this book unveils a potent new approach to one of the oldest debates in political economy that over whether class conflict or group competition is more prevalent in politics it goes further than any study to date by outlining the conditions under which one type of political conflict is more likely than the other michael hiscox focuses on a critical issue affecting support for and opposition to free trade factor mobility or the ability of those who own a factor of production land labor or capital to move it from one industry to another he argues that the types of political coalitions that form in trade politics depend largely on the extent to which factors are mobile between industries class coalitions are more likely where factor mobility is high hiscox demonstrates whereas narrow industry based coalitions predominate where it is low the book also breaks new ground by backing up the theory it advances with systematic evidence from the history of trade politics in six nations over the last two centuries using a combination of case studies and quantitative analysis it makes fresh conclusions about the forces shaping trade policy outcomes conclusions that yield surprising insights into the likely evolution of the global trading system and u s trade policy in particular

international trade and political conflict is a major contribution to the scholarly literature while being accessible to anyone interested in understanding and predicting developments in trade policy

what would it mean to get over slavery is such a thing possible is it even desirable should we perceive the psychic hold of slavery as a set of mental manacles that hold us back from imagining a post-racist america or could the psychic hold of slavery be understood as a tool helping us get a grip on the systemic racial inequalities and restricted liberties that persist in the present day featuring original essays from an array of established and emerging scholars in the interdisciplinary field of african american studies the psychic hold of slavery offers a nuanced dialogue upon these questions with a painful awareness that our understanding of the past informs our understanding of the present and vice versa the contributors place slavery's historical legacies in conversation with twenty first century manifestations of anti-black violence dehumanization and social death through an exploration of film drama fiction performance art graphic novels and philosophical discourse this volume considers how artists grapple with questions of representation as they ask whether slavery can ever be accurately depicted trace the scars that slavery has left on a traumatized body politic or debate how to best convey that black lives matter the psychic hold of slavery thus raises provocative questions about how we behold the historically distinct event of african diasporic enslavement and how we might hold off the transhistorical force of anti-black domination

## **The Psychic Hold of Slavery 2016-07-20**

the astonishing life of the modest new jersey businessman who anonymously

gave away 10 billion dollars and inspired the giving while living movement in this bestselling book conor o clery reveals the inspiring life story of chuck feeneey known as the james bond of philanthropy feeneey was born in elizabeth new jersey to a blue collar irish american family during the depression after service in the korean war he made a fortune as founder of duty free shoppers the world s largest duty free retail chain by 1988 he was hailed by forbes magazine as the twenty fourth richest american alive but secretly feeneey had already transferred all his wealth to his foundation atlantic philanthropies only in 1997 when he sold his duty free interests was he outed as one of the greatest and most mysterious american philanthropists in modern times who had anonymously funded hospitals and universities from san francisco to limerick to new york to brisbane his example convinced bill gates and warren buffett to give away their fortunes during their lifetime known as the giving pledge

freedom kareena smith leader of the unregistered telepaths of earth waged a secret war against the tel group and her government as long as she could remember until tel captured her her second in command and one of their own a defector after months of captivity and several failed escape attempts the three women are rescued by a group of delroi warriors there s a price on her head and nothing left for her at home delroi offers sanctuary she can t refuse as soon as she s rescued she s pursued relentlessly by sexy clan chief roarr idis she might find the kind of ecstasy in his arms she s only dreamed of but he wants the one thing she will never give up her freedom irresistible after six months captivity parker reed is thrilled to be free and offered asylum on delroi joining her fellow prisoners kareena and zola it s not long before she realizes that could have been a huge mistake she s a woman used to being in control and she devoted her life to one purpose bringing down the corrupt that identity is gone now but she hasn t changed she doesn t play goof off or involve herself with men who think they should be the center of her life kaje stian is a constant presence however he s the exact opposite of the kind of men parker usually dates and he s determined to have her what s a girl to do he s overbearing demanding and ultimately irresistible redemption zola gray is a woman on a mission after escaping a year s imprisonment she was grateful to take asylum on delroi and recover from her

long captivity but she isn't like the company she suddenly finds herself in she was a willing member of the tel group until one assassination too many made her rebel now tel is coming after her and her friends and she'll do whatever it takes to end them once and for all jarek idis was born raised and trained a warrior then he followed his true passion healing he knows zola wants to confront the assassins coming after her in a misguided attempt at redemption but he has other ideas he's supposed to be healing her body but he's going straight for her heart and soul he sees what's hidden under her bad ass veneer and he intends to keep the woman he knows she truly is absolution anna leigh gray set out to save her daughter while her former allies the evil and malicious tel group has been dealt a major blow they haven't been destroyed and their sights are focused on one thing killing her daughter to protect her anna leigh has to get to delroi the last thing she expects is being claimed by the dangerous sexy xan bana his telepathy is as strong as hers his mind is fascinating and he has moves in the bedroom she'd never been aware she missing but he's an enigmatic warrior and she's not convinced his motives are pure xan bana never expected to find a mate or take over leadership of his clan both are a challenge he's looking forward to dealing with a clan that is in disarray is easier than getting to know the woman who now stands at his side however but when they arrive on delroi they help zola all they can but when a ghost from the past almost kills her his primitive dominant instincts threaten the fragile bond he's forging with his mate now he's in a race against time to keep his mate protect her daughter and save the son she'd thought lost long ago

## **Heads of Families at the First Census of the United States Taken in the Year 1790 1978**

this book makes several claims which ought to be stated at the outset that herman melville is a recorder and interpreter of american society whose work is comparable to that of the great nineteenth century european realists that there was crisis of bourgeois society at midcentury on both continents but that in america it entered politics by way of slavery and race rather than class that the crisis called into question the ideal realm of liberal political freedom and also that melville was particularly sensitive to the american crisis because of the political importance of his clan and the political history of his family

## ***An Assessment of the Current Situation in Haiti 1996***

in the enslaved and their enslavers edward pearson offers a sweeping history of

slavery in south carolina from british settlement in 1670 to the dawn of the civil war for enslaved peoples the shape of their daily lives depended primarily on the particular environment in which they lived and worked and pearson examines three distinctive settings in the province the extensive rice and indigo plantations of the coastal plain the streets workshops and wharves of charleston and the farms and estates of the upcountry in doing so he provides a fine grained analysis of how enslaved laborers interacted with their enslavers in the workplace and other locations where they encountered one another as plantation agriculture came to dominate the colony the enslaved and their enslavers sets this portrait of early south carolina against broader political events economic developments and social trends that also shaped the development of slavery in the region for example the outbreak of the american revolution and the subsequent war against the british in the 1770s and early 1780s as well as the french and haitian revolutions all had a profound impact on the institution s development both in terms of what enslaved people drew from these events and how their enslavers responded to them throughout south carolina s long history enslaved people never accepted their enslavement passively and regularly demonstrated their fundamental opposition to the institution by engaging in acts of resistance which ranged from vandalism to arson to escape and on rare occasions organizing collectively against their oppression their attempts to subvert the institution in which they were held captive not only resulted in slaveowners tightening formal and informal mechanisms of control but also generated new forms of thinking about race and slavery among whites that eventually mutated into pro slavery ideology and the myth of southern exceptionalism

## **The Oxford Handbook of Transcendentalism 2010-04-16**

the first comprehensive history of the mason dixon line a dramatic story of imperial rivalry and settler colonial violence the bonds of slavery and the fight for freedom the united states is the product of border dynamics not just at international frontiers but at the boundary that runs through its first heartland the story of the mason dixon line is the story of america s colonial beginnings nation building and conflict over slavery acclaimed historian edward gray offers the first comprehensive narrative of the america s defining border formalized in 1767 the mason dixon line resolved a generations old dispute that began with the establishment of pennsylvania in 1681 rivalry with the calverts of maryland complicated by struggles with dutch settlers in delaware breakneck agricultural development and the resistance of lenape and susquehannock natives had led to contentious jurisdictional ambiguity full scale battles among the colonists and

ethnic slaughter in 1780 pennsylvania s act for the gradual abolition of slavery inaugurated the next phase in the line s history proslavery and antislavery sentiments had long coexisted in the maryland pennsylvania borderlands but now african americans enslaved and free faced a boundary between distinct legal regimes with the passage of the fugitive slave act in 1850 the mason dixon line became a federal instrument to arrest the northward flow of freedom seeking blacks only with the end of the civil war did the line s significance fade though it continued to haunt african americans as jim crow took hold mason dixon tells the gripping story of colonial grandees native american diplomats quaker abolitionists fugitives from slavery capitalist railroad and canal builders us presidents supreme court justices and underground railroad conductors all contending with the relentless violence and political discord of a borderland that was a transformative force in american history

## ***Charles Kingsley : His Letters and Memories of His Life 1878***

in this sharp and witty book long time silicon valley observer and author andrew keen argues that on balance the internet has had a disastrous impact on all our lives by tracing the history of the internet from its founding in the 1960s to the creation of the world wide in 1989 through the waves of start ups and the rise of the big data companies to the increasing attempts to monetize almost every human activity keen shows how the has had a deeply negative effect on our culture economy and society informed by keen s own research and interviews as well as the work of other writers reporters and academics the internet is not the answer is an urgent investigation into the tech world from the threat to privacy posed by social media and online surveillance by government agencies to the impact of the internet on unemployment and economic inequality keen concludes by outlining the changes that he believes must be made before it s too late if we do nothing he warns this new technology and the companies that control it will continue to impoverish us all

recipient of the banff mountain book festival s canadian rockies award a book to be read and digested then sampled then read and dipped into often a fine achievement for this dedicated author bruce fairley canadian alpine journal holy shit waaaaaaaat a fabbbbulous tome tami knight illustrator mountaineer this important new book tells the story of canada s 200 year mountaineering history through the use of stories and pictures chic scott documents the evolution of climbing in canada he introduces us to the early mountain pioneers and the

modern day climbing athletes he takes us to the crags and the gyms from the west coast to quebec and from the yukon to the rockies but most importantly scott showcases canadian climbers the routes that challenged them the peaks that inspired them their insatiable desire to climb harder to push the limits begin the trek through canada s climbing history learn about swiss guides hired by cpr hotels who ushered in the glory years of first ascents continue through to the turn of the twentieth century when british and american climbers of leisure found themselves hampered by the difficulties of travel through the canadian wilderness learn about the european immigrants of the 1950s who pushed the limits on the rock walls and the american superstars who led the search for frightening new routes on the big north faces be there when british expatriates pioneer an exciting new trend in world mountaineering waterfall ice climbing witness the popular growth of sport climbing both on the crags and in the gyms finally enjoy the story of home grown climbers initially slow to take up the challenge both at home and overseas they are now leaders in the climbing world

## **History of the Parliamentary Representation of Preston, during the last hundred years 1986**

why did the language of contract become the dominant metaphor for the relationship between subject and sovereign in mid seventeenth century england in wayward contracts victoria kahn takes issue with the usual explanation for the emergence of contract theory in terms of the origins of liberalism with its notions of autonomy liberty and equality before the law drawing on literature as well as political theory state trials as well as religious debates kahn argues that the sudden prominence of contract theory was part of the linguistic turn of early modern culture when government was imagined in terms of the poetic power to bring new artifacts into existence but this new power also brought in its wake a tremendous anxiety about the contingency of obligation and the instability of the passions that induce individuals to consent to a sovereign power in this wide ranging analysis of the cultural significance of contract theory the lover and the slave the tyrant and the regicide the fool and the liar emerge as some of the central if wayward protagonists of the new theory of political obligation the result is must reading for students and scholars of early modern literature and early modern political theory as well as historians of political thought and of liberalism
