A Practical Treatise on Coal Mining 1888

over one billion people use the internet globally psychologists are beginning to understand what people do online and the impact being online has on behaviour it s making us re think many of our existing assumptions about what it means to be a social being for instance if we can talk flirt meet people and fall in love online this challenges many of psychology s theories that intimacy or understanding requires physical co presence the oxford handbook of internet psychology brings together many of the leading researchers in what can be termed internet psychology though a very new area of research it is growing at a phenomenal pace in addition to well studied areas of investigation such as social identity theory computer mediated communication and virtual

communities the volume also includes chapters on topics as diverse as deception and misrepresentation attitude change and persuasion online internet addiction online relationships privacy and trust health and leisure use of the internet and the nature of interactivity with over 30 chapters written by experts in the field the range and depth of coverage is unequalled and serves to define this emerging area of research uniquely this content is supported by an entire section covering the use of the internet as a research tool including qualitative and quantitative methods online survey design personality testing ethics and technological and design issues while it is likely to be a popular research resource to be dipped into as a whole volume it is coherent and compelling enough to act as a single text book the oxford handbook of internet psychology is the definitive text on this burgeoning field it will be an essential resource for anyone interested in the psychological aspects of internet use or planning to conduct research using the net

The Ways of the World 2016-01-14

this autobiographical essay is a sequel to a sort of life it describes the conception the writing and the publishing of each of greene s books interspersed with accounts of his travels in kenya and vietnam and the portraits of a few of his closest friends
