manufacturing a product is not difficult the  
difficulty consists in manufacturing a product  
of high quality at a low cost and rapidly  
drastic technological advances are changing  
global markets very rapidly in such conditions  
the ability to compete successfully must be  
based on innovative ideas and new products  
which has to be of high quality yet low in  
price one way to achieve these objecti ves  
would be through massive investments in  
research of computer based technology and by  
applying the approaches presented in this book  
the first international conference on advanced  
manufacturing systems and technology amst87
