Frontiers in Social Movement Theory 1992-01-01

scholars in the area of social action present new theories about this process fashioning a social psychology of social movements that goes beyond theories currently in use

Frontiers of Social Theory. the New Syntheses 1990-03-02

social dilemmas are situations in which individuals groups or nations face a choice between their own short term interests and the longer term interests of all parties involved including themselves as a consequence in the end they all regret the way they have acted examples of social dilemmas are easy to find depletion of vital resources arms races over production of hazardous substances and environmental pollutants information hoarding and the failure to provide and maintain public goods understanding the dynamics of social dilemmas constitutes a major challenge one prominent feature that distinguishes this book is the focus on computer simulations as a methodology for the exploration of the dynamic interplay of individual level processes and aggregate outcomes

Frontiers in Social Dilemmas Research 2012-12-06

this volume examines developmentality and the archeology of its social practices unfolding systemic failures that muffle progress economic climate and social justice are the areas of focus for this analysis of human social development in the fog of ideological institutional meltdowns

Global Frontiers of Social Development in Theory and Practice 2015-07-15

the six essays in this volume are designed to introduce the general reader to some of the main issues in the fields of education industry politics family changes and the like which concern british sociologists while each of the essays is independently conceived their joint aim is to show how sociologists can use empirical methods to throw fresh light on current social problems and also to convey the distinctive approach the distinctive view of the world towards which sociologists are striving

The Frontiers of Sociology (RLE Social Theory) 2020-08-26

this volume examines developmentality and the archeology of its social practices unfolding systemic failures that muffle progress economic climate and social justice are the areas of focus for this analysis of human social development in the fog of ideological institutional meltdowns

Global Frontiers of Social Development in Theory and Practice 2015-07-16

this book is open access under a cc by license interest in social innovation continues to rise from governments setting up social innovation labs to large corporations developing social innovation strategies yet theory lags behind practice and this hampers our ability to understand social innovation and make the most of its potential this collection brings together work by leading social innovation researchers globally exploring the practice and process of researching social innovation its nature and effects combining theoretical chapters and empirical studies it shows how social innovation is blurring traditional boundaries between the market the state and civil society thereby developing new forms of services relationships and collaborations it takes a critical perspective analyzing potential downsides of social innovation that often remain unexplored or are glossed over yet concludes with a powerful vision of the potential for social innovation to transform society it aims to be a valuable resource for students and researchers as well as policymakers and others supporting and leading social innovation

New Frontiers in Social Innovation Research 2015-09-18

the present volume deals with the basic concepts horizons and methods used in social anthropology to cater to the aspiring students of college and various indian universities besides serving as a tool for the prospective job seekers in their competitive examinations group behaviour is the basic unit of observation among social anthropologists family marriage and kinship studies are essential to understand the social structure as well as change the framework of the study of society culture and civilisation are also dealt field work will serve as the essential laboratory for an anthropologist like all the disciplines anthropology has its separate identity domain with its own techniques of data collection the role of a social anthropologist who may be otherwise referred as to social doctor in developmental and planning works is highlighted at the

end

Frontiers of Social Anthropology 1996
