1898

the infinite monkey theorem is an idea frequently encountered in mass market science books discourse on intelligent design and debates on the merits of writing produced by chatbots according to the theorem an infinite number of typing monkeys will eventually generate the works of shakespeare shakespeare and nonhuman intelligence is a metaphysical analysis of the bard s function in the theorem in various contexts over the past century beginning with early twentieth century astrophysics and ending with twenty first century ai it traces the emergence of shakespeare as the

embattled figure of writing in the age of machine learning bioinformatics and other alleged crimes against the human organism in an argument that pays close attention to computer programs that instantiate the theorem including one by biologist richard dawkins and to references in publications on intelligent design it contends that shakespeare performs as an interface between the human and our others animal god machine

how latina o x gang literature and film represent women and gay gang members challenges to gendered sexual racial and class oppression clicas examines latina o x literature and film by and or about gay and women gang members through close readings of literature and film frank garcía reimagines the typical narratives describing gang membership and culture amplifying and complicating critical gang studies in the social sciences and humanities and looking at gangs across racial ethnic and national identities analyzing how the autobiographical poetry of ana castillo presents gang fashion culture and violence to the outside world the effects of women performing female masculinity in the novel locas and gay gang members experiences of community in the documentary homeboy garcía complicates the dialogue regarding hypermasculine gang cultures he shows how they are accessible not only to straight men but also to women and gay men who can appropriate them in complicated ways which can be harming and also at times emancipating reading gang members as de colonial agents who contest the power relations inequalities oppressions and hierarchies of the united states

clicas considers how women and gay gang members resist materially and psychologically within a milieu shaped by the intersection of race gender sexuality and class

1989

the arden research handbook of shakespeare and textual studies is a wide ranging authoritative guide to research on shakespeare and textual studies by an international team of leading scholars it contains chapters on all the major areas of current research notably the shakespeare manuscripts the printed text and paratext in shakespeare s early playbooks and poetry books shakespeare s place in the early modern book trade shakespeare s early readers users and collectors the constitution and evolution of the shakespeare canon from the sixteenth to the twenty first century shakespeare s editors from the eighteenth to the twenty first century and the modern editorial reproduction of shakespeare the handbook also devotes separate chapters to new directions and developments in research in the field specifically in the areas of digital editing and of authorship attribution methodologies in addition the companion contains various sections that provide non specialists with practical help an a z of key terms and concepts a guide to research methods and problems a chronology of major publications and events an introduction to resources for study of the field and a substantial annotated bibliography the arden research handbook of shakespeare and textual studies is a reference work aimed at advanced undergraduate and graduate students as well as scholars and libraries a guide

to beginning or developing research in the field  
an essential companion for all those interested in  
shakespeare and textual studies

## **General Index to the 43 Volumes of The Register of the Kentucky Historical Society, 1903–1945**

1946

this wide ranging and entertaining book explores  
blank space from incunabula to google books blanks  
are a paradox simultaneously nothing and something  
gesturing to what was once there or might be there  
they are also a creative opportunity for readers  
as well as writers readers respond to what is not  
there and writers come to anticipate that response  
thus blank space develops literary and ludic  
applications each chapter focuses on one  
typographical form of what is not there on the  
page physical gaps chapter one marks of  
incompletion such as c chapter two and the  
asterisk as a stand in for things that cannot be  
said chapter three by looking at the early modern  
page as a visual unit as well as a verbal unit  
this volume shows how the relationship between  
textual layout and textual content is as  
productive for writers as it is for readers mise  
en page influences readers in the same way that  
rhetoric influences readers it is thus possible to  
speak of the rhetoric of the page

in subjects of advice ivan lupić uncovers the rich interconnectedness of dramatic art and the culture of counsel in the early modern period while counsel was an important form of practical knowledge with concrete political consequences it was also an ingrained cultural habit a feature of obligatory mental moral and political hygiene to be a renaissance subject lupić claims one had to reckon with the advice of others lupić examines this reckoning in a variety of sixteenth century dramatic contexts the result is an original account of the foundational role that counsel played in the development of renaissance drama lupić begins by considering the figure of thomas more whose influential argument about counsel as a form of performance in utopia set the agenda for the entire century resisting linear narratives and recovering instead the simultaneity of radically different kinds of dramatic experience he shows the vitality of later dramatic engagements with more s legacy through an analysis of the moral interlude staged within sir thomas more a play possibly coauthored by shakespeare more also helps explain the complex use of counsel in senecan drama from the neo latin plays of george buchanan discussed in connection with buchanan s political writings to the historical tragedies of the mid sixteenth century if tyranny and exemplarity are the keywords for early elizabethan drama of counsel for the plays of christopher marlowe it is friendship lupić considers marlowe s interest in friendship and counsel most notably in edward ii alongside earlier dramatic treatments thus exposing the pervasive fantasy of the ideal counselor as another self subjects of advice concludes by placing king lear in relation to its dramatic sources to demonstrate shakespeare s deliberate dispersal of counsel throughout his play counsel s customary link to plain and fearless speech becomes in shakespeare s hands a

powerful instrument of poetic and dramatic expression

dynamic matter investigates the life histories of renaissance objects eschewing the critical tendency to study how objects relate to human needs and desires this work foregrounds the objects themselves demonstrating their potential to transform their environments as they travel across time and space integrating early modern material theories with recent critical approaches in actor network theory and object oriented ontology this volume extends aristotle s theory of dynamis which conceptualizes matter as potentiality and applies it to objects featured in early modern texts such as edmund spenser s the faerie queene robert hooke s micrographia and william shakespeare s the tempest individual chapters explore the dynamis of matter by examining its manifestations in particular forms combs are inscribed with words and brushed through human hair feathers are incorporated into garments

and artwork prince rupert s glasswork drops  
explode a whale becomes animated by the power of a  
magical bracelet and books are drowned these case  
studies highlight the potentiality matter itself  
possesses and that which it activates in other  
matter a theorization of objects grounded in  
renaissance materialist thought dynamic matter  
examines the richness of things themselves the  
larger multiple and changing networks in which  
things circulate and the networks created by these  
transformative objects in addition to the editor  
the contributors to this volume include anna riehle  
bertolet erika mary boeckeler naomi howell emily e  
f philbrick josie schoel maria shmygol edward  
mclean test abbie weinberg and sarah f williams

1983

between 1599 and 1601 no fewer than five anthologies appeared in print with extracts from shakespeare s works some featured whole poems while others chose short passages from his poems and plays gathered alongside lines on similar topics by his rivals and contemporaries appearing midway through his career these anthologies marked a critical moment in shakespeare s life they testify to the reputation he had established as a poet and playwright by the end of the sixteenth century in extracting passages from their contexts though they also read shakespeare in ways that he might have imagined being read after all this was how early modern readers were taught to treat the texts they read selecting choice excerpts and copying them into their notebooks taking its cue from these anthologies anthologizing shakespeare 1593 1603 offers new readings of the formative works of shakespeare s first decade in print from

venus and adonis 1593 to hamlet 1603 it illuminates a previously neglected period in shakespeare s career what it calls his anthology period it investigates what these anthologies made of shakespeare and what he made of being anthologized and it shows how from the early 1590s his works were inflected by the culture of commonplacing and anthologizing in which they were written and in which shakespeare no less than his readers was schooled in this book ted tregear explores how shakespeare appealed to the reading habits of his contemporaries inviting and frustrating them in turn shakespeare he argues used the practice of anthologizing to open up questions at the heart of his poems and plays questions of classical literature and the schoolrooms in which it was taught of english poetry and its literary inheritance of poetry s relationship with drama and of the afterlife he and his works might win at least in parts
