**Parallel Bible Hebrew / English** 2007-06 this is the torah the first five books of the jewish scriptures aka the books of moses the following are some examples of what makes the pill tanakh different 1 the hebrew and english texts match side by side on facing pages with no run over to another page 2 each new book starts with a page image from the leningrad codex where its first verse begins 3 the leningrad codex renders the ten commandments of exodus 20 and deuteronomy 5 differently than all publications claiming it as their source this version preserves that original rendering 4 biblical hebrew numbers are represented by hebrew letters herein i set a natural rendering for numbers 15 and 16 using yud he for 15 and yud vav for 16 respectively instead of tet vav and tet zayin as per rabbinic edict obfuscated numbering to not reflect the divine name yhvh 5 additionally i have altered some english verses to better represent the hebrew text in several places as an example i changed the over 5 000 instances where the title the lord god appears replacing it with yehovah its hebrew transliteration 6 in the margin of a line in the actual leningrad codex there are words added that rabbis refer to as qere what is read these words were intended to replace a word in the line with the same root known as ketiv what is written other jewish publications force the reading of the qere over the ketiv obscuring the originally written text some versions place the ketiv in brackets

while others place it in the margin outside the line in the pill tanakh i  
relegate those 1 110 qere additions to small footnote notations in the  
hebrew text preserving the natural flow of the leningrad codex  
source moreover i have found few instances where the qere is  
actually correct but there are many instances that are blatantly wrong  
as in exodus 21 8 again this is volume 1 the torah part one of a three  
volume set of torah prophets and writings which make up the entire  
jewish scriptures

Parallel Bible Hebrew / English 2007-06 the hebrew english jewish  
scriptures volume 2 the prophets this book comprises the section  
known as the prophets containing 21 books beginning with joshua and  
ending with malachi the hebrew and the english are on facing pages  
for this edition i have altered both the hebrew and english from the  
sources especially to conform to the actual leningrad codex circa year  
1009 most notably in the ten commandments of exodus 20 and  
deuteronomy 5 i relegated the 1 110 rabbinical qere additions to  
footnote notations in the hebrew text making it so that readers of  
hebrew can read the hebrew text just as the masorettes intended other  
jewish publications force the reading of the later edition margin notes  
before but also obscuring the original written text which rabbis  
designate as ketiv so this innovation in the pill tanakh makes reading  
what the authors wrote natural in addition to altering some english  
verses to correspond closer to the hebrew text i also changed the over  
5 000 instances where the title the lord god is now yehovah a  
transliteration of the divine name corresponding to the hebrew text  
where that phrase is found again this is volume 2 the prophets the  
second part of a three volume set of torah prophets and writings  
which make up the entire jewish scriptures
