throughout the organization and indeed throughout all sectors of the economy Sims provides a firsthand understanding of the importance of HRM and lays out the tools to help managers do it well. He emphasizes repeatedly how important it is for organizations to understand that their success depends on their ability to attract and keep talented employees. With its persuasive discussion of the trends and emerging issues in the development of proactive human resources policies and practices, the book shows how to anticipate and work towards the development and retention of the right people. It emphasizes the importance of taking a strategic approach to all of the various human resources activities and proves throughout that for an organization to prosper and earn a profit, goals must be set and initiatives taken in all areas of HRM and by all people whatever their levels of responsibility may be.

Organizational Success through Effective Human Resources Management

1997

This comprehensive textbook adopts a psychological perspective to take a fresh look at organisational behaviour. It is a suitable undergraduate psychology text providing both the necessary grounding for the student and a realistic backdrop.
