On the product of vanishing classes in a finite group Nov 02 2022 Let G be a finite group. An element $g \in G$ is called a vanishing element of G if there exists an irreducible complex character χ of G such that $\chi(g) = 0$. The conjugacy class of G containing a vanishing element is called a vanishing class of G . In this paper we concern on the finite groups G such that the product of every two non-inverse

Chemically Hazardous Waste Environmental Science Center Oct 01 2022 Definition of chemically hazardous waste Chemically hazardous waste refers to liquid or solid waste that contains chemically hazardous substances which are defined as substances whose treatment and disposal is regulated in some way by law.
