rule of law is a political ideal that all citizens and institutions within a country state or community are accountable to the same laws including lawmakers and leaders it is sometimes stated simply as no one is above the law

learn how the un defines and promotes the rule of law as a key element of peace security and human rights

rule by law

csis

rule of law the mechanism process institution practice or norm that supports the equality of all citizens before the law secures a nonarbitrary form of government and more generally prevents the arbitrary use of power which is typical of despotism absolutism authoritarianism and totalitarianism

rule of law

1

2

the rule of law comprises a number of principles of a formal and procedural character addressing the way in which a community is governed the formal principles concern the generality clarity publicity stability and prospectivity of the norms that govern a society

the rule of law is a durable system of laws institutions norms and community commitment that delivers four universal principles accountability just law open government and accessible and impartial justice

in his report in larger freedom towards development security and human rights for all a 59 2005 the secretary general noted that while freedom from want and fear are essential they
