The Global Me 2000-07-05

the triumph of the hybrid is no passing fashion but a deep change as zachary reveals diversity defines the health and wealth of nations in the new century the hybrid is hip and mongrels are inheriting the earth the apostles of purity and the countries they run and companies they manage are doomed still hybridity and the new cosmopolitanism while fostering wealth and a liberation from the straight and narrow have their dangers too zachary offers a fresh take on how individuals corporations and countries struggle with diversity too much can be harmful while too little harms growth and security jacket

Global Community 2002

the author introduces readers to the philosophical underpinnings of the global community while illuminating the international institutions that made such a community possible in the real world politics government

At a Crossroads 2019-02-28

globalization proceeds apace taking on new forms that impact global economic financial and social processes interdependence is not simply strengthening the range of possibilities for national economies to participate in and advantage of these developments but expanding the opportunities that are available to them the question is how do states take advantage of these global developments russia is no exception although it actively participates in the globalization process it is however confronting greater economic technological structural and institutional problems than other countries at the same time there is dwindling hope for favourable conditions to continue in global energy markets which are crucial to the russian economy these problems exist alongside the risk that the widening gap between russia and other economies in terms of economic performance and technological development and growth will continue russia now stands at the crossroads of either overcoming or exacerbating these current challenges this choice dictates the current realities of pax economica moscow must in the very near future make meaningful if not fundamental decisions aimed at further opening its economy improving its institutions and strengthening its international ties this task is made more difficult by russia s weakening competitiveness and by its ambiguous position on the international division of labour the old model of russian development has been exhausted and a new one must be chosen russia s choice at this juncture will determine the future of its economic development for many years to come

Articulating the Global and the Local 2019-08-28

this book explores how discourses of the local the particular the everyday and the situated are being transformed by new discourses of globalization and transnationalism as used both by government and business and in critical academic discourse unlike other studies that have focused on the politics and economics of globalization articulating

The Poorer Nations 2014-06-03

in the darker nations vijay prashad provided an intellectual history of the third world and traced the rise and fall of the non aligned movement with the poorer nations prashad takes up the story where he left off since the 70s the countries of the global south have struggled to build political movements prashad analyzes the failures of neoliberalism as well as the rise of the brics countries the world social forum issuebased movements like via campesina the latin american revolutionary revival in short efforts to create alternatives to the neoliberal project advanced militarily by the us and its allies and economically by the imf the world bank the wto and other instruments of the powerful just as the darker nations asserted that the third world was a project not a place the poorer nations sees the global south as a term that properly refers not to geographical space but to a concatenation of protests against neoliberalism in his foreword to the book former secretary general of the united nations boutros boutros ghali writes that prashad has helped open the vista on complex events that preceded today s global situation and standoff the poorer nations looks to the future while revising our sense of the past

Comparative Employment Relations in the Global Economy 2013-07-24

employment relations is widely taught in business schools around the world increasingly however more emphasis is being placed on the comparative and international dimensions of the relations between employers and workers it is becoming ever more important to comprehend today's work and employment issues alongside a knowledge of the dynamics between global financial and product markets global production chains national and international employment actors and institutions and the ways in which these relationships play out in different national contexts this textbook is the first to present a cross section of country studies including all four bric countries brazil russia india and china alongside integrative thematic chapters covering all the important topics needed to excel in this field the textbook also benefits from the editors and contributors experience as leading scholars in employment relations the book is an ideal resource for students on advanced undergraduate and postgraduate comparative programmes across areas such as employment relations human resource management political economy labour politics industrial and economic sociology regulation and social policy

The Travels of a T-Shirt in the Global Economy 2005-04-01

praise for the travels of a t shirt in the global economy engrossing rivoli goes wherever the t shirt goes and there are surprises around every corner full of memorable characters and vivid scenes time an engaging and illuminating saga rivoli follows her t shirt along its route but that is like saying that melville follows his whale her nuanced and fair minded approach is all the more powerful for eschewing the pretense of ideological absolutism and her telescopic look through a single industry has all the makings of an economics classic the new york times rarely is a business book so well written that one would gladly stay up all night to finish it pietra rivoli's the travels of a t shirt in the global economy is just such a page turner cio magazine succeeds admirably t shirts may not have changed the world but their story is a useful account of how free trade and protectionism certainly have financial times a fascinating exploration of the history economics and politics of world trade the travels of a t shirt in the global economy is a thought provoking yarn that exhibits the ugly the bad and the good of globalization and points to the unintended positive consequences of the clash between proponents and opponents of free trade star telegram fort worth part travelogue part history and part economics the travels of a t shirt in the global economy is all storytelling and in the grand style a must read peter j dougherty senior economics editor princeton university press author of who's afraid of adam smith a readable and evenhanded treatment of the complexities of free trade as rivoli repeatedly makes clear there is absolutely nothing free about free trade except the slogan san francisco chronicle

Trading Services in the Global Economy 2002-01-01

this book provides one of the first interdisciplinary reviews of the relationship between services globalisation and trade liberalisation as we enter the twenty first century written by academics and policymakers it contains a detailed analysis of the characteristics of service trade and of recent and current service trade negotiations

Community in the Digital Age 2004-07-26

is the internet the key to a reinvigorated public life or will it fragment society by enabling citizens to associate only with like minded others online community has provided social researchers with insights into our evolving social life as suburbanization and the breakdown of the extended family and neighborhood isolate individuals more and more the internet appears as a possible source for reconnection are virtual communities real enough to support the kind of personal commitment and growth we associate with community life or are they fragile and ultimately unsatisfying substitutes for human interaction community in the digital age features the latest most challenging work in an important and fast changing field providing a forum for some of the leading north american social scientists and philosophers concerned with the social and political implications of this new technology their provocative arguments touch on all sides of the debate surrounding the internet community and democracy

The Global Economy in Turbulent Times 2015-05-19

The Global Business Environment 2020-02-19

at the turn of the twenty-first century globalization both the process and the idea bestrode the world widely acclaimed by political and economic pundits as the most important phenomenon of our time it took the world by storm two decades later it has come under sustained attack by the re-invigorated forces of the extreme right and radical left does globalization still matter in our unsettled world responding in the affirmative this study develops and applies a new framework of an engaged theory of globalization to analyze some of today's most pressing global challenges the rise of national populism ecological degradation rapid urbanization new sources of insecurity and the changing landscape of higher education offering a comprehensive appraisal of globalization in our unsettled times the authors explain why and how transplanetary interrelations continue to matter in a world that is wavering between globalist expansion and nationalist retrenchment

Globalization Matters 2019-08-08

how do influential social ideas contribute to global governance this book takes an original approach to international relations by looking at the way social ideas help to portray the world in a particular way Jonathan Joseph begins by analysing the role of important concepts such as globalisation global civil society social capital networks and risk then examines the role these concepts play in the discourse of international organisations using the concept of governmentality he argues that contemporary social theories help justify contemporary forms of governance by comparing organisations like the EU and the World Bank Joseph investigates the extent to which these ideas are influential in theory and in practice

The Social in the Global 2014-06-12

business travel has become indispensable to the global economy not only due to its necessity in the maintaining of corporate networks but also because of the associated economies that cater to the daily requirements of the business traveller underlying these developments are concerns over the environmental impact of increasing air travel which are likely to generate new challenges for the future of business travel from a team of international experts comes this analysis of the role nature and effects of modern business travel issues addressed include the relationships between airlines and business travellers the role of mobility in business and the opportunities and challenges created by mobile workforces the study combines theoretical advances with comprehensive analysis and will provoke debate across the social sciences on the nature organization and space of work in the twenty first century

International Business Travel in the Global Economy 2016-05-23

this book discusses the necessity for cooperation between china and japan to provide international public goods to asia it provides insight into how china and japan can redesign the process of economic integration and security architecture to ensure peace and prosperity in asia and how china and japan can cooperate to correct the capital misallocation and channel savings more effectively to investments in asia it also suggests how china and japan can promote free trade to help asian economies upgrade their industries in the global supply chain the book is an invaluable contribution to the existing discussion on china japan relations and how their cooperation is beneficial not only for them but also for asia and even the world

Business Law in the Global Marketplace 2006

today s global economy is yesterday s empire imperialism in whatever guise is the same through time penetrating every area of our lives affecting whole cultures as well as the deep core of individuals and maps have been the tools of empire defining the territory to be exploited off the map is a unique exploration of globalization part history part autobiography and part fiction it weaves together the history of the last 300 years of western imperialism the author s own story of sexual abuse in the 1950s and a present day horseback ride through the recently colonized chicano world of new mexico the author takes us with her as she travels off the map through the ancestral lands of her friend and traveling companion snowflake martinez describing the chicano people s struggle to survive the onslaught of a globalized world and the ways in which that struggle has been replicated countless times in a different voice she reveals scenes from her childhood her grandparents adorning themselves with

artifacts symbolic of the british empire and her medical doctor father raping both her and her brother for twelve years the political is deeply personal and hope according to glendinning resides in our creating new maps that chart worlds fashioned by love and respect for community place and nature a dazzling contribution to the critical study of globalization qua imperialism devon peña author of chicano culture ecology politics subversive kin

Off The Map 2002-08-13

brics is conceivably the most formidable organisation to have emerged in the post cold war period in the non western world this book highlights the significance of brics in a wider global context and foregrounds the long pending demand for the reform of global governance institutions the volume traces how the organisation came into being and looks at the distinct norms and principles espoused by it discusses the glaring limitations of the existing institutions of global governance explores the economic growth and the rising political influence of brics states analyses the internal threats to the survival of the organisation and assesses its prospects in the foreseeable future a significant intervention in situating brics as one of the major players in global governance the book will be of great interest to students and scholars of international political economy international business and finance international relations politics and global south studies

Locating BRICS in the Global Order 2022-10

focuses on the changing roles and challenges of innovation and growth policy and the strategies and measures that are critical in a globalizing world this title provides guidance for innovation policy strategy formulations and design of innovation policy measures

Innovation Imperative 2009-01-01

china s growing economic involvement in sub saharan africa and latin america has been a source of major controversy the official chinese position maintains that the growth of bilateral relations is of mutual benefit and provides a good example of south south cooperation critics on the other hand see the economic relations between china and other developing countries as highly unequal with most of the benefits accruing to china and a few local elites they also point to negative socio economic political and environmental consequences how china is reshaping the global economy development impacts in africa and latin america throws more light on these controversies through a comparative study of china s impact on the two regions it looks not just at bilateral relations between china and the two regions but also analyses the changes in the global economy brought about as a result of the shift in economic activity from north america and western europe to asia this book looks at the factors which led to rapid economic growth in china and the way in which this has affected global manufacturing commodity markets the international presence of chinese companies and financial flows it examines the different forms of chinese economic involvement in sub saharan africa and latin america the main drivers and economic social political and environmental consequences it ends with a comparison of the two regions that highlights the importance of different histories and political and institutional contexts in determining the impacts of china since the first edition of how china is reshaping the global economy development impacts in africa and latin america china s role in the global economy has continued to expand and the chinese government s foreign policy has become more assertive the global presence of china has been marked by the expansion of the belt and road initiative to almost 150 countries and the trade war between the us and china as well as increased western concerns over the activities of major chinese companies such as huawei this new edition documents these changes and their implications for ssa and lac

How China Is Reshaping the Global Economy 2022

ingrid volkmer argues that the new global exchange can be regarded as a trans societal sphere of mediation which involves a global exchange of universal but also increasingly particular news and political information issues this new diverse global information flow provides the communication platform on which a global civil society emerges

News in the Global Sphere 1999

taking an interdisciplinary approach vai io lo and mary hiscock together with scholars and researchers from around the world investigate the rise of the brics and assess the extent of their further development and influence from the perspectives of

The Rise of the BRICS in the Global Political Economy 2014-01-31

protests of neoliberal globalization have proliferated in recent years not least in response to the financial crisis austerity and increasing inequality but how do religious groups organize themselves in response to these issues this book systematically studies the relationship of religious activism towards neoliberal globalization it considers how religious organizations often play a central role in the resistance against global capitalism endeavouring to offer alternatives and developments for reform but it also examines the other side of the coin showing how many religious groups help to diffuse neoliberal values promote and reinforce practices of capitalism drawing on a unique set of case studies from around the world the chapters examine a range of groups and their practices in order to provide a thorough examination of the relationship between religion and the global political economy

Religious Activism in the Global Economy 2016-06-01

using figures from european union members the volume highlights the conditional effects of globalization asset specificity and domestic institutions far from being impotent democratic states face politically powerful pressures to continue to shield social actors from the vagaries of the global market

State Subsidies in the Global Economy 2008-02-18

China and the Global Economy in the 21st Century 2011

this work examines the plethora of competitive strategies adopted by the modern state from the exclusive hegemonic strategies of the most powerful states to the parasitical strategies of the mini states that serve as tax havens and flags of conveniencethe welfare policies of the shielders to the repressed and exploited labour forces of downwardly mobile third world states from emerging continental economies of nafta and the eu to the utter despair of collapsed states structurally unable to compete in the world economy by investigating these strategic responses this book presents a comprehensive study of the tactics and strategies employed by states to achieve greater stability and strength with the global political economy

State Strategies in the Global Political Economy 1999

in brazil the confluence of strong global demand for the country's major products global successes for its major corporations and steady results from its economic policies is building confidence and even reviving dreams of grandeza the greatness that has proven elusive in the past even as the current economic crisis tempers expectations of the future the trends identified in this book suggest that brazil will continue its path toward becoming a leading economic power in the future once seen as an economic backwater brazil now occupies key niches in energy agriculture service industries and even high technology yet latin america's largest nation still struggles with endemic inequality issues and deep seated ambivalence toward global economic integration scholars and policy practitioners from brazil the united states and europe recently gathered to investigate the present state and likely future of the brazilian economy this important volume is the timely result in brazil as an economic superpower international authorities focus on five key topics agribusiness energy trade social investment and multinational corporations their analyses and expertise provide not only a unique and authoritative picture of the brazilian economy but also a useful lens through which to view the changing global economy as a whole

Brazil as an Economic Superpower? 2009-09-01

an integrated picture of india's global vision its foreign policy and the negotiating practices that link the two in recent decades india has grown as a global power and has been able to pursue its own goals in its own way negotiating for india's global role gives an insightful and integrated analysis of india's ability to manage its evolving role former ambassadors teresita and howard schaffer shine a light on the country's strategic vision foreign policy and the negotiating behavior that links the two the four concepts woven throughout the book offer an exploration of india today its exceptionalism nonalignment and the drive for strategic autonomy determination to maintain regional primacy and more recently its surging economy with a specific focus on india's stellar negotiating practice negotiating for india's global role is a unique comprehensive understanding of india as an emerging international power player and the choices it will face between its classic view of strategic autonomy and the desirability of finding partners in the fast evolving world

India at the Global High Table 2016-04-05

america's position as the source of much of the world's global innovation has been the foundation of its economic vitality and military power in the post war no longer is u.s. pre-eminence assured as a place to turn laboratory discoveries into new commercial products companies industries and high paying jobs as the pillars of the u.s. innovation system erode through wavering financial and policy support the rest of the world is racing to improve its capacity to generate new technologies and products attract and grow existing industries and build positions in the high technology industries of tomorrow rising to the challenge u.s. innovation policy for global economy emphasizes the importance of sustaining global leadership in the commercialization of innovation which is vital to america's security its role as a world power and the welfare of its people the second decade of the 21st century is witnessing the rise of a global competition that is based on innovative advantage to this end both advanced as well as emerging nations are developing and pursuing policies and programs that are in many cases less constrained by ideological limitations on the role of government and the concept of free market economics the rapid transformation of the global innovation landscape presents tremendous challenges as well as important opportunities for the united states this report argues that far more vigorous attention be paid to capturing the outputs of innovation the commercial products the industries and particularly high quality jobs to restore full employment america's economic and national security future depends on our succeeding in this endeavor

Rising to the Challenge 2012-08-06

the idea and practice of the green economy is gaining momentum coinciding with financial instability and continued economic woe in the global north but generally more positive economic circumstances in the global south green economic initiatives in the global south are multiplying and include carbon payments ecotourism community based wildlife management sustainability certification initiatives and offsets by mining companies exploiting new resources these initiatives are reallocating resources redefining inequalities and redistributing the fortune and misfortune of participants of the green economy and those excluded from it they have also led to resistance locally nationally and transnationally and to demands for alternatives to market driven instruments and solutions which are generally gaining strength and coherence the articles included in this volume bring together a multi-disciplinary team of scholars from north and south to provide nuanced analyses of green economy experiences in the

global south analysing the opportunities they provide but also the redistributions they entail and the kinds of resistances they face the ultimate aim of the collection is to provide a critical but balanced overview of the emerging green economy in the global south and point the way to possible adjustments alternatives or radical resistance depending on different situations this book was originally published as a special issue of third world quarterly

The Green Economy in the Global South 2018-09-27

the conditions in which development the process by which people individually and collectively enhance their capacities to improve their lives according to their values and interests operates have significantly changed in the global information age a period characterized by the technological revolution in information and communication the rise of the networking form of social organization and the global interdependence of economies and societies this volume aims to redefine the means and goals of development in this new context first by characterizing the specific mode of development informational development that the authors consider to be the driver of the creation of material wealth in the twenty first century secondly by reconceptualizing human development as the fulfilment of human wellbeing in the multidimensionality of the human experience ultimately affirming dignity as the supreme value of development thirdly by examining the relationship between informational development and human development after first setting out its analytical framework the book brings together a diverse set of empirically rich case studies to illustrate this investigation from across the globe silicon valley costa rica chile south africa finland the european union and china and concludes by attempting to reconceptualize development it raises important questions and provides observations including examining the concept of dignity as development to contribute to a policy debate that should provide specific answers linked to the conditions of each society and be enacted by democratic institutions in a concerted global effort to save humankind while there is still time

Climate Change and Agriculture 1990

in this wide ranging collection of essays first published between 2007 and 2014 charles wolf jr shares his insights on the world s economies including those of china the united states japan korea india and others first appearing in such periodicals as in forbes the wall street journal and the weekly standard among others these chapters take on a range of questions about the global economy wolf discusses the paradoxes and puzzles within china s political economy and in its interactions with the united states he analyzes the shortcomings of keynesian economics as a response to the 2008 recession as well as the weaknesses of policies and actions inferred from the theory and compares those weaknesses with those of austerity policies intended to limit government spending and indebtedness he also offers his views on economic inequality and where its principal sources may truly lay china s currency and the continuing controversy about whether and when it may become a major international reserve currency and many more insights on key economic issues affecting the global economy bringing these essays together for the first time in a single volume including two essays not yet published elsewhere this book enables the reader to absorb the author s expert perspective during the years in a collection in which the whole is truly greater than the sum of its parts each chapter includes a brief postaudit in which the author attempts to grade how well or ill the essay seems in retrospect

Reconceptualizing Development in the Global Information Age 2014-08-28

young ephraim goldman is the author of a perennial bestseller a celebrated academic lion he hobnobs with the movers and shakers of his era such as einstein berenson and bertrand russell ephraim s son bernard is a young writer desperate to make his own reputation in the literary world after a shrewd publisher hires bernie to write his father s biography he stumbles across a startling photograph as the mystery of his father slowly unfolds bernard has to come to terms with both the present and the future but in the end can he repair his relationship and begin to understand his father or will long kept secrets destroy their family

Puzzles, Paradoxes, Controversies, and the Global Economy 2015-06-01

this book seeks offers accounts of the ways in which chinese engagement with latin america will shape the regional and global order with impacts for development peace and equity it also pays close attention to the traditional role played by the usa in the region how china differs and the increasingly triangular relationship between the usa china and latin american countries the contributors analyze various economic dimensions including trade infrastructure and finance and the historical sectoral regional and national stories seek to change the narrative on china latin american relations in particular the book argues that there are opportunities for international

cooperation to secure gains in the region but only if the us and china alter their behavior and latin american countries work collectively and in more coordinated fashion together the chapters offer coherent social science analysis policy frameworks and empirical detail to understand and navigate increased chinese engagement with latin america

The Global View 2020-08-28

with the global economy slowing global trade negotiations currently not making sufficient progress and the emergence of a risk of increased protectionism the need to demonstrate the importance of trade and the positive contribution it can make to positive economic growth and global welfare has never been more pressing given the fundamental changes under way in the global economy however progress on trade will require a strategy that looks beyond the doha round one that rethinks the ends and means of trade policy in a more globalized world economy this conference had three main objectives 1 assessing what changes in the structure of international trade and development mean for the conduct of trade policy in globally integrated markets 2 exploring how trade policy and the trading system can best contribute to addressing the broader challenges the global community confronts specifically to a reduction in global poverty and a response to global warming and 3 determining the appropriate role for the wto and the trade regime in the light of the growing debate over reforming the international economic architecture

China, Latin America, and the Global Economy 2022-12-31
