jesus modeled leadership by living and walking with his disciples everyday people and the religious leaders of his day you can emulate his leadership style by changing the traditional hierarchical pulpit based leadership model of most western churches to a more relational form of leading from among the people this leadership style involves participating in the chaos of real two way relationships yet bringing order by training and discipling in the midst of chaordic interaction where would jesus lead is about leading among rather than leading from or leading over or leading from titles positions or assumed roles author and ministry leader gary goodell believes it is time to transition to a more collaborative style of leading one of coming alongside people for the people s sake and empowering them to achieve their personal god given destiny thinking prophetically the author courageously contends that interactive relationships that are purposeful yet inherently

chaotic are ones to be joyfully embraced but as he went the multitudes thronged him jesus now a woman touched the border of his garment she declared to him in the presence of all the people the reason she had touched him and how she was healed immediately and he said to her daughter be of good cheer your faith has made you well go in peace luke 8 42 48 nkjv practical ideas and applications regarding how to carry out this vision in one on one relationships and in small groups are expertly presented emphasis on deeper more effective relationships is god s heart for the church in america today

the problem with preachers the similitude of preaching preying and pimping by dawud aasiya bey dawud aasiya bey was born in washington d c and his parents relocated to long island ny when he was four years old he grew up with three brothers in a town called wyandanch in the town of babylon as a child he attended a private parochial middle school in deer park ny which had a church on the campus and this is where his first experience of attending mass occurred he felt that the school was a strict environment because it seemed that minor infractions resulted in punishments that simply did not fit the wrongdoing he envisioned church as a place where people would be friendly and kind but such was not the case as sisters and fathers seemed to roam the school campus like their goal in life was to catch someone doing something wrong dawud now lives in murrieta california with his wife and son which is a small city about 60 miles north of san diego he is currently in the teaching vocation as a biology teacher and has been doing so for over sixteen years prior to teaching he worked in the it field which was a volatile environment back in 2000 requiring head hunters to find contractual b2b jobs which were three to six months at best as outsourcing was the norm such instability introduced him to the teaching profession as he was a substitute teacher between his it contract jobs his involvement in the church community as a musician bassist allows him to experience the church dynamic from a musician for hire perspective while continuing his passion for playing music that centers on worship being behind the scenes and playing in ministries throughout the years has given him more insight as playing at churches conferences and gospel events allowed him to observe the networking conversations and sentiments that took place amongst ministries he feels that the lifestyles and views of some preachers contradict what jesus taught in the bible
