## **Winfield Scott 2015-06-26**

one of the most important public figures in antebellum america winfield scott is known today more for his swagger than his sword old fuss and feathers was a brilliant military commander whose tactics and strategy were innovative adaptations from european military theory yet he was often underappreciated by his contemporaries and until recently overlooked by historians while john eisenhower s recent agent of destiny provides a solid summary of scott s remarkable life timothy d johnson s much deeper critical exploration of this flawed genius should become the standard work thoroughly grounded in an essential understanding of nineteenth century military professionalism it draws extensively on unpublished sources in order to reveal neglected aspects of scott s life present a more complete view of his career and accurately balance criticism and praise johnson dramatically relates the key features of scott s career how he led troops to victory in the war of 1812 and the mexican war fought against the seminoles and creeks and was instrumental in professionalizing the u s army which he commanded for two decades he also tells how scott tried to introduce french methods into army tactical manuals and how he applied his study of the napoleonic wars during the mexico city campaign but found european strategy of little use against indians johnson further suggests that scott s creation of an officer corps that boasted grant lee mccllellan and other veterans of the mexican war raises important questions about his influence on civil war generalship more than a military history this book tells how scott s aristocratic pretensions placed him at odds with emerging notions of equality in jacksonian america and made him an unappealing politician in his bid for the presidency johnson not only recounts the facets of scott s personality that alienated nearly everyone who knew him but also reveals the unsavory methods he used to promote his career and the scandalous ways he attempted to relieve his lifelong financial troubles although his legendary vanity has tarnished his place among american military leaders scott is shown to have possessed great talent and courage johnson s biography offers the most balanced portrait available of scott by never losing sight of the whole man

## **The Encyclopedia of the Wars of the Early American Republic, 1783–1812 [3 volumes]**

***2014-06-11***

relatively little attention has been paid to american military history between 1783 and 1812 arguably the most formative years of the united states this encyclopedia fills the void in existing literature and provides greater understanding of how the nation evolved during this era this encyclopedia offers a comprehensive examination of u s military history from the beginning of the republic in 1783 up to the eve of war with great britain in 1812 it enables a detailed study of the early republic during which ideological and political divisions occurred over the fledgling u s military the entries cover all the important battles key individuals weapons indian nations and treaties as well as numerous social political cultural and economic developments during this period the contents of the work will enable readers at the high school college university and even graduate level to comprehend how political parties emerged and how ideological differences over the organization size and use of the military developed larger global developments including anglo american and franco american interactions relations between middle eastern states and the united states and relations and warfare between the u s government and various indian nations are also detailed the extensive and detailed bibliographies will be immensely helpful to learners at all levels

## **The Encyclopedia of North American Indian Wars, 1607–1890 [3 volumes] *2011-09-19***

this encyclopedia provides a broad in depth and multidisciplinary look at the causes and effects of warfare between whites and native americans encompassing nearly three centuries of history the battle of the wabash the u s army s single worst defeat at the hands of native american forces the battle of wounded knee an unfortunate unplanned event that resulted in the deaths of more than 150 lakota sioux men

women and children these and other engagements between white settlers and native americans were events of profound historical significance resulting in social political and cultural changes for both ethnic populations the lasting effects of which are clearly seen today the encyclopedia of north american indian wars 1607 1890 a political social and military history provides comprehensive coverage of almost 300 years of north american indian wars beginning with the first indian settler conflicts that arose in the early 1600s this three volume work covers all noteworthy battles between whites and native americans through the battle of wounded knee in december 1890 the book provides detailed biographies of military social religious and political leaders and covers the social and cultural aspects of the indian wars also supplied are essays on every major tribe as well as all significant battles skirmishes and treaties

## **Proceedings of the ... Annual Palo Alto Conference 1994**

most books on the war of 1812 focus on the burning of washington d c the battles of baltimore and new orleans and the war in the old northwest scant attention however has been paid the niagara campaign of 1814 the american army s ambitious but failed attempt to wrest canada from british control while a few writers have dealt with aspects of this effort richard barbuto is the first to offer a comprehensive study of the entire campaign barbuto covers every aspect of a campaign that saw the american army come of age even as its military leaders blundered away potential victory and the acquisition of a coveted expanse of north american territory vividly recreating the major battles on the niagara peninsula at chippawa lundy s lane fort erie and cook s mill barbuto also clarifies the role of these engagements within the overall framework of american strategy despite early success at chippawa four long months of fighting finally ended in something like a draw with the british still in control of canada barbuto argues convincingly that the american government was never really able to harness coordinate and focus its tremendous resources in ways that would have allowed the campaign to succeed much of the blame he shows can be attributed to the poor leadership and confused strategic thinking of president james madison and his secretary of war john armstrong the american effort was further undermined by manpower shortages a few ineffective field commanders and the army and navy s inability to coordinate their objectives and operations even so barbuto contends that the american soldier led by the likes of jacob brown and the legendary winfield scott performed surprisingly well against one of the great armies of the nineteenth century barbuto s analysis

unmarred by national bias presents a balanced picture of these events from the perspective of all participants american british canadian and native american he also fills an important gap by providing the first ever capsule histories of all regimental sized units involved in the campaign breathing new life into these events his far ranging study should become the definitive work on this long neglected campaign

### ***Proceedings of the First Annual Palo Alto Conference 1994***

a comprehensive account of every major war and battle fought in the americas this revised edition of the award winning wars of the americas offers up to date scholarship on the conflicts that have shaped a hemisphere when it was first published in 1998 wars of the americas a chronology of armed conflict in the western hemisphere was the only major reference focused exclusively on warfare in all its forms in north central and south america over the past five centuries now this acclaimed resource returns in a dramatically expanded new edition for its second edition wars of the americas has been doubled in size to two full volumes the first covers all wars and major battles from the earliest spanish conquests through the 18th century colonial rivalries that gripped the hemisphere the second volume covers covers the american revolutionary war and all subsequent conflicts up to the present in addition to exhaustive updating throughout and a deeper focus on the historical context of each conflict the new edition includes new coverage of the present day drug cartel wars international terrorism and the ever evolving relationships between the united states and the nations of latin america

### **Niagara, 1814 2000**

this study investigates whether the infantry doctrine used by the union and confederate armies in the battle of chickamauga followed published doctrine and determines what effect infantry doctrine had on the battle beginning with a review of each side s formal doctrine the

study divides the battle into sixty eight engagements and focuses on organization formations used terrain use of skirmishers engagement distances use of breastworks and engagement results to determine the doctrine used and its impact on the battle the armies organizations and formations indicate that each used a different doctrinal source union forces appeared to use brigadier general silas casey s manual while the confederates used lieutenant general william hardee s and lieutenant general winfield scott s manuals casey s doctrine gave the union army greater potential flexibility within their brigade division and corps formations but the cost of that potential was less combat power in the line of battle and vulnerability on the flanks engagement analysis indicates that both sides deviated from tactics by fighting prone during heavy firefights union breastworks in this battle were almost invulnerable the final conclusion is that while initial engagement distances were largely determined by terrain minimum ranges seemed to be influenced by the increased lethal range of the rifled musket

## **Wars of the Americas [2 volumes] *2008-02-11***

first published in 2015 this text holds four volumes of essays and entries on the early republic and antebellum era in america spanning the end of the american revolution in 1781 to the outbreak of civil war in 1861 the americans forged a new government in theory and then in practice with the beginnings of industrialisation and the effects of urbanisation widespread poverty labour strife debates around slavery and sectional discord by the end of the nineteenth century american had a powerhouse economy new technologies and the emergence of major social reform movements creation of uniquely american art and literature and the conquest of the west this encyclopaedia offers a historic reference

## **Union And Confederate Infantry Doctrine In The Battle Of Chickamauga *2015-11-06***

the battle of shiloh took place april 6 7 1862 between the union army of the tennessee under general ulysse s grant and the confederate army of mississippi under general albert sidney johnston johnston launched a surprise attack on grant but was mortally wounded during the battle general beauregard taking over command chose not to press the attack through the night and grant reinforced with troops from the army of the ohio counterattacked the morning of april 7th and turned the tide of the battle intended for a general readership decisions at shiloh introduces readers to critical decisions made by both union and confederate commanders who attempted to achieve strategic and tactical victories under considerable duress like previous volumes in this series this book contains maps photographs and a guided tour of the battlefield

## **The Early Republic and Antebellum America: An Encyclopedia of Social, Political, Cultural, and Economic History *2015-04-08***

a u s military academy historian analyzes america s exit strategies in conflicts ranging from the american revolution to the gulf war providing fifteen essays by leading authorities to offer insight into each war s goals campaigns and legacies

## **Decisions at Shiloh *2023-03-10***

for 124 years from 1690 to 1814 americans were besotted with the notion that it would take a mere matter of marching in th omas jeff erson s words to seize canada and add it to their union th e marching began in colonial times in 1690 when americans angered by french led

indian attacks on their frontier outposts retaliated by sending an expedition to lay siege to quebec the capital of new france they sailed home when they ran out of ammunition and rum in 1745 another and much larger colonial expedition set sail with the help of the british royal navy to attack the great french fortress at louisbourg and managed to capture it leading americans to believe for years to come they were better soldiers than they really were serious marching this time against the new british rulers of canada took place during the american revolution and the war of 1812 ethan allen started it all in 1775 by attacking quebec with a scratch force of untrained soldiers he was captured and thrown in prison richard montgomery and benedict arnold led armies that seized montreal but were turned back at quebec montgomery was killed and arnold wounded inept and poorly led american armies invaded canada again and again during the war of 1812 it wasn't until tecumseh was dead and winfield scott was in command of a well disciplined army the first in american history that yankee soldiers were able to stand up to british regulars the army in the end was saved by the navy which won significant victories on lakes erie and champlain canada emerged from the war a distinctive nation that to this day harbors a certain ambivalence in its thinking about its powerful neighbor to the south

## **Between War and Peace *2012-01-10***

a complete account from official sources of the participation of african americans in world war i including their involvement in war work organizations like the red cross ymca and the war camp community service the text includes an official summary of the treaty of peace and league of nations covenant with the entry of the united states into the great war in 1917 african americans were eager to show their patriotism in hopes of being recognized as full citizens however they were barred from the marines the aviation unit of the army and served only in menial roles in the navy despite their poor treatment african american soldiers provided much support overseas to the european allies as well as at home bookseller's description

## ***'A Mere Matter of Marching' 2011-04-01***

now in its third edition *American Military History* examines how a country shaped by race ethnicity economy regionalism and power has been equally influenced by war and the struggle to define the role of a military in a free and democratic society organized chronologically the text begins at the point of european conflict with native americans and concludes with military affairs in the early 21st century providing an important overview of the military s role on an international domestic social and symbolic level the third edition is fully updated to reflect recent developments in military policy and the study of military history and war and society thus providing students a foundational understanding of the american military experience this book will be of interest to students of american history and military history it is designed to allow instructors flexibility in structuring a course
