two delicious tales of terror to tingle the spine the warmth of blood by natasha duncan drake frank and his friends are gathered to celebrate their ten year reunion after leaving university only the party doesn't go as planned when one of the guests is killed in a gruesome manner with the land line down and mobiles no use they must summon help and keep each other safe from forces unknown as fear surrounds them mirror twins by sophie duncan the local manor has a gruesome ghost story about twin sisters who died a bloody death kate and mindy are celebrating their 18th birthday within its walls on halloween friends who are as close as sisters ready to recreate the tragedy as a prank on all their guests it can only end in terror spooks werewolves and demons haunt these 13 tales that will leave you shuddering with fright enjoy the spine tingles as you read a cautionary tale about not playing with any old deck of cards however innocent they may seem wallow in the horror of a she demon stalking her victims or a werewolf discovering there are things weirder than himself or maybe you'd like to chuckle at the chill on the back of your neck as you spend time with a hair raising highwayman 13 tales of terror 13 scares read them we dare you pj sugar receives shocking news that she has inherited the kellogg family mansion though she has no idea why the timing is perfect pj has clearly worn out her welcome at her sister's house unfortunately antenna theory is in shambles and pj is short on cash rescue comes and the

form of max smith a mysterious handyman willing to trade his services for pj s investigative skills but pj already has a full docket with cramming for her pi license and nurturing a growing romance with her boss jeremy kane can she take on max s case without dropping the ball this collection bundles all 3 volumes of susan may warren s delightful pj sugar series together in one e book for a great value nothing but trouble it s not fair to say that trouble happens every time pj sugar is around but it feels that way when she returns to her home town looking for a fresh start within a week her former teacher is murdered and her best friend s husband is arrested as the number one suspect although the police detective investigating the murder who also happens to be pj s former flame is convinced it s an open and shut case pj s not so sure she begins digging for clues in an effort to clear her friend s husband and ends up reigniting old passions uncovering an international conspiracy and solving a murder along the way she also discovers that maybe god can use a woman who never seems to get it right double trouble with one solved case under her belt pj sugar is ready to dive into her career as a private investigator or at least a pi s assistant until she can prove herself to jeremy kane her new boss suddenly pj s seeing crime everywhere but is it just in her head or can she trust her instincts when she takes on her first official case house sitting for a witness in protective custody jeremy assures her there s no danger involved but it soon becomes clear that there is someone after the witness and now they re after pj too licensed for trouble pj sugar receives shocking news that she s inherited the kellogg family mansion though she has no idea why the timing is perfect pj has clearly worn out her welcome at her sister s house unfortunately the mansion is in shambles and pj is short on cash rescue comes in the form of max smith

mysterious handyman willing to trade his services for pj s investigative skills but pj already has a full docket with cramming for her pi license and nurturing a growing romance with her boss jeremy kane can she take on max s case without dropping the ball a tragedy in early june sets off a cascade of deception for the summer people from manhattan and the local teens on grand isle the first work to propose a comprehensive musicological framework to study sound based music a rapidly developing body of work that includes electroacoustic art music turntable composition and acoustic and digital sound installations the art of sound organization also known as electroacoustic music uses sounds not available to traditional music making including prerecorded synthesized and processed sounds the body of work of such sound based music which includes electroacoustic art music turntable composition computer games and acoustic and digital sound installations has developed more rapidly than its musicology understanding the art of sound organization proposes the first general foundational framework for the study of the art of sound organization defining terms discussing relevant forms of music categorizing works and setting sound based music in interdisciplinary contexts leigh landy s goal in this book is not only to create a theoretical framework but also to make the work more accessible to suggest a way to understand sound based music to give a listener what he terms something to hold on to for example by connecting elements in a work to everyday experience landy considers the difficulties of categorizing works and discusses such types of works as sonic art and electroacoustic music pointing out where they overlap and how they are distinctive he proposes a sound based music paradigm that transcends such traditional categories as art and pop music landy and design

patterns that suggest a general framework and places the studies of sound based music into interdisciplinary contexts from acoustics to semiotics proposing a holistic research approach that considers the interconnectedness of a given work s history theory technological aspects and social impact the author s electroacoustic resource site ears ears dmu ac uk the architecture of which parallels this book s structure offers updated bibliographic resource abstracts and related information hurt and pain literature and the suffering body examines the strategies authors have used to portray bodies in pain drawing on a diverse range of literary texts from the seventeenth century to the present day susannah b mintz provides readings of canonical writers including john donne emily dickinson and samuel beckett alongside contemporary writers such as ana castillo and margaret edson focusing on how pain is shaped according to the conventions and also experiments of genre poetry memoir drama and fiction with insights from disability theory and recent studies of the language of pain mintz delivers an important corrective to our most basic fears of physical suffering revealing through literature that pain can be a source of connection compassion artistry and knowledge not only an important investigation of authors formal and rhetorical choices hurt and pain reveals how capturing pain in literature can become a fundamental component of crafting human experience an award winning photographer celebrates kentucky s bourbon heritage with this tour of historic distilleries across the bluegrass state whiskey making has been an integral part of american history since frontier times but the craft of making bourbon was perfected in the bluegrass region before prohibition began kentucky was home to more than two hundred commercial distilleries while many are back in operation today many more are closing

dormant while others are being modernized for contemporary use in the birth of bourbon award winning photographer carol peachee takes readers on an unforgettable tour of lost distilleries as well as facilities undergoing renewal such as the famous old taylor and james e pepper distilleries in lexington kentucky this beautiful book also includes spaces that well known brands including maker s mark woodford reserve four roses and buffalo trace have preserved in homage to their rich histories using a technique known as high dynamic range imaging a process that produces rich saturation intensely clarified details and a full spectrum of light peachee reveals the vibrant life lingering in artifacts from worn cypress fermenting tubs to extravagant copper stills as a young adult katie eberhart moved to cabin 135 a house on a knoll in remote alaska over the next decade growing up and growing into her home she found herself thinking through her ever changing ideas about aging and place a lot of which were wrapped up closely in her experience of living in the house itself cabin 135 provided shelter and security and it also offered lessons on economic disruptions and how ideas of normalcy change in these pages we share eberhart s experience of digging into the past figuratively and in her garden at an archaeology site and in a national park literally every layer peeled back we find reveals another story another way of thinking about nature and the past our own and that of others in greenhouse and garden yard forest and more distant places a beach in southeast alaska the arctic coast swiss alps iceland and even biosphere 2 in arizona eberhart engages with the world around her and through it reflects on her own experiences and journey through life offering a journey of wonder and curiosity through the author s mind a house structure and other places cabin 135 is a deft combination of nature and design

nature writing rich with thought and full of appreciation for and profound concerns about the world and our place in it in this moving witty novel author maureen leurck explores the intricacies and joys of renovation and rediscovery as one woman s improvement project promises to transform much more than a home people keep a house alive not the other way around alex proctor has seen the truth of this in every empty rundown property she s bought and renovated since her divorce almost three years ago she s also experienced the thrill of making each one into a home her newest project is a dilapidated century old house just a few blocks from geneva lake wisconsin time and neglect along with rats and raccoons have ravaged it inside and out only alex can see the beauty of what it once was and might become again in just a few weeks by the time the cicadas make their scheduled reappearance after seventeen years underground the house should be ready to sell in the meantime there are construction disasters and surprises to contend with amid overgrown grounds and rooms brimming with debris alex finds treasures pocket doors hardwood floors hidden beneath layers of linoleum and grime and carved initials that reveal a long ago love story involving alex s elderly neighbor elsie and another cicada summer at the same time alex finds herself searching for a way to reconcile her new life with lingering feelings for her ex husband for so long she felt sure that moving on was the only option but maybe this house and everything she s learning in it could give alex room for a second chance a captivating novel about the power of redemption jen lancaster new york times bestselling author is love worth risking everything for rose guthrie a reluctant erotic dancer hasn t trusted anyone since her parents death yet to make money for her brother s heart transplant she agrees to deliver a sealed box to a mysterious man

until the box and the seller disappear not surprised by the betrayal her situation becomes more dangerous when she learns that two deadly enemies also want the box and are willing to kill everyone she loves for it with one clue left she breaks into doom savannah s violent illegal fight club unfortunately doom s referee the sexy ex army ranger kade dolan stands in her way although she harbors a secret attraction to kade she can t let him stop her if she doesn t deliver the box on time she ll lose everything including her own life rose doesn t trust ex army ranger ex con kade dolan but that s okay he doesn t trust himself either why because he lies to everyone about everything including his time in leavenworth and his job as an illegal fight club referee then there are his two side gigs the first as an informant for the prince the leader of a secret two thousand year old private army the second loving from afar the beautiful secretive rose guthrie after the prince discovers rose is the courier of a lost 18th century artifact he orders kade to help her find the box before their greatest enemy does if they succeed kade must return it to the prince if they fail kade must kill her betrayal or death when faced with an impossible choice kade can t lie anymore at least not when it comes to what he s about to do the woman he loves but when rose uncovers kade s lies they learn a terrible truth the 18th century box holds a secret far deadlier than they imagined a secret that could destroy them all love s last kiss a standalone novel in the deadly force romantic suspense series occurs between every deep desire book 1 and one dark wish book 2 the deadly force series 1 every deep desire 2 one dark wish 3 in search of truth praise for every deep desire every deep desire is phenomenal every deep desire is a modern romeo and juliet story filled with action and passion that will leave you breathless a must read for lovers of spine tingling

suspense and endless love inspired storytelling joyfully reviewed if you are in the mood for a complex dark and chilling thriller then wray has just the book for you in her brand new deadly force series when it comes to the motivations of her characters nothing is black and white an excellent start to what looks like to be a darkly compelling series romantic times this book focuses on the economics of smart meters and is one of the first to present comprehensive evidence on the impacts cost benefits and risks associated with smart metering throughout this volume jacopo torriti integrates his findings from institutional cost benefit analyses and smart metering trials in a range of european countries with key economic and social concepts and policy insights derived from almost ten years of research in this area he explores the extent to which the benefits of smart meters outweigh the cost and poses key questions including which energy savings can be expected from the roll out of smart meters in households is cost benefit analysis an appropriate economic tool for assessing the impacts of smart metering rollouts can smart meters play a significant role in research on people s activities and the timing of energy demand torriti concludes by providing a much needed survey of recent changes and expected future developments in this growing field this book will be of great interest to students and scholars of energy policy and demand and smart metering infrastructure hurricanes floods wildfires tornadoes weather is becoming extreme and this book tells you how to plan ahead and prepare respond to emergencies and survive the worst case scenarios from the risks of building on changing coastlines to the safety kit you should have packed up at home from the telltale signs of a hurricane on the horizon to how to power up when the grid goes down this will be the one book to carry with you through

of bad weather divided into four sections hot cold wet dry each chapter includes a level headed discussion of current weather extremes facts and details on conditions and theories for why these changes are occurring dos and don ts for inside and outside and gives at a glance guidance for how to prepare for survive and recover from every extreme sidebar features include gears and gadgets protecting your pet and firsthand accounts from survivors and the experts who help them spectacular photographs of wicked weather plus useful checklists and how to illustrations make page after page both useful and entertaining even when you re contemplating the unthinkable this is the definitive book for developers who want to learn to use the new fusebox application framework for developing web applications written by co authors of the fusebox specification the book assumes no previous knowledge of fusebox explores the important role of the brain in both the experience of pain and its resolution pain is a product of the brain which announces it after being warned by a small army of nociceptors stationed throughout the body always on alert for any threat to the overall system but there can be glitches in that process chronic pain often occurs when the brain remembers pain even though the condition that caused it may have been dealt with and resolved still pain is misunderstood by many including both sufferers and the physicians they seek out to treat it in recent years though new light has been shed on just what causes pain how it is experienced in the body how it can go haywire and how it can be resolved pain may no longer be just a symptom of some other malady in some cases it becomes a condition all to itself here dr akhtar purvez a seasoned physician dedicated to the study and treatment of pain offers a comprehensive view of how chronic pain is felt transmitted and modified by the nerves and the brain he explores the

interplay of the physiological anatomical and emotional aspects of pain in addition to the mental health aspects cultural differences and the role of addiction in pain sufferers alongside this enlightening overview dr purvez provides hope to readers as he details ways of treating pain and the new approaches that are becoming available we all experience physical pain at some point in our lives but no longer does it have to rule our lives or impact our functioning or overall wellness if we can find the right ways to understand and treat it this work is the starting point a book discussing the work of leading paranormal investigator jayne harris and her studies into haunted objects see jayne s youtube video which has achieved over one million views in just one week you tube c7cutzxvdhi five windows into hell five doorways into damnation from pencil tip publishing comes grave warnings an anthology featuring five upcoming authors of the strange and weird journey into the eerie emptiness of the australian outback where a researcher gets too close to the insects he s cataloguing travel back to the blood drenched streets of paris during the great terror where ghosts haunt the survivors a haunted house lays claim to fresh victims while a strange new housemate worms his way into his landlord s life while a deceased estate in victorian england brings nightmares to those linked to it grave warnings features stories from sarah parry hamish crawford jodie van de wetering craig charlesworth and hannah parry edited by bob furnell robert mammone jez strickley have you ever wondered what it would be like to able to control time not by using a time machine the actual manipulation of temporal flow by sheer mind power brian fox knows all about this topic he is a timejockey one of a small number of people blessed or maybe cursed with this ability cursed because his children and then his wife are hijacked and

timejacked by terrifying individuals who wish fox to use his temporal capabilities to perform a little task for them a task that could possibly mean the end of the universe blessed because only by the use of these capabilities can he save the ones he loves and incidentally the universe the timejack storyline spans from the twentieth to the twenty seventh century and if not quite across the galaxy at least along most of our spiral arm along the way various strange and interesting characters are encountered from the amazingly cute and pixiesque m phtl to the appalling lardhead by way of jenny carter down to earth english rose and nanny to the fox household the action includes hand to hand combat use of puns sword fights gun fights and even a space battle a reese witherspoon book club pick and instant new york times bestseller marple meets succession sunday times if rich terrible people behaving appallingly is your jam then the club is the book for you marian keyes there s no place like home the home group is a collection of ultra exclusive private members clubs and a global phenomenon and the opening of its most ambitious project yet island home a forgotten island transformed into the height of luxury is billed as the celebrity event of the decade but as the first guests arrive the weekend soon proves deadly because it turns out that even the most beautiful people can keep the ugliest secrets and in a world where reputation is everything they ll do anything to keep it if your name s on the list you re not getting out for fans of the white lotus and big little lies ellery lloyd s the club is an exhilarating addictive read telling a story of ambition excess and what happens when people who have everything or nothing to lose are pushed to their limit one of the most riveting books i ve read in a long time louise candlish author of our house smart topical and timely by entertaining t m logan author of the holiday glitz and

a pulitzer prize finalist this powerful elegy for our
disappearing coast captures nature with precise words that
almost amount to poetry the new york times hailed as the
book on climate change and sea levels that was missing
chicago tribune rising is both a highly original work of lyric
reportage and a haunting meditation on how to let go of
the places we love with every record breaking hurricane it
grows clearer that climate change is neither imagined nor
distant and that rising seas are transforming the coastline
of the united states in irrevocable ways in rising elizabeth
rush guides readers through these dramatic changes from
the gulf coast to miami and from new york city to the bay
area for many of the plants animals and humans in these
places the options are stark retreat or perish rush sheds
light on the unfolding crises through firsthand testimonials
a staten islander who lost her father during sandy the
remaining holdouts of a native american community on a

drowning isle de jean charles a neighborhood in pensacola settled by escaped slaves hundreds of years ago woven together with profiles of wildlife biologists activists and other members of these vulnerable communities a guardian publishers weekly and library journal best book of 2018 winner of the national outdoor book award a chicago tribune top ten book of 2018

Grave Warnings 2022-03-01

located in the heart of the historic blackstone valley millbury has long played a central role in america s industrial and cultural history the town s early history was shaped by the nipmuc people in the 18th century farmers pushing west found millbury s hills and waterways perfect for farms and small industries the opening of the blackstone canal in 1828 allowed millbury to market its wares to the nation the waters family produced guns in armory village and asa waters ii built his stately mansion downtown millbury inventors had a hand in perfecting the lathe thermometer and telegraph by 1910 millbury was an industrial powerhouse producing shuttles for the weaving industry woolen goods and the finest chisels and machine tools in america the mills boasting over a century of innovation and experience drew investors and workers eager for a share of the american dream

the relationship between policing and the governance of society is an important and complex one especially as it relates to destitute areas through a comparative analysis of policing in skid row districts in three cities edinburgh san francisco and vancouver negotiating demands offers an

inside look at the influence of local political moral and economic issues on police practices within marginalized communities through an analysis of various theoretical approaches and ethnographic field data lora huey unveils a portrait of skid row policing as a political process police are regularly called upon to negotiate often conflicting sets of demands especially within the context of disadvantaged or troubled neighbourhoods examining a broad spectrum of police procedures and community responses huey offers a reconceptualization of the police as political actors who negotiate demands of different constituencies how the police meet these demands through incident and context specific uses of law enforcement peacekeeping social work and knowledge work are shown to be a product of the civic environment in which they operate and of the moral economic forces that shape public discourse negotiating demands is an original and thought provoking study that not only advances our knowledge of police organization and decision making strategies but also refines our understanding of how processes of social inclusion and exclusion occur in different liberal regimes and how they can be addressed

The Club 2009-01-01

as the pace of cultural globalization accelerates the discipline of literary studies is undergoing dramatic transformation scholars and critics focus increasingly on theorizing difference and complicating the geographical framework defining their approaches at the same time anglophone literature is being created by a remarkably transnational multicultural group of writers exploring many of the same concerns including the intersecting effects of colonialism decolonization migration and

globalization paul jay surveys these developments highlighting key debates within literary and cultural studies about the impact of globalization over the past two decades global matters provides a concise informative overview of theoretical critical and curricular issues driving the transnational turn in literary studies and how these issues have come to dominate contemporary global fiction as well through close imaginative readings jay analyzes the intersecting histories of colonialism decolonization and globalization engaged by an array of texts from africa europe south asia and the americas including zadie smith s white teeth junot díaz s the brief wondrous life of oscar wao kiran desai s the inheritance of loss arundhati roy s the god of small things vikram chandra s red earth and pouring rain mohsin hamid s moth smoke and zakes mda s the heart of redness a timely intervention in the most exciting debates within literary studies global matters is a comprehensive guide to the transnational nature of anglophone literature today and its relationship to the globalization of western culture
