Lasting Longer 2010-04-01 editorial reviews according to dr stacy l elliott md the medical director at vancouver hospital s bc center for sexual medicine lasting longer has been instrumental in sexual education and treating sexual dysfunction for many years she says he was before his time in his thinking and experience has proven him to be right we have used dr silverberg s lasting longer faithfully for the twenty five years of our history his newer version is even easier to understand has more directed exercises and is even more positive and encouraging than his original version we are very grateful for his assistance all these years dr elliott is also a professor at the ubc department of psychiatry s division of sexual medicine she is a well recognized expert in the field of male sexual dysfunction and has been the chair of the canadian male sexual health council product description lasting longer was written by dr sy silverberg an md certified sex therapist with 40 years experience it was first published in 1978 since then it has been distributed only to professionals who have used it to help thousands of men worldwide to learn how to control ejaculation it was revised in 2010 and rewritten so that any man can understand it without the support of a therapist this was done in part to combat the professed online cures being offered to men at exorbitant prices for the most part these solutions are useless and in some cases even harmful and since the answer to controlling ejaculation lies in learning these sprays herbs vitamins dietary supplements and drugs will not help you learn to control premature ejaculation any more than they could help you learn to speak another language time has proven my belief that p e is so prevalent simply because young men have never been taught how to control ejaculation he explains dr silverberg equates the learning process to learning bladder control lasting longer leads men step by step through a series of exercises designed to teach them how to recognize the signals from their bodies that indicate they are approaching the point of no return they then learn how to control the reflex that triggers ejaculation exactly the same way they learned to control the reflex that triggers urination he believes that any man who was toilet trained can learn ejaculatory control lasting longer stands out from other publications on the topic in that it does not present page after page of historical data statistics demographics scientific jargon or entertaining clinical examples instead it uses clear and concise language to outline only the steps necessary to correct the problem in addition it offers concrete suggestions for developing a satisfying long term sexual relationship with a partner of either gender excerpts of the book may be viewed at sextherapy.prematureejaculation.com dr silverberg says i imagine that many of you have had the experience of spending hundreds of dollars on cures that have not worked for your own sake please try this approach if you are not able to learn how to control ejaculation to your satisfaction i will refund the full purchase price to you
