tends to his bees writes in his journal and grapples with the diminishing powers of his mind but in the twilight of his life as people continue to look to him for answers holmes revisits a case that may provide him with answers of his own to questions he didn t even know he was asking about life about love and about the limits of the mind s ability to know a novel of exceptional grace and literary sensitivity a slight trick of the mind is a brilliant imagining of our greatest fictional detective and a stunning inquiry into the mysteries of human connection this volume advocates a trans regional and maritime focused approach to studying the genesis development and circulation of esoteric or tantric buddhism across maritime asia from the seventh to the thirteenth centuries ce the book lays emphasis on the mobile networks of human agents masters textual sources texts and images icons through which esoteric buddhist traditions spread capitalising on recent research and making use of both disciplinary and area focused perspectives this book highlights the role played by esoteric buddhist maritime networks in shaping intra asian connectivity in doing so it reveals the limits of a historiography that is premised on land based transmission of buddhism from a south asian homeland and advances an alternative historical narrative that overturns the popular perception regarding southeast asia as a periphery

that passively received overseas influences thus a strong point is made for the appreciation of the region as both a crossroads and rightful terminus of buddhist cults and for the re evaluation of the creative and transformative force of southeast asian agents in the transmission of esoteric buddhism across mediaeval asia
