the routledge history of disease draws on innovative scholarship in the history of medicine to explore the challenges involved in writing about health and disease throughout the past and across the globe presenting a varied range of case studies and perspectives on the patterns technologies and narratives of disease that can be identified in the past and that continue to influence our present organized thematically chapters examine particular forms and conceptualizations of disease covering subjects from leprosy in medieval europe and cancer screening practices in twentieth century usa to the ayurvedic tradition in ancient india and the pioneering studies of mental illness that took place in nineteenth century paris as well as discussing the various sources and methods that can be used to understand the social and cultural contexts of disease chapter 24 of this book is freely available as a downloadable open access pdf under a creative commons attribution non commercial no derivatives 3 0 license routledgehandbooks.com/doi/10.4324/9781315543420.ch24

Lloyd's Register of Yachts 1900

1900-01-01

the letters in this volume cover the eighteen months Katherine Mansfield spent in England, France, and Switzerland from May 1920 to the end of 1921. It is the period of her finest stories and when her life took its most decisive turn. There is a subtle but unmistakable change in her expectations, a new spiritual insistence that is both elusive and resolute from her Chekhovian acceptance that they are cutting down the cherry trees. She derives a tough existential directness. The little boat enters the dark, fearful gulf; nobody listens. The shadowy figure rows on; one ought to sit still and uncover one's eyes. There is a determined push, not always successful, towards a necessary honesty as much as to artistic achievement. While those qualities of her earlier correspondence remain undiminished—the precision and directness, the intelligence and wit, the dark incisiveness as much as sheer fun—above all, perhaps, these letters comprise a record of very considerable courage against increasingly adverse odds as they approach the final years of her life.

The Routledge History of Disease

2016-08-05

one of the most important dance artists of the twentieth century, dancer and choreographer Katherine Dunham (1909–2006) created works that thrilled audiences the world over. As an African American woman, she broke barriers of race and gender, most notably as the founder of an important dance company that toured the United States, Latin America, Europe, Asia, and Australia for several decades. Through both her company and her schools, she influenced generations of performers for years to come, from Alvin Ailey to Marlon Brando to Eartha Kitt. Dunham was also one of the first choreographers to conduct anthropological research about dance and translate her findings for the theatrical stage. *Katherine Dunham Dance and the African Diaspora* makes the argument that Dunham was more than a dancer; she was an intellectual and activist committed to using dance to fight for racial justice. Dunham saw dance as a tool of liberation, as a way for people of African descent to reclaim their history and forge a new future. She put her theories into motion, not only through performance but also through education, scholarship, travel, and choices about her own life. Author Joanna Dee Das examines how Dunham struggled to balance artistic dreams, personal desires, economic needs, and political commitments in the face of racism and sexism. The book analyzes Dunham's multiple spheres of engagement, assessing her dance performances as a form of Black feminist protest while also presenting new material about her schools in New York and East St. Louis, her work in Haiti, and her network of interlocutors that included figures as diverse as ballet choreographer George Balanchine and Senegalese President Léopold Sédar Senghor. It traces Dunham's influence over the course of several decades, from the New Negro movement of the 1920s to the Black Power movement of the late 1960s and beyond. By drawing on a vast, never-utilized trove of archival materials, along with oral histories, choreographic analysis, and embodied research, *Katherine Dunham Dance and the African Diaspora* offers new insight about how this remarkable woman built political solidarity through the arts.

The Collected Letters of Katherine Mansfield: Volume IV: 1920-1921

1996-03-28

The Lloyd's Register of Yachts was first issued in 1878 and was issued annually until 1980, except during the years 1916–18 and 1940–46. Two supplements containing additions and corrections were also issued annually. The register contains the names, details, and characters of yachts classed by the Society, together with the particulars of other yachts which are considered to be of interest. It illustrates plates of the flags of yacht and sailing clubs, together with a list of club officers, an illustrated list of the distinguishing flags of yachtsmen, a list of the names and addresses of yacht owners, and much other information. For more information on the Lloyd's Register of Yachts, please click here: hec.lfoundation.org.uk/archive/library/lloyds-register-of-yachts-online

This book charts the history of modern magic across India, China, and Japan, analyzing representations in the cultural imagination of the West.

Lloyd's Register of Yachts 1914

1914-01-01

Here Arthur Versluis breaks new ground, showing that many writers of the American Renaissance drew extensively on—and were inspired by—Western esoteric currents. Thus he demonstrates that Alcott and Emerson were indebted to Hermeticism, Christian Theosophy, and Neoplatonism; Fuller to alchemy and Rosicrucianism; Hawthorne to alchemy; and Melville to Gnosticism. In addition to offering a detailed analysis of the esoteric elements in the writings of figures from the American Renaissance, Versluis presents an overview of esotericism in Europe and its offshoots in colonial

Witchcraft and belief in Early Modern Scotland

2007-12-04

ted shawn 1891 1972 is the self proclaimed father of american dance who helped to transform dance from a national pastime into theatrical art in the process he made dancing an acceptable profession for men and taught several generations of dancers some of whom went on to become legendary choreographers and performers in their own right most notably his protégés martha graham louise brooks doris humphrey and charles weidman shawn tried for many years and with great frustration to tell the story of his life s work in terms of its social and artistic value but struggled owing to the fact that he was homosexual a fact known only within his inner circle of friends unwilling to disturb the meticulously narrated account of his paternal exceptionalism he remained closeted but scrupulously archived his journals correspondence programs photographs and motion pictures of his dances anticipating that the full significance of his life writing and dances would reveal itself in time ted shawn his life writings and dances is the first critical biography of the dance legend offering an in depth look into shawn s pioneering role in the formation of the first american modern dance company and school the first all male dance company and jacob s pillow the internationally renowned dance festival and school located in the berkshires the book explores shawn s writings and dances in relation to emerging discourses of modernism eugenics and social evolution revealing an untold story about the ways that shawn s homosexuality informed his choreographic vision the book also elucidates the influences of contemporary writers who were leading a radical movement to depathologize homosexuality such as the british eugenicist havelock ellis and sexologist alfred kinsey and conversely how their revolutionary ideas about sexuality were shaped by shawn s modernism

Merchant Vessels of the United States

1976

taking into account the popularity and variety of the genre this collaborative volume considers a wide range of english romantic autobiographical writers and modes including working class autobiography the familiar essay and the staged presence in the wake of rousseau s confessions autobiography became an increasingly popular as well as a literary mode of writing by the early nineteenth century this hybrid and metamorphic genre is found everywhere in english letters in prose and poetry by men and women of all classes as such it resists attempts to provide a coherent historical account or establish a neat theoretical paradigm the contributors to romantic autobiography in england embrace the challenge focusing not only on major writers such as william wordsworth de quincey and mary shelley but on more recent additions to the canon such as mary robinson dorothy wordsworth and mary hays there are also essays on the scandalous memoirs of mrs billington and on joseph severn s autobiographical scripting of himself as the friend of keats the result is an exploratory and provisional mapping of the field provocative rather than exhaustive intended to inspire future scholarship and teaching

includes a literary reflection on mansfield s work by award winning novelist ali smith katherine mansfield new directions brings together leading international scholars to explore and celebrate the modernist short fiction writer katherine mansfield reassessing mansfield s life work and reputation in the light of new research in literary modernism the book maps new directions for future mansfield studies in the twenty first century drawing on current work from postcolonial studies eco criticism affect studies book periodical and manuscript studies and auto biographical and critical theoretical approaches to her life and art as well as new archival discoveries this is an essential contribution to our deepening understanding of a central modernist figure

2009

since the dawn of history people have used charms and spells to try to control their environment and forms of divination to try to foresee the otherwise unpredictable chances of life many of these techniques were called superstitious by educated elites for centuries religious believers used superstition as a term of abuse to denounce another religion that they thought inferior or to criticize their fellow believers for practising their faith wrongly from the middle ages to the enlightenment scholars argued over what superstition was how to identify it and how to persuade people to avoid it learned believers in demons and witchcraft in their treatises and sermons tried to make rational sense of popular superstitions by blaming them on the deceptive tricks of seductive demons every major movement in christian thought from rival schools of medieval theology through to the renaissance the reformation and the enlightenment added new twists to the debates over superstition protestants saw catholics as superstitious and vice versa enlightened philosophers mocked traditional cults as superstitions eventually the learned lost their worry about popular belief and turned instead to chronicling and preserving superstitious customs as folklore and ethnic heritage enchanted europe is the first comprehensive integrated account of western europe s long complex dialogue with its own folklore and popular beliefs drawing on many little known and rarely used texts euan cameron constructs a compelling narrative of the rise diversification and decline of popular superstition in the european mind

The Arrival of the Promise Land

2014-07-21

progressive nineteenth century americans believed firmly that human perfection could be achieved with the aid of modern science to many the science of that turbulent age appeared to offer bright new answers to life s age old questions such a climate not surprisingly fostered the growth of what we now view as pseudo sciences disciplines delicately balancing a dubious inductive methodology with moral and spiritual concerns disseminated with a combination of aggressive entrepreneurship and sheer entertainment such sciences as mesmerism spiritualism homoeopathy hydropathy and phrenology were warmly received not only by the uninformed and credulous but also by the respectable and educated rationalistic egalitarian and utilitarian they struck familiar and reassuring chords in american ears and gave credence to the message of reformers that health and happiness are accessible to all as the contributors to this volume show the diffusion and practice of these pseudo sciences intertwined with all the major medical cultural religious and philosophical revolutions in nineteenth century america hydropathy and particularly homoeopathy for example enjoyed sufficient respectability for a time to challenge orthodox medicine the claims of mesmerists and spiritualists appeared to offer hope for a new moral social order daring flights of pseudo scientific thought even ventured into such areas as art and human sexuality and all the pseudo sciences resonated with the communitarian and women s rights movements this important exploration of the major nineteenth century pseudo sciences provides fresh perspectives on the american society of that era and on the history of the orthodox sciences a number of which grew out of the fertile soil plowed by the pseudo scientists

The Black dwarf, by T.J. Wooler

1818

in popular thought christianity is often figured as being opposed to dance conventional scholarship traces this controversy back to the middle ages throughout the medieval era the latin church denounced and prohibited dancing in religious and secular realms often aligning it with demonic intervention lust pride and sacrilege historical sources however suggest that medieval dance was a complex and ambivalent phenomenon during the high and late middle ages western theologians liturgists and mystics not only tolerated dance they transformed it into a dynamic component of religious thought and practice this book investigates how dance became a legitimate form of devotion in christian culture sacred dance functioned to gloss scripture frame spiritual experience and imagine the afterlife invoking numerous manuscript and visual sources biblical commentaries sermons saints lives ecclesiastical statutes mystical treatises vernacular literature and iconography this book highlights how medieval dance helped shape religious identity and social stratification moreover this book shows the political dimension of dance which worked in the service of christendom conversion and social cohesion in ringleaders of redemption kathryn dickason reveals a long tradition of sacred dance in christianity one that the professionalization and secularization of renaissance dance obscured and one that the reformation silenced and suppressed
