ingrid maisch in this study of mary magdalene leads her readers throughout the centuries developing the images of mary current in each era showing that she is always a bellwether for the image of woman at a particular time a careful study of christian origins and detailed analysis of all the canonical apocryphal and gnostic gospels in which mary magdalene appears considered the first apostle of christianity by early christians the author explains why the patriarchs of the early church found it necessary instead to reinvent mary as a wanton woman rather than jesus most favored disciple the success of dan brown s da vinci code has raised new interest in mary magdalene and in the gospel of mary here the author examines mary magdalene s influence on the beginnings of christianity and asks what was her impact and her message and furthermore what became of her and her ideas esther de boer studies the gospel of mary the only gospel to be named after a woman to discover what it reveals about mary magdalene and to determine the origin of its portrayal she argues that the gospel of mary is not a gnostic writing but is more closely related to the writings of philo the letters of paul and the gospel of john she demonstrates that esteem of mary magdalene did not just belong to the gnostic tradition but to a broader christian context in order to

determine this context the study identifies the different portrayals of mary magdalene in the new testament analyses their concepts of discipleship and their views on women and investigates their historical reality esther de boer concludes that the portrayal of mary magdalene in the gospel of mary is close to that in the gospel of john and investigates the possibility that she is concealed in the johannine disciple loved by jesus an international team of twenty scholars under edmondo f lupieri s direction produced mary magdalene from the new testament to the new age and beyond while the historical figure of the magdalene may be lost forever the construction of her literary images and their transformations and adaptations over the centuries are a lively testimony to human creativity and faith different pictures of mary travelled through time and space from history to legend and mythology crossed religious boundaries going beyond the various christianities to become a sign of contradiction for many this book describes a special case of biblical reception history that of the new testament figure of a woman whose presence at the side of jesus has been disturbing for some but proves to be inspiring for others there are many theories and legends revolving around mary magdalene the friend and companion of jesus of nazareth during first century roman empire some say she was a vile sinner others a saint some have said she was a prostitute others a chaste jewish woman many lands around the great sea still tell tales of mary magdalenes travels and accomplishments in their part and plot of history although few legends are considered to be of a factual nature neither should they be thought of strictly as fairytales many legends have their basis in true stories which have been passed down through a hundred or more generations and sometimes the information has evolved into much more than what it started as and has come to even ~~justify the~~

meaning and spirit of the original events while there is not enough documented history to write a non fictional biography of mary herself there is much information about first century judea in the roman empire the time and place into which mary was born much is also known about some of the people who were most likely to have been her companions particularly those written about in the christian bible like saint peter saint john martha jesus his mother saul of tarsus and others in writing this narrative of mary magdalene my intent was to include as much legendary material as possible being careful not to contradict any historical facts about mary herself or any other historical figure appearing in the book i spent much time accessing and studying information from a wide variety of sources my research led to me draw some conclusions about what must have been known back then but was not considered important enough to have been written down such as who was related to whom who went where and when and the chronology of certain events let this story answer questions for you that might have been lingering in your mind for a long time now such as what did happen to mary called the magdalene before she met jesus of nazareth what was her background did she have other family did jesus why did jesus have to cast demons out of her what was the essene community was jesus a member was mary what happened to her after jesus died can regretful decisions ever be turned around for the good mary magdalene my story will take you through the world of a young jewish girl with all of the hopes dreams and expectations that any young girl would naturally have you will learn how tragedies in her life nearly killed her but how she was saved by the love of a man and kept by the love of those who realized that second chances were god given and to be respected you will see how she in turn offered forgiveness to those who had hurt her

there are many theories and legends revolving around mary magdalene the friend and companion of jesus of nazareth during first century roman empire some say she was a vile sinner others a saint some have said she was a prostitute others a chaste jewish woman many lands around the great sea still tell tales of mary magdalenes travels and accomplishments in their part and plot of history although few legends are considered to be of a factual nature neither should they be thought of strictly as fairytales many legends have their basis in true stories which have been passed down through a hundred or more generations and sometimes the information has evolved into much more than what it started as and has come to even enhance the meaning and spirit of the original events while there is not enough documented history to write a non fictional biography of mary herself there is much information about first century judea in the roman empire the time and place into which mary was born much is also known about some of the people who were most likely to have been her companions particularly those written about in the christian bible like saint peter saint john martha jesus his mother saul of tarsus and others in writing this narrative of mary magdalene my intent was to include as much legendary material as possible being careful not to contradict any historical facts about mary herself or any other historical figure appearing in the book i spent much time accessing and studying information from a wide variety of sources my research

led to me draw some conclusions about what must have been known back then but was not considered important enough to have been written down such as who was related to whom who went where and when and the chronology of certain events let this story answer questions for you that might have been lingering in your mind for a long time now such as what did happen to mary called the magdalene before she met jesus of nazareth what was her background did she have other family did jesus why did jesus have to cast demons out of her what was the essene community was jesus a member was mary what happened to her after jesus died can regretful decisions ever be turned around for the good mary magdalene my story will take you through the world of a young jewish girl with all of the hopes dreams and expectations that any young girl would naturally have you will learn how tragedies in her life nearly killed her but how she was saved by the love of a man and kept by the love of those who realized that second chances were god given and to be respected you will see how she in turn offered forgiveness to those who had hurt her so deeply and how good things came as a result of that mary had friends who loved and understood her and were important people to her throughout her life as a reader we get to meet them all and come to love them ourselves learn more about joana and cuza mary mother of jesus agabus antipus and lydia the woman who sold purple things this story will weave all of the different characters and events and places of the time into a heartwarming tale you are not soon to forget with such a variety of characters mostly likely every reader will find someone in the story to whom they will relate in a personal way let mary take you in her own voice through the early days of christianity through the turbulent times of the roman emperor nero and the jewish wars let her share with you the sorrow of losing some

of her best friends and the joys of developing new ones she will tell you of the trade that carried her through many years of her life and was the reason she was able to go on a great adventure around the empire at times the reader will be moved to tears at times will laugh out loud as she tells you about the wonder of raising children and finding true love against all odds this book will

that we can see past the ego of our own little lives to what's more real and lasting and infinite and already here within with searing clarity watterson explains how and why mary magdalene came to be portrayed as the penitent prostitute and relates a more historically and theologically accurate depiction of who mary was within the early christ movement and she shares how this discovery of mary's gospel has allowed her to practice and to experience a love that never ends a love that transforms everything
