this collection in honor of susan m gass focuses on interaction in second language acquisition from multiple perspectives it includes contributions from many international experts in the field of sla

providing new insights explanations discussion and suggestions for further research the goal of this collection is to provide an enriching discussion of how the interaction research tradition is viewed in a range of different approaches to learning and teaching second languages book jacket

Teaching Modern Foreign Languages at Advanced Level

2002-11-01

designed to complement learning to teach modern foreign languages in the secondary school this book focuses specifically on the skills and processes of teaching mfl at a and a s level in schools and colleges the book is divided into three sections the changing nature of a and a s level courses bridging the gap between gcse and a level and planning teaching and assessment with chapters on learner independence teaching and learning grammar planning topics and programmes of work working with literature and vocational alternatives the book will be an essential text for all secondary mfl students and teachers

Working Collaboratively in Second/Foreign Language Learning

2021-01-18

since the introduction of communicative language teaching collaborative learning has played an important role in the second language L2 classroom drawing from sociocultural theory which states that human cognitive development is a socially situated activity mediated by language studies in L2 pedagogy advocate the use of tasks that require learners to work together collaborative dialogue encourages language learning and research shows that the solutions reached by students in this process are more often correct with a lasting influence on their language comprehension this volume includes ten chapters that illustrate the benefits of collaborative dialogue in second foreign language classrooms the volume considers key issues dealing with collaborative tasks and implications for language teaching

Principle and Practice in Applied Linguistics

1995-07-20

this volume provides a wide ranging overview of the diverse issues in applied linguistics today the contributors consider the relation of their own areas of enquiry both to professional practice and to the discipline as a whole

Planning and Task Performance in a Second Language

2005-01-01

the last decade has seen a growing body of research investigating various aspects of L2 learners performance of tasks this book focuses on one task implementation variable planning it considers theories of how opportunities to plan a task affect performance and tests claims derived from these theories in a series of empirical studies the book examines different types of planning i e task rehearsal pre task planning and within task planning addressing both what learners do when they plan and the effects of the different types of planning on L2 production the choice of planning as the variable for investigation in this book is motivated both by its importance for current theorizing about L2 acquisition in particular with regard to cognitive theories that view acquisition in terms of information processing and its utility to language teachers and language testers for unlike many other constructs in SLA planning lends itself to external manipulation the study of planning then provides a suitable forum for demonstrating the interconnectedness of theory research and pedagogy in SLA

Second Language Interaction in Diverse Educational Contexts

2013

this volume brings together empirical research that explores interaction in a wide range of educational settings it includes work that takes a cognitive brain based approach to studying interaction as well as studies that take a social contextual perspective interaction is defined quite broadly with many chapters focusing on oral interaction as is typical in the field while other chapters

report work that involves interaction between learners and technology several studies describe the linguistic and discourse features of interaction between learners and their interlocutors but others demonstrate how interaction can serve other purposes such as to inform placement decisions the chapters in the book collectively illustrate the diversity of contemporary approaches to interaction research investigating interactions with different interlocutors learner learner learner teacher in a variety of environments classrooms interactive testing environments conversation groups and through different modalities oral and written face to face and technology mediated

Language Across Boundaries

2005-11-17

language across boundaries is a selection of papers from the millennium conference of the british association of applied linguistics the thirteen papers are written by applied linguists from britain mainland europe the usa australia and singapore working in a variety of sub disciplines of the field the boundaries of the title have been widely interpreted and the book reflects a spectrum of research ranging from work on the linguistic repercussions of individual and group identity boundaries to work dealing with ways of crossing national and cultural boundaries through language learning and language mediation in the form of translation included in the volumes are the plenary papers given by jennifer coates well known for her work on language and gender on the expression of alternative masculinities and by bencie woll holder of the first chair of sign language and deaf studies in the uk on the insights to be gained from sign language in exploring language culture and identity

Language Across Boundaries

2005-04-01

Becoming and Being an Applied Linguist

2016-10-03

becoming and being an applied linguist contains narrative accounts of the lives of thirteen well established applied linguists their professional autobiographies document the development of some of the key areas of applied linguistics second language acquisition motivation grammar vocabulary

testing second language writing second language classroom research practitioner research english as a lingua franca teacher cognition and computer assisted language learning the book tells how these applied linguists grew into their areas of specialization it will be of interest to any would be applied linguist the book also provides a readable overview of the whole field that will be of value to students of applied linguistics

Handbook of Second and Foreign Language Writing

2016-09-12

the handbook of second and foreign language writing is an authoritative reference compendium of the theory and research on second and foreign language writing that can be of value to researchers professionals and graduate students it is intended both as a retrospective critical reflection that can situate research on L2 writing in its historical context and provide a state of the art view of past achievements and as a prospective critical analysis of what lies ahead in terms of theory research and applications accordingly the handbook aims to provide i foundational information on the emergence and subsequent evolution of the field ii state of the art surveys of available theoretical and research basic and applied insights iii overviews of research methods in L2 writing research iv critical reflections on future developments and iv explorations of existing and emerging disciplinary interfaces with other fields of inquiry

L2 Writing Development: Multiple Perspectives

2012-04-26

the aim of this pioneering volume is to advance our understanding of written language learning in instructed sla by offering a collection of empirical studies in which the contribution of diverse theoretical perspectives to our understanding of l2 writing development will be explored as such the book represents a further attempt to situate written language learning at the core of applied linguistics research in general and sla research in particular hence attempting to redress the oral bias of theoretical and empirical work in these fields it adds a further building block onto recent tesol initiatives aimed at understanding development in second and foreign language learning continuity from one chapter to another is provided by adherence to a consistent chapter model the volume will be of great interest to academics in the disciplines of second foreign language acquisition sla and second foreign language l2 writing

Shakespeare and Complexity Theory

2017-06-27

in this new monograph claire hansen demonstrates how shakespeare can be understood as a complex system and how complexity theory can provide compelling and original readings of shakespeare s plays the book utilises complexity theory to illuminate early modern theatrical practice shakespeare

pedagogy and the phenomenon of the shakespeare myth the monograph re evaluates shakespeare his plays early modern theatre and modern classrooms as complex systems illustrating how the lens of complexity offers an enlightening new perspective on diverse areas of shakespeare scholarship the book s interdisciplinary approach enriches our understanding of shakespeare and lays the foundation for complexity theory in shakespeare studies and the humanities more broadly

Domains and Directions in the Development of TBLT

2015-11-15

this volume brings together contemporary position statements and research reviews which were originally presented as plenary addresses to the biennial international conference on task based language teaching between 2005 and 2013 it thus assembles up to date reflections critiques and recommendations from influential researchers working within the tblt paradigm over the last 30 years thereby also highlighting most of the major theoretical perspectives so far developed while the plenarists structured their chapters around their original presentations they have been invited to update their thinking as they feel appropriate and in response to recent developments in the field the collection thus offers representative and accessible coverage of a range of approaches to the overall philosophy of tblt to the relationship between tblt and the study of second language acquisition and to the development and implementation of tblt as a comprehensive approach to language education curriculum and pedagogy

Peer Interaction and Second Language Learning

2013-11-07

peer interaction and second language learning synthesizes the existing body of research on the role of peer interaction in second language learning in one comprehensive volume in spite of the many hours that language learners spend interacting with peers in the classroom there is a tendency to evaluate the usefulness of this time by comparison to whole class interaction with the teacher yet teachers are teachers and peers are peers as partners in interaction they are likely to offer very different kinds of learning opportunities this book encourages researchers and instructors alike to take a new look at the potential of peer interaction to foster second language development acknowledging the context of peer interaction as highly dynamic and complex the book considers the strengths and limitations of peer work from a range of theoretical perspectives in doing so peer interaction and second language learning clarifies features of effective peer interaction for second language learning across a range of educational contexts age spans proficiency levels and classroom tasks and settings

Writing Essays in English Language and Linguistics

2012-03

a comprehensive and very readable resource to help students of english language and linguistics

write essays projects and reports

Translation and Translating in German Studies

2016-11-08

translation and translating in german studies is a collection of essays in honour of professor raleigh whiting a well loved scholar of german literature an inspiring teacher and an exceptional editor and translator its twenty chapters written by canadian and international experts explore new perspectives on translation and german studies as they inform processes of identity formation gendered representations visual and textual mediations and teaching and learning practices translation as a product and translating as a process function both as analytical categories and as objects of analysis in literature film dance architecture history second language education and study abroad experiences the volume arches from theory and genres more traditionally associated with translation i e literature philosophy to new media dance film and experiential education and identifies pressing issues and themes that are increasingly discussed and examined in the context of translation this study will be invaluable to university and college faculty working in the disciplines in german studies as well as in translation cultural studies and second language education its combination of theoretical and practical explorations will allow readers to view cultural texts anew and invite educators to revisit long forgotten or banished practices such as translation in auto biographical writing and in the german language classroom

Language Play, Language Learning

2000-02-03

this book has two related purposes the first is to demonstrate the extent and importance of language play in human life the second is to draw out the implications for applied linguistics and language teaching language play should not be thought of as a trivial or peripheral activity but as central to human thought and culture to learning creativity and intellectual enquiry it fulfils a major function of language underpinning the human capacity to adapt as individuals as societies and as a species

British Education Index

2004

written by leading second language acquisition theorists explains the importance of sociocognition in relation to current second language acquisition sla theories describes the effectiveness of different forms of classroom feedback covers the interpersonal aspects of language learning and interaction in a variety of classroom and naturalistic settings recommended reading for applied linguistics graduates sla researchers language teachers and trainee teachers

til death explores the conflict that male and females experience in relationships especially marriage part one examines the theological and moral aspects of male female relationships part two is a love story where differing moral values clash and its consequences

Applied Linguistics

1980

what is second language acquisition in recent years there has been a notable increase in the number of publications discussing and debating issues surrounding sla in the social turn in second language acquisition david block critically examines the key assumptions behind this research he unpacks and analyses the way the key components of sla are commonly understood asking what is meant by the terms second language and acquisition block discusses a wide variety of research by applied linguists and those working in sla who have drawn on recent developments in social theory in their attempts to make sense of language practices and language learning the main thread running through the text is the suggestion that sla researchers need to concern themselves not only with language learning as an individual and primarily cognitive process but also as a sociohistorically situated phenomenon this book is written for applied linguists and students on applied linguistics courses who are familiar with recent developments in the field of sla features new ideas about sla and a useful critique of the field readable style includes an extensive bibliography of over 400 sources
