factory shut down of uk interceptor production various models were still being built for export to the usa then beginning in march 1967 the company went through a number of significant changes in manufacturing location management ownership rights and mergers however it is known that in 1964 the usa interceptor became the tt model the custom model was added in 1965 and the gt in 1966 consequently it is very likely that the interceptor models produced for the usa during the 1966 1967 uk market shut down included the custom and the tt and gt variants there were two mk1a models produced for the usa market the tt7 scrambler and the gp7 road racer the final uk usa model the mk2 was introduced for 1968 and remained in production through mid 1970 the cover image is a 1970 mk2 and the previous optional air cleaner oil cooler skid plate and seat rail were all fitted as standard equipment however the larger fuel tank was still an option in order to help identify the subtle differences between the uk and the usa models the reader is encouraged to review all three parts manuals and both workshop manuals prior to performing any adjustments or repairs it should be noted that the mk2 workshop manual contains information that is also specific to the earlier models including the mk1 cx 2000 cx 2200 cx 2400 cx 25 saloon estate petrol 2 0 litre 1985cc 2 2 litre 2175cc 2 3 litre 2347cc 2 5 litre 2500cc ohv inc turbo does not cover 2 0 litre 1995cc or 2 2 litre 2165cc ohc engines fitted to cx 20 cx 22 athena some reflex models haynes offers the best coverage for cars trucks vans suvs and motorcycles on the market today each manual contains easy to follow step by step instructions linked to hundreds of photographs and illustrations included in every manual troubleshooting section to help identify specific problems tips that give valuable short cuts to make the job easier and eliminate the need for special tools notes cautions and warnings for the home mechanic color spark plug diagnosis and an easy to use index this repair manual covers bmw r850 r1100 and r1150 4 valve twins including r850r uk 1995 2004 us 1996 2004 r850gs uk us 1999 2001 r1100gs uk 1994 2000 us 1995 2000 r1150gs uk us 2000 2003 r1150gs adventure uk us 2002 2004 r1100r uk us 1995 2001 r1150r uk us 2001 2004 r1150r rockster uk us 2003 2004 r1100rs 1993 2002 us 1994 2002 r1150rs uk us 2002 2004 r1100s uk us 1999 2004 r1100ss uk us 1999 2004 r1100rt uk us 1996 2001 r1150rt uk us 2001 2004 note covers all special edition and anniversary models the lola t70 was developed in 1965 for sports car racing lola built the chassis which were typically powered by large american v8 engines predominantly chevrolets and fords the t70 was prolific throughout the mid to late 1960s and over 100 examples were built in three versions both open topped and coupé models the first successes for the t70 were in the us and in 1966 the t70 dominated the can am championship winning five of the six races in the series with john surtees becoming champion in a chevrolet powered example in 1968
