The Language of Art and Cultural Heritage 2020-03-04

communicating art and cultural heritage has become a crucial and challenging task since these sectors together with tourism heritage represent a key economic resource worldwide in order to activate this economic and social potential art and cultural heritage need to be disseminated through effective communicative strategies adopting a wide variety of digital humanities approaches and a plurilingual perspective the essays gathered in this book provide an extensive and up to date overview of digital linguistic resources and research methods that will contribute to the design and implementation of such strategies cultural and artistic content curators specialised translators in the fields of art architecture tourism and web documentaries researchers in art history and tourism communication and cultural heritage management professionals among others will find this book extremely useful due to its provision of some concrete applications of innovative methods and tools for the study and dissemination of art and heritage knowledge

Figurative Language - Intersubjectivity and Usage 2021-05-15

intersubjectivity and usage play central roles in figurative language and are pivotal notions for a cognitively realistic research on figures of thought speech and communication this volume brings together thirteen studies that explore the relationship between figurativity intersubjectivity and usage from the cognitive linguistics perspective the studies explore the impact of figurativity on areas of lexicon and grammar on real discourse and across different semiotic systems some studies focus on the psychological processes of the comprehension of figurativity other studies address the ways in which figures of thought and language are socially shared and the variation of figures through time and space moreover some contributions are established on advanced corpus based techniques and experimental methods there are studies about metaphor metonymy irony and puns about related processes such as humor empathy and ambiguation and about the interaction between figures overall this volume offers the advantages and the opportunities of an interactional and usage based perspective of figurativity embracing both the psychological and the intersubjective reality of figurative thought and language and empirically emphasizing the multidimensional character of figurativity its central function in thought and its impact on everyday communication

Narrative Factuality 2019-12-16

the study of narrative the object of the rapidly growing discipline of narratology has been traditionally concerned with the fictional narratives of literature such as novels or short stories but narrative is a transdisciplinary and transmedial concept whose manifestations encompass both the fictional and the factual in this volume which provides a companion piece to tobias klauk and tilmann köppe s fikionalität ein interdisziplinäres handbuch the use of narrative to convey true and reliable information is systematically explored across media cultures and disciplines as well as in its narratological stylistic philosophical and rhetorical dimensions at a time when the notion of truth has come under attack it is imperative to reaffirm the commitment to facts of certain types of narrative and to examine critically the foundations of this commitment but because it takes a background for a figure to emerge clearly this book will also explore nonfactual types of narratives thereby providing insights into the nature of narrative fiction that could not be reached from the narrowly literary perspective of early narratology

Chinese Lexical Semantics 2020-01-03

this book constitutes the thoroughly refereed post workshop proceedings of the 20th chinese lexical semantics workshop clsw 2019 held in chiayi taiwan in june 2019 the 39 full papers and 46 short papers included in this volume were carefully reviewed and selected from 254 submissions they are organized in the following topical sections lexical semantics applications of natural language processing lexical resources corpus linguistics

Historical journey in a linguistic archipelago 2019-11-28

this volume offers a selection of papers presented during the 14th international conference on the history of the language sciences ichols xiv paris 2017 part i brings together studies dealing with descriptive concepts first examined is the notion of accidens in latin grammar and its greek counterparts other papers address questions with a strong echo in today s linguistics localism and its revival in recent semantics and syntax the origin of the term polysemy and its adoption through bréal and the difficulties attending the description of prefabs idioms and other fixed expressions this first part also includes studies dealing with representations of linguistic phenomena whether these concern the treatment of local varieties so called patois in french research or the import and epistemological function of spatial representations in descriptions of linguistic time or again now taking the word representation literally the visual display of grammatical relations in the form of the first syntactic diagrams part ii

presents case studies which involve wider concerns of a social nature the from below approach to the history of chinese pidgin english underlines the social roles of speakers and the diversity of speech situations while the scrutiny of lhomond s latin and french textbooks demonstrates the interplay of pedagogical practice cross linguistic comparison and descriptive innovation an overview of early descriptions of central australian languages reveals a whole spectrum of humanist to positivist and antihumanist stances during the colonial age an overarching framework is also at play in the anthropological perspective championed by meillet whose socially and culturally oriented semantics is shown to live on in benveniste the volume ends with a paper on trần Đức thảo whose work is an original synthesis between phenomenology and marxist semiology wielded against the idealistic doctrine of saussure

Metaphor Identification in Multiple Languages 2022-01-01

this volume explores linguistic metaphor identification in a wide variety of languages and language families the book is an essential read for anyone interested in researching language and metaphor from students to experienced scholars its primary goals are to discuss the challenges involved in applying the metaphor identification procedure vrije universiteit mipvu to a range of languages across the globe and to offer theoretically grounded advice and guidelines enabling researchers to identify metaphors in multiple languages in a valid and replicable way the volume is intended as a practical guidebook that identifies and discusses procedural challenges of metaphor identification across languages thus better enabling researchers to reliably identify metaphor in a multitude of languages although able to be read independently this volume written by metaphor researchers from around the world is the ideal companion volume for the 2010 benjamins book a method for linguistic metaphor identification from mip to mipvu

Dynamika šíření lexikálních inovací 2018-09-27

kniha představuje aktuální trendy i historický vývoj teoretických konceptů studia neologismů a sociolektismů včetně paralel a paradoxů v jejich slovníkovém zpracování tj otázky vzájemného vztahu neografie a sociolektografie na francouzském jazykovém materiálu jsou nastíněny možnosti jak optikou sociolexikologie přistupovat k neustále se proměňujícím projevům generační či skupinové soudržnosti takto definovaná sociolingvistika inovací zahrnuje především modelizaci difuze neologismů tedy hledání důvodů a způsobů šíření nových slov ve společnosti případové studie mimo jiné poukazují na možnosti extrakce lexikálních inovací z generačně příznakových sociolektů a jejich testování pomocí časosběrné dotazníkové metody pozornost je věnována také textům rapových

písni které jsou unikátním zdrojem informací o sémantickém vývoji identitárních neologismů

americans are often baffled by france s general indifference to religion and laws forbidding religious symbols in public schools full face veils in public places and even the interdiction of burkinis on french beaches an understanding of laïcité provides insight in beginning to understand france and its people laïcité has been described as the complete secularization of institutions as a necessity to prevent a return to the ancien régime characterized by the union of church and state to understand the concept of laïcité one must begin in the sixteenth century with the protestant reformation and freedom of conscience recognized by the edict of nantes in 1598 this has been called the period of incipient laïcité in the toleration of protestantism the revocation of the edict of nantes in 1685 reestablished the union of the throne and altar which resulted in persecution of the huguenots who fought for the principle of the freedom of conscience french laïcité presents a specificity in origin definition and evolution which led to the official separation of church and state in 1905 the question in the early twentieth century concerned the roman catholic church s compatibility with democracy that same question is being asked of islam in the twenty first century

Rise of French Laicite 2020-07-01

this book provides readers with a timely snapshot of ergonomics research and methods applied to the design development and prototyping as well as the evaluation training and manufacturing of products systems and services combining theoretical contributions case studies and reports on technical interventions it covers a wide range of topics in ergonomic design including ecological design cultural and ethical aspects in design interface design user involvement and human computer interaction in design as well as design for accessibility and many others the book particularly focuses on new technologies such as virtual reality state of the art methodologies in information design and human computer interfaces based on the ahfe 2020 virtual conference on ergonomics in design held on july 10 16 2020 the book offers a timely guide for both researchers and design practitioners including industrial designers human computer interaction and user experience researchers production engineers and applied psychologists

Advances in Ergonomics in Design 2020-03-09

the end of the cold war announced a new world order liberal democracy prevailed ideological conflict abated and

world politics set off for the promised land of a secular cosmopolitan market friendly end of history or so it seemed thirty years later this unipolar worldview premised on shared values open markets open borders and abstract social justice lies in tatters what happened david martin jones examines the progressive ideas behind liberal western practice since the end of the twentieth century at home and abroad this mentality he argues took an excessively long view of the future and a short view of the past abandoning politics in favour of ideas and failing to address or understand rejection of liberal norms by non western others he explores the inevitable consequences of this liberal hubris political and economic confusion with the chaotic results we have seen finally he advocates a return to more sceptical political thinking with prudent statecraft abroad and defence of political order at home in order to rescue the west from its widely advertised demise history's fools is a timely account of the failed project to shape the world in the west's image and an incisive call for a return to true politics

History's Fools 2023-12-18

with more than two thousand languages spread over its territory multilingualism is a common reality in africa the main official languages of most african countries are indo european in many instances romance as they were primarily brought to africa in the era of colonization the areas discussed in this volume are thirty five states that were once ruled by belgium france italy portugal or spain and the african regions still belonging to three of them twenty six states are presented in relation to french four to italian six to portuguese and two to spanish they are considered in separate chapters according to their sociolinguistic situation linguistic history external language policy linguistic characteristics and internal language policy the result is a comprehensive overview of the romance languages in modern day africa it follows a coherent structure offers linguistic and sociolinguistic information and illustrates language contact situations power relations as well as the cross fertilization and mutual enrichment emerging from the interplay of languages and cultures in africa

Manual of Romance Languages in Africa 1976

the routledge handbook of fiction and belief offers a fresh reevaluation of the relationship between fiction and belief surveying key debates and perspectives from a range of disciplines including narrative and cultural studies science religion and politics this volume draws on global cutting edge research and theory to investigate the historically variable understandings of fictionality and allows readers to grasp the role of fictions in our understanding of the world this interdisciplinary approach provides a thorough introduction to the fundamental themes of theoretical and philosophical perspectives on fiction fiction fact and science social effects and uses of

fiction fiction and politics fiction and religion questioning how fictions in fact shape mediate or distort our beliefs about the real world essays in this volume outline the state of theoretical debates from the perspectives of literary theory philosophy sociology religious studies history and the cognitive sciences it aims to take stock of the real or supposed effects that fiction has on the world and to offer a wide reaching reflection on the implications of belief in fictions in the so called post truth era

Catalog of Copyright Entries. Third Series 2023-12-22

friend enemy loyalist traitor politics today seems caught in the grip of a binary reduction machine bidding us either with or against our neighbors as though we were already combined in and owed allegiance to mutually external nameable collective entities communities nations races denominations in general beginning with an examination of processes routines of denomination in northern ireland maurice macartney examines the era of empire and

enslavement to show that similar processes were at work then in vicereally arranged structures for the authorization and organization of the violence of hostility and of indifference to the suffering of others macartney then brings the analysis up to date arguing that the hostility of populism and the indifference of the global market overlap to intensify the violence unfolding today finally taking seriously the copernican revolution of nonviolence for which the enemy is not the enemy but violence itself the book calls for a different kind of combination for the coming together of a community of others commoners on the one common working for all our differences toward the democratic empowerment of everyone in the neighborhood in an equitable sustainable neighborhood democracy that would open beyond hostility beyond denomination beyond all boundaries

Dare to Be Naive 2024-04-15

this international exploration on different economic systems provides a comprehensive account which brings a wide range of countries to the forefront in terms of both comparability and accountability this study shines a light on the differences in systems between states and provides information to equip readers to minimize those differences

Combinations 2021-05-25

this volume is addressed to researchers in the field of phraseology and to teachers translators and lexicographers it is a collection of essays offering a comprehensive modern analysis of phrasemes embracing a wide range of subjects and themes from linguistic both applied and theoretical to cultural aspects the contrastive approach underlying this variety of themes allows the divergences and analogies between phraseological units in two or more languages to be outlined the languages compared here are both major and minor european and non european and the text includes contrastive analyses of the most commonly investigated languages french german english spanish russian german as well as some less frequently investigated languages like ukrainian romanian georgian and thai which are not as well represented in phraseological description despite their scientific interest

Contemporary Issues in Social Science 2020-02-06

confinement appears repeatedly in samuel beckett s oeuvre from the asylums central to murphy and watt to the images of confinement that shape plays such as waiting for godot and endgame drawing on spatial theory and new archival research beckett in confinement explores these recurring concepts of closed space to cast new light on the

ethical and political dimensions of beckett s work covering the full range of beckett s writing career including two plays he completed for prisoners catastrophe and the unpublished mongrel mime the book shows how this engagement with the ethics of representing prisons and asylums stands at the heart of beckett s poetics james little s beckett in confinement offers a brilliant analysis of the politics behind beckett s production of closed space both as a writer and as a director it carefully examines the move from writing about closed space to creating an art of confinement to argue that beckett s use of confined space is central to the political dynamics of his works james little also superbly employs genetic criticism to open up the confined space of the published text and bring highly relevant draft materials back into the critical conversation dirk van hulle professor of bibliography and modern book history university of oxford uk the many characters beckett invented share one characteristic they are all imprisoned or trapped in some way no matter where they are samuel beckett in confinement the politics of closed space draws on untapped riches from beckett s correspondence and the archives to reconsider the obsession with entrapment coercion and detention central to beckett s varied oeuvre in this exciting and illuminating analysis james little offers a fresh and original reading of the work s ethical and political dimensions and shows us why we need to stop thinking about confinement as a metaphysical metaphor emilie morin professor of modern literature university of york uk little breaks new ground in this expansive investigation to explore how confinement is a central component of beckett s political aesthetics the reader is guided by a crisp and easy style of writing as little demonstrates a command of sources which are broad in scope but negotiated to form a compelling and impactful study journal of beckett studies

Contrastive Phraseology 2020-05-14

ce livre décrit comment le droit des conflits armés est né en afrique comme dans toutes les sociétés avancées les relations humaines sont souvent confrontées à des désaccords des ambitions et des incompréhensions l usage de la force est de ce fait un recours pour certains afin d imposer leurs visions de cela il est impératif de souligner qu en afrique noire la notion de bataille était beaucoup plus appropriée si dieu a créé l humanité et l afrique d après cheikh anta diop est le berceau de l humanité quoi de plus naturel d affirmer que l afrique a connu l Être suprême avant les autres peuples au nom de dieu certains théorisèrent l esclavage et la colonisation dorénavant au nom de la démocratie et de l État de droit ils adaptent leur cynique volonté de domination du peuple noir du capitalisme occidental nous sommes passés au capitalisme africain où les élites politiques africaines par leur complexe de l occident concourent à la perte de leur peuple

Samuel Beckett in Confinement 2022-01-07

covid conspiracy theories in global perspective examines how conspiracy theories and related forms of misinformation and disinformation about the covid 19 pandemic have circulated widely around the world covid conspiracy theories have attracted considerable attention from researchers journalists and politicians not least because conspiracy beliefs have the potential to negatively affect adherence to public health measures while most of this focus has been on the united states and western europe this collection provides a unique global perspective on the emergence and development of conspiracy theories through a series of case studies the chapters have been commissioned by recognized experts on area studies and conspiracy theories the chapters present case studies on how covid conspiracism has played out some focused on a single country others on regions using a range of methods from a variety of disciplinary perspectives including history politics sociology anthropology and psychology collectively the authors reveal that although there are many narratives that have spread virally they have been adapted for different uses and take on different meanings in local contexts this volume makes an important contribution to the rapidly expanding field of academic conspiracy theory studies as well as being of interest to those working in the media regulatory agencies and civil society organizations who seek to better understand the problem of how and why conspiracy theories spread the open access version of this book available at taylorfrancis.com has been made available under a creative commons attribution non commercial no derivatives 4.0 license
