Louisiana Reports

2000

succession wills and probate is an ideal textbook for those taking an undergraduate course in this surprisingly vibrant subject and also provides a clear and comprehensive introduction for professionals against an account of the main social and political themes of succession law the book gives detailed explanations of core topics such as alternatives to wills and the making

altering and revocation of wills it also explains personal representatives and how they should deal with a deceased person's estate and interpret and implement the will gifts may fail estates may be insolvent or a person may die intestate without a will at all increasingly relatives and others seek to challenge the will for example on the grounds of the testator's capacity or under the law of family provision this third edition is edited updated and revised to take account of new legislation and case law across all the relevant issues including a new final chapter dealing with the potentially contentious issues that are becoming more central to professional work in the field of succession
