School Enrollment, Social and Economic Characteristics of Students 1991 red saxony throws new light on the reciprocal relationship between political modernization and authoritarianism in germany over the span of six decades election battles were fought so fiercely in imperial germany because they reflected two kinds of democratization social democratization could not be stopped but political democratization was opposed by many members of the german bourgeoisie frightened by the electoral success of the social democrats after 1871 anti democrats deployed many strategies that flew in the face of electoral fairness they battled socialists liberals and jews at election time but they also strove to rewrite the electoral rules of the game using a regional lens to rethink older assumptions about germany s changing political culture this volume focuses as much on contemporary germans perceptions of electoral fairness as on their experiences of voting it devotes special attention to various semi democratic voting systems whereby a general and equal suffrage for the reichstag was combined with limited and unequal ones for local and regional parliaments for the first time democratization at all three tiers of governance and their reciprocal effects are considered together although the bourgeois face of german authoritarianism was nowhere more evident than in the kingdom of saxony red saxony illustrates how other germans grew to fear the spectre of democracy although twists and turns lay ahead that fear made it easier for hitler and the nazis to win elections in the 1920s and to entomb german democracy in 1933

1970 Census of Population: National origin and language 1972 the story follows the life of debora and her sister as they were suddenly without warning transplanted from their comfortable home and familiar surroundings to an unimaginably wretched place we will call slotpot their lives were turned upside down from a comfortable home of six rooms to a two room slave house the family shared with an elderly tightwad of an uncle he made them burn a kerosene lamp so they wouldn t make the light bill go up in winter if they went into the kitchen they had to dress full blastcoat boots the works in the summer every now and then a snake would make its appearance crossing the spacey cross ties that was used to build the kitchen floor if you think that was something the people of slotpot were unbelievable everybodyand i do mean everybodychewed tobacco the youngest debora saw was three nevertheless slotpot would be called home for the next eight months which seemed like a lifetime

Census of Population: 1960 1960 special edition of the federal register containing a codification of documents of general applicability and future effect with ancillaries
