Smarter as the New Urban Agenda 2015-09-07

this book will provide one of the first comprehensive approaches to the study of smart city governments with theories and concepts for understanding and researching 21st century city governments innovative methodologies for the analysis and evaluation of smart city initiatives the term smart city is now generally used to represent efforts that in different ways describe a comprehensive vision of a city for the present and future a smarter city infuses information into its physical infrastructure to improve conveniences facilitate mobility add efficiencies conserve energy improve the quality of air and water identify problems and fix them quickly recover rapidly from disasters collect data to make better decisions deploy resources effectively and share data to enable collaboration across entities and domains these and other similar efforts are expected to make cities more intelligent in terms of efficiency effectiveness productivity transparency and sustainability among other important aspects given this changing social institutional and technology environment it seems feasible and likeable to attain smarter cities and by extension smarter governments virtually integrated networked interconnected responsive and efficient this book will help build the bridge between sound research and practice expertise in the area of smarter cities and will be of interest to researchers and students in the e government public administration political science communication information science administrative sciences and management sociology computer science and information technology as well as government officials and public managers who will find practical recommendations based on rigorous studies that will contain insights and guidance for the development management and evaluation of complex smart cities and smart government initiatives

Focus On: 100 Most Popular Actresses in Hindi Cinema 2020-10-12

this book represents a significant and timely contribution to the copious literature of the eu as a global actor providing new insights and fresh perspectives into the promotion of human rights and international labour standards in the eu s external trade relations building on and stimulating further the already well engaged scientific dialogue on this area of research in particular it provides the basis for developing a new analytical structure for better understanding the role of the eu in promoting human rights and international labour standards in global trade and in particular for assessing the extent to which and how normative considerations have influenced the adoption of eu legal instruments and policy decisions this book will appeal to research scholars post graduate students practitioners and human rights activists

The Role of the EU in the Promotion of Human Rights and International Labour

Malta Company Laws and Regulations Handbook Volume 1 Strategic Information and Basic Laws 2019-07-25

this book explores the question of how the eu understands the rule of law in its external relations with a particular focus on development cooperation and enlargement although the eu s commitment to the rule of law is strong the relevant concept remains nebulous on the basis of a detailed analysis of two key eu external policy areas the main argument advanced is that the union has adopted a mostly institutional approach to the concept by focussing largely on judicial reform by testing the relevant practice against the background of the constitutional traditions of the member states and legal theory the book attests to the significance of developing a comprehensive approach to the rule of law in eu external relations

The EU's Conceptualisation of the Rule of Law in its External Relations 2018-02-02

while moving image advertising has been around us everywhere for at least a century the topic has tended to be overlooked by cinema studies this far reaching new collection makes an incisive contribution to a new field of study by exploring the history theory and practice of moving image advertising and emphasising the dynamic and lasting relationships between print film broadcasting and advertising cultures in chapters written by an international ensemble of leading scholars and archivists the book covers a variety of materials from pre show advertising films to lantern slides and sponsored educations with case studies of advertising campaigns and archival collections from a range of different countries and giving consideration to the problems that advertising materials pose for preservation and presentation this rich and expansive text testifies to the need for a new approach to this burgeoning subject that looks beyond the mere study of promotional film

Films that Sell 2016-01-02

knowledge about violent conflict and international intervention is political it involves power struggles over the objects of knowing problematization silencing how they are known epistemic practices and what interpretations are taken into account in policymaking and implementation this book unearths the politics power and performances involved in the social construction of seemingly neutral concepts such as facts truth and authenticity in knowing about violent conflict and international intervention contributors foreground problems of physical and social access to information explore practices generating knowledge actors authority and legitimacy and analyse struggles over competing policy narratives a first set of chapters focuses on the social construction of facts truth and authenticity through studies of militia research in the dr congo politicians on site visits in intervention theatres in the balkans and afghanistan and the epistemic practices

of human rights watch and comics journalism a second set of contributions analyses the strategic side of knowledge through case studies of diplomatic counterinsurgency in bosnia and herzegovina african governments active role in the bunkerization of international aid workers and authoritarian peacebuilding as a challenge to the liberal power knowledge regime in world politics this book was originally published as a special issue of the journal of intervention and statebuilding

Knowledge and Expertise in International Interventions 2018-11-19

the eruption of the anti assad revolution in syria has had many unintended consequences among which is the opportunity it offered sunni jihadists to establish a foothold in the heart of the middle east that syria s ongoing civil war is so brutal and protracted has only compounded the situation as have developments in iraq and lebanon ranging across the battlefields and international borders have been dozens of jihadi islamist fighting groups of which some coalesced into significant factions such as jabhat al nusra and the islamic state this book assesses and explains the emergence since 2011 of sunni jihadist organizations in syria s fledgling insurgency charts their evolution and situates them within the global islamist project unprecedented numbers of foreign fighters have joined such groups who will almost certainly continue to host them thus external factors in their emergence are scrutinized including the strategic and tactical lessons learned from other jihadist conflict zones and the complex interplay between al qaeda and the islamic state and how it has influenced the jihadist sphere in syria tensions between and conflict within such groups also feature in this indispensable volume

The Syrian Jihad 2016-02-26

the approaches of eu institutions and the us to democracy assistance often vary quite significantly as both actors choose different means and tactics the nuances in the understandings of democracy on the part of the eu and the us lead to their promotion of models of democratic governance that are often quite divergent and in some respects clashing this book examines the sources of this divergence and by focusing on the role of the actors democratic identity it aims to explain the observation that both actors use divergent strategies and instruments to foster democratic governance in third countries taking a constructivist view it demonstrates that the history expectations and experiences with democracy of each actor significantly inform their respective definition of democracy and thus the model of democracy they promote abroad this book will be of key interest to scholars students and practitioners in democracy promotion democratization political theory eu and us foreign policy and assistance and identity research

Transatlantic Democracy Assistance 2017-02-09

the rapid growth of shale gas development has led to an intense and polarizing debate about its merit this book asks and suggests answers to the question that has not yet been systematically analysed what laws and policies are needed to ensure that shale gas development helps to accelerate the transition to sustainability in this groundbreaking book more than a dozen experts in policy and academia assess the role that sustainability plays in decisions concerning shale gas development in the us and elsewhere offering legal and policy recommendations for developing shale gas in a manner that accelerates the transition to sustainability contributors assess good practices from pennsylvania to around the planet discussing how these lessons translate to other jurisdictions ultimately the book concludes that major changes in law and policy are needed to develop shale gas sustainably policymakers and educators alike will find this book to be a valuable resource as it tackles the technical social economic and legal aspects associated with this sustainability issue other strengths are its clear language and middle ground policy perspective that will make shale gas and the future of energy accessible to both students and the general public

Shale Gas and the Future of Energy 2020-04-02

2011 updated reprint updated annually order of malta handbook

Malta: Order of Malta Handbook: Strategic Information and Contacts 2017-07-14

the first edition of this seminal textbook made a significant impact on the teaching of eu external relations law this new edition retains the hallmarks of that success while providing a fully revised and updated account of this burgeoning field it offers a dual perspective looking at questions from both the eu constitutional law perspective the principles underpinning eu external action the eu s powers and the role of the court of justice of the eu and the international law perspective the effect of international law in the eu legal order and the position of the eu in international organisations such as the wto a number of key substantive policy areas are explored including trade security and defence police and judicial cooperation the environment human rights and development cooperation taking a text cases and materials approach it allows students to gain a thorough understanding of milestones in the evolution of eu law in this area their judicial interpretation and scholarly appraisal linking these pieces together through the authors commentary and analysis ensures that students are given the necessary guidance to properly position and digest these materials lastly each chapter concludes with a section entitled the big picture of eu external relations law which weaves together the diverse and complex materials into a coherent whole and stimulates critical discussion of the topics covered

EU External Relations Law 2016-04-28

in this book edenborg studies contemporary conflicts of community as enacted in russian media from the homosexual propaganda laws to the sochi olympics and the ukraine war and explores the role of visibility in the production and contestation of belonging to a political community the book examines what it is that determines which subjects and narratives become visible and which are occluded in public spheres how they are seen and made intelligible and how those processes are involved in the imagination of communities investigating the differentiated consequences of visibility edenborg discusses what forms of visibility make belonging possible and what forms of visibility may be related to exclusion or violence the book maps and analyses the practices and mechanisms whereby a state seeks to produce and shape belonging through controlling what becomes visible in public and how that which becomes visible is seen and understood in addition it examines what forms contestation can take and what its effects may be advancing theoretical understanding and offering a useful way to analytically conceptualize the role of visibility in the production and contestation of political communities this work will be of interest to students and scholars of gender and sexuality politics borders citizenship nationalism migration and ethnic relations

Politics of Visibility and Belonging 2015-04-30

since the late 1960s the novels of sjowall and wahloo s martin beck detective series along with the works of henning mankell hakan nesser and stieg larsson have sparked an explosion of nordic crime fiction grim police procedurals treating urgent sociopolitical issues affecting the contemporary world steeped in noir techniques and viewpoints many of these novels are reaching international audiences through film and television adaptations this reference guide introduces the world of nordic crime fiction to english speaking readers caught between the demands of conscience and societal strictures the detectives in these stories like the heroes of norse mythology know that they and their world must perish but fight on regardless of cost at a time of bleak eventualities nordic crime fiction interprets the bitter end as a celebration of the indomitable human spirit

Encyclopedia of Nordic Crime Fiction 2022-02-03

this new edition provides a definitive comprehensive and systematic analysis of the law governing the eu s action in the world updated to take into account the lisbon treaty and recent case law the book covers all constitutional aspects of the eu s international action and the procedures for treaty making it analyses the relationship between the eu and its members with emphasis on mixed agreements and the status of international law in the eu legal order it explores the links between the eu and international organisations such as the wto and examines the eu s external economic and political relations and its various links with third countries including its neighbours it analyses

amongst others the common commercial policy sanctions the common foreign and security policy and the common security and defence policy this new edition is the most up to date work of its kind examining both the law and practice in a wide range of external policies placing the law in its political and economic context and exploring the links between the eu s external and internal actions

EU International Relations Law 2017-09-15

enormously readable excellent dominic sandbrook sunday times a superb piece of thorough journalism david aaronovitch the times nigel Farage is arguably one of the most influential British politicians of the 21st century his campaign to take the UK out of the EU began as a minority and extreme point of view but in June 2016 it became the official policy of the nation after a divisive referendum in Michael Crick's brilliant new biography one party after another we find out how he did it despite never once managing to get elected to parliament Farage left public school at the age of 16 to go and work in the city but in the 1990s he was drawn into politics joining UKIP ironically it was the electoral system for the European Parliament that gave him access to a platform and he was elected an MEP in 1999 his everyman persona combined with a natural ability as a maverick and outspoken performer on TV ensured that he garnered plenty of media attention his message resonated in ways that rattled the major parties especially the Conservatives and suddenly the UK's membership of the EU was up for debate controversy was never far away with accusations of racism against the party and various scandals but having helped secure the referendum Farage was largely sidelined by the successful official Brexit campaign when Parliament struggled to find a way to leave Farage created the Brexit Party to ensure Britain did eventually leave the EU early in 2020 Crick's compelling new study takes the reader into the heart of Farage's story assessing his methods uncovering remarkable hidden details and builds to an unmissable portrait of one of the most controversial characters in modern British politics

One Party After Another 2016

this book examines the crisis in Ukraine through the lens of triangular diplomacy which focuses on the multiple interactions among the European Union the United States and Russia it is explicitly comparative considering how the US and EU responded to ostensibly the same crisis it also adopts a 360 degree perspective focusing on how the US and EU interacted in their dealings with Russia and how Russia and Ukraine have responded chapters focus on each of the four protagonists the EU the US Russia and Ukraine and on key cross cutting aspects of the crisis sanctions international law and energy the book thus contrasts a conventional if exceptional great power the US with a very non traditional foreign policy actor the EU it would be suitable for both undergraduate and graduate courses on the EU's external policies and engagement in world affairs EU US relations EU Russia interactions or regional security issues

Triangular Diplomacy among the United States, the European Union, and the Russian Federation 2015-11-19

A Critical Public Relations Approach to Crisis Communication and Management 2015-02-05

this book arrives at a very significant time throughout europe not only is the european union currently facing a prolonged economic and social crisis with nascent political consequences such as the ascension of populist parties in the 2014 european elections but also its eastern neighbourhood is confronted with the growing hostility of an assertive russia opposing any new advance of the west towards its

frontiers bringing together experts in fields such as international relations political science political sociology diplomacy security studies and european studies with robust academic and professional backgrounds and expertise with regard to the region this volume explores this significant window of opportunity and will undoubtedly appeal to a global audience the considerable diversity of approaches and styles here allows a multidimensional diagnosis and analysis of present day eastern europe this volume defines a series of major regional opportunities vulnerabilities and dilemmas and explores the complex perspectives of the new eastern europe located between the european union and russia under its current name of the eu s eastern neighbourhood along with the tensions and challenges of a possible second cold war

The EU Treaties and the Charter of Fundamental Rights 2017-08-16

despite sustained continental and national struggles for autonomy sovereignty and independence in postcolonial africa the continent is increasingly embattled by the forces of globalisation which threaten african identity that is at the core of african struggles for continental and national unity situating the debates in the contemporary discourses on decoloniality global consumerism global food apartheid and the challenges and prospects of the emergent sharing economies this book critically examines the importation use and implications of genetically modified organisms gmos and other such non food products on african bodies institutions and cultures the book poses questions about how africa can be decolonised both politically and in terms of global food apartheid and the dehumanising importation and use of foreign non food products some of which militate against the ethos of african identity renaissance and indigeneity on note the book urges the african continent to ensure the safety of imports ensuing from the global flows and circulations that are mired in the resilient invisible global matrices of power

The European Union's Eastern Neighbourhood Today 2020-12-29

this book revealingly traces the ways in which third party perceptions of an international actor affect its agency in global affairs by using the example of the european union s engagement in southeast asian non traditional security utilizing an innovative analytical framework emphasising the intersubjective nature of international actorness it provides novel insights into cooperation between the eu and the association of southeast asian nations asean the book covers fields such as counter terrorism disaster management or maritime security affairs and emphasises the role that asean s perceptions of the eu play in them based on rich empirical data gained from multiple interviews in europe and southeast asia the author uncovers the missing link between external perceptions of the eu and their impact on joint eu asean endeavours in non traditional security fields the book concludes by making some concrete recommendations to policy makers engaged in eu external relations and reminds us that the other and its domestic context might be even more important in thinking about international affairs than acknowledged thus far this book is of key interest to scholars practitioners and students of eu foreign

policy eu asean affairs eu asia relations and more broadly of eu studies international relations regionalism and interregionalism as well as security studies

GMOs, Consumerism and the Global Politics of Biotechnology 2016-10-27

turkey has undergone a series of upheavals in its political regime from the mid 19th century this book details the most recent change locating it in its broader historical setting beginning with the justice and development party s rule from late 2002 supported by a broad informal coalition that included liberals the book shows how the former islamists gradually acquired full power between 2007 and 2011 it then describes the subsequent phase looking at politics and rights under the amorphous new order this is the first scholarly yet accessible assessment of this historic change placing it in the larger context of political modernisation in the country over the past 150 years

The EU in Southeast Asian Security 2020-02-19

this book analyzes examples of strategic engagement in order to identify the factors which contribute to the success or failure of defence diplomacy in preventing interstate conflict for more than a century nations have engaged in defence diplomacy to cultivate mutual understanding and mitigate conflict a subset of defence diplomacy is strategic engagement defined as peacetime defence diplomacy between nations that are actual or potential adversaries this book analyzes three cases of strategic engagement in order to elucidate the factors which contribute to the success or failure of this diplomacy in preventing conflict it uses an inductive framework to compare strategic engagement in the following cases anglo german defence diplomacy prior to world war i u s soviet defence diplomacy during the cold war and post cold war u s china defence diplomacy based upon archival literature and personal interview research the book argues that defence diplomacy can mitigate the risk of interstate conflict between potential adversaries the lessons learned from this book can be employed to discern the significant elements conducive to achieving a successful outcome of strategic engagement and averting conflict or even war this book will be of much interest to students of defence studies diplomacy studies foreign policy and international relations
