economy and infrastructure should our borders be secured as called for by many politicians this book examines the history of illegal immigration in the united states addressing the tough questions about the issue and describing in detail the most significant issues and events in recent decades it succinctly tackles the topic of illegal immigration without bias explores the myriad of problems and controversies that have arisen due to illegal immigration and explains how lawmakers have historically tried and continue to try to solve these issues this thoroughly revised and updated second edition of illegal immigration a reference handbook covers the debate over the vexing and seemingly intractable illegal immigration problem from all angles and updates the discussion to 2015 it covers the key court executive and legislative branch actions on the matter and examines both state and national level government attempts to cope with illegal immigration the book also contains a variety of primary source documents in summary format that cover all the key laws enacted presidential or state governor s executive actions taken and key court decisions since 1985 these documents not only provide factual data but also give context that allows readers to better grasp the complexity of the problem and the difficulty in trying to improve the situation through regulation

The Immigrant-Food Nexus 2020-04-07

the intersection of food and immigration in north america from the macroscale of national policy to the microscale of immigrants lived daily foodways this volume considers the intersection of food and immigration at both the macroscale of national policy and the microscale of immigrant foodways the intimate daily performances of identity culture and community through food taken together the chapters which range from an account of the militarization of the agricultural borderlands of yuma arizona to a case study of food policy council in vancouver canada demonstrate not only that we cannot talk about immigration without talking about food but also that we cannot talk about food without talking about immigration the book investigates these questions through the construct of the immigrant food nexus which encompasses the constantly shifting relationships of food systems immigration policy and immigrant foodways the contributors many of whom are members of the immigrant communities they study write from a range of disciplines three guiding themes organize the chapters borders cultural physical and geopolitical labor connecting agribusiness and immigrant lived experience and identity narratives and politics from local food to dietary acculturation contributors julian agyeman alison hope alkon fernandoj bosco kimberley curtis katherine dentzman colin dring sydney giacalone phoebe godfrey sarah d huang maryam khojasteh jillian linton pascale joassart marcelli samuel c h mindes laura anne minkoff zern christopher neubert fabiola ortiz valdez victoria ostenso catarina passidomo mary beth schmid sea sloat dianisi torres kat vang hannah wittman sarah wood

Immigrant Experiences 2018-08-15

immigrant experiences why immigrants come to the united states and what they find when they get here weaves together detailed historical and contemporary examples of immigration to the united states that move beyond hackneyed stereotypes about immigrants to give readers a fact based understanding of why and how immigration occurs discussing immigration from the 1800s to today ewing explores the motivations challenges and triumphs of various immigrant groups including the irish italians mexicans chinese and indians tackling issues of discrimination and assimilation this book looks at how immigrants have added to the american culture and way of life and what to expect going forward

Nationhood, Migration and Global Politics 2018-09-30

uses philosophical thinking on delayed cinema time and ethics to provide a new approach to reading film

The Integration of Immigrants into American Society 2016-04-17

the united states prides itself on being a nation of immigrants and the country has a long history of successfully absorbing people from across the globe the integration of immigrants and their children contributes to our economic vitality and our vibrant and ever changing culture we have offered opportunities to immigrants and their children to better themselves and to be fully incorporated into our society

and in exchange immigrants have become americans embracing an american identity and citizenship protecting our country through service in our military fostering technological innovation harvesting its crops and enriching everything from the nation s cuisine to its universities music and art today the 41 million immigrants in the united states represent 13.1 percent of the u s population the u s born children of immigrants the second generation represent another 37.1 million people or 12 percent of the population thus together the first and second generations account for one out of four members of the u s population whether they are successfully integrating is therefore a pressing and important question are new immigrants and their children being well integrated into american society within and across generations do current policies and practices facilitate their integration how is american society being transformed by the millions of immigrants who have arrived in recent decades to answer these questions this new report from the national academies of sciences engineering and medicine summarizes what we know about how immigrants and their descendants are integrating into american society in a range of areas such as education occupations health and language

Evaluating a Temporary Guest Worker Program 2004

printed for the use of the committee on the judiciary

Muslims in Europe 2018-10-18

atrocities by terrorists acting in the name of the islamic state are occurring with increasing regularity across western europe often the perpetrators are home grown which places the relationship between muslims and the countries in which they live under intense political and media scrutiny and raises questions about the success of the integration of muslims of migrant origin at the same time populist politicians try to shift the blame from the few perpetrators to the supposed characteristics of all muslims as a group by depicting islam as a threat that seeks to undermine liberal democratic values and institutions the research in this volume attempts to redress the balance by focusing

on the views and life experiences of the many ordinary muslims in their european societies of settlement and the role that cultural and religious factors play in shaping their social relationships with majority populations and public institutions the book is specifically interested in the relationship between cultural religious distance and social factors that shape the life chances of muslims relative to the majority the study is cross national comparative across the six main receiving countries with distinct approaches to the accommodation of muslims france germany britain the netherlands belgium and switzerland the research is based on the findings of a survey of four groups of muslims from distinct countries of origin turkey morocco the former yugoslavia and pakistan as well as majority populations in each of the receiving countries this book was originally published as a special issue of the journal of ethnic and migration studies

Urban and Regional Policy and its Effects 2012-02-02

the mission of the urban and regional policy and its effects series is to inform policymakers practitioners and scholars about the effectiveness of select policy approaches reforms and experiments in addressing the key social and economic problems facing today s cities suburbs and metropolitan areas volume four of the series introduces and examines thoroughly the concept of regional resilience explaining how resilience can be promoted or impeded by regional characteristics and public policies the authors illuminate how the walls that now segment metropolitan regions across political jurisdictions and across institutions and the gaps that separate federal laws from regional realities have to be bridged in order for regions to cultivate resilience contributors patricia atkins george washington university pamela blumenthal u s department of housing and urban development sarah ficenec george washington university alec friedhoff brookings institution kathryn foster university at buffalo suny juliet gainsborough bentley university edward hill cleveland state university kate lowe cornell university john mollenkopf graduate center city university of new york mai nguyen university of north carolina chapel hill manuel pastor university of southern california rolf pendall urban institute nancy pindus urban institute sarah reckhow michigan state university travis st clair george washington university todd swanstrom university of missouri st louis margaret weir university of california berkeley howard wial brookings institution harold wolman george washington university

Immigrant Entrepreneurship in Cities 2011-01-01

this book draws on evidence from global cities around the world and explores various dimensions of immigrant entrepreneurship and urban development it provides a substantive contribution to the existing literature in several ways first of all it pursues a comparative approach with case studies from both the global north and global south so as to broaden the theoretical framework in this area especially as pertinent to emerging economies second it covers multiple scales from local community place making to urban contexts of reception to

transnational networks and connections third it combines approaches and research methods from numerous disciplines investigating entry dynamics trends and patterns business performance challenges and the impact of immigrant entrepreneurship in urban areas finally it pays particular attention to current international experiences regarding urban policies on immigrant entrepreneurship given its scope the book will be an enlightening read for anyone interested in immigration entrepreneurship and urban development issues around the globe as global cities around the world continue to attract both domestic migrants and international migrants to their bustling metropolises immigrant entrepreneurship is emerging as an important urban phenomenon that calls for careful examination from chinatown in new york to silicon valley in san francisco to little africa in guangzhou immigrant owned businesses are not only changing the business landscape in their host communities but also transforming the spatial economic social and cultural dynamics of cities and regions

The Ethnically Diverse City 2009-01-01

presents a guide to the issues of immigration and migration including definitions primary sources important documents research tools organizations and notable persons

Immigration and Migration 2013-04-01

beginning in the 1990s the geography of latino migration to and within the united states started to shift immigrants from central and south america increasingly bypassed the traditional gateway cities to settle in small cities towns and rural areas throughout the nation particularly in the south one popular new destination nashville tennessee saw its hispanic population increase by over 400 percent between 1990 and 2000 nashville like many other such new immigrant destinations had little to no history of incorporating immigrants into local life how did nashville as a city and society respond to immigrant settlement how did latino immigrants come to understand their place in nashville in the midst of this remarkable demographic change in nashville in the new millennium geographer jamie winders offers one of the first extended studies of the cultural racial and institutional politics of immigrant incorporation in a new urban destination moving from schools to neighborhoods to nashville s wider civic institutions nashville in the new millennium details how nashville s long term residents and its new immigrants experienced daily life as it transformed into a multicultural city with a new cosmopolitanism using an impressive array of methods including archival work interviews and participant observation winders offers a fine grained analysis of the importance of historical context collective memories and shared social spaces in the process of immigrant incorporation lacking a shared memory of immigrant settlement nashville s long term residents turned to local history to explain and interpret a new latino presence a site where latino day laborers gathered for example became a flashpoint in nashville s politics of immigration in part because the area had once been a popular gathering place for area teenagers in the 1960s and 1970s teachers also drew from local historical memories particularly the busing era to make sense of their newly multicultural student body they struggled however to help immigrant students relate to the region s complicated racial past especially during history lessons on the jim crow era and the civil rights movement when winders turns to life in nashville s neighborhoods she finds that many latino immigrants opted to be quiet in public partly in response to negative stereotypes of hispanics across nashville long term residents however viewed this silence as evidence of a failure to adapt to local norms of being neighborly filled with voices from both long term residents and latino immigrants nashville in the new millennium

offers an intimate portrait of the changing geography of immigrant settlement in america it provides a comprehensive picture of latino migration s impact on race relations in the country and is an especially valuable contribution to the study of race and ethnicity in the south

Nashville in the New Millennium 2020-10-15

winner of the diversity inclusion and equality award at the business book awards 2021 underpinned by scholarship entertaining legrain s book fizzes with practical ideas the economist the beauty of diversity is that innovation often comes about by serendipity as scott page observed one day in 1904 at the world fair in st louis the ice cream vendor ran out of cups ernest hami a syrian waffle vendor in the booth next door rolled up some waffles to make cones and the rest is history filled with data anecdotes and optimism them and us is an endorsement of cultural differences at a time of acute national introspection by every measure from productivity to new perspectives immigrants bring something beneficial to society if patriotism means wanting the best for your country we should be welcoming immigrants with open arms

Them and Us 2023-10-24

available online pub norden org nord2023 033 the nordic migrant expert forum consist of experts with knowledge on integration in one or more of the following spheres the labour market education social and health care gender equality segregation democracy and citizenship they were all born elsewhere and migrated to a nordic country the members of the forum have been tasked with sharing their insights into the challenges faced by public authorities and other stakeholders as well as the solutions available when it comes to integration in the nordic region the forum contributes to the nordic council of ministers vision 2030 and especially to the priority of creating a socially sustainable nordic region these policy recommendations are the result of the experts input when asked what makes good integration in the nordic region
