Transformational Change in Community Colleges *2023-07-03*

from the foreword by walter g bumphus president ceo of aacc becoming an equity centered higher education institution is a significant contribution to the on going struggle to find practical approaches to implementing an equity agenda in higher education the authors had three main goals for this text relevance this book is the result of many years of teaching leading researching and coaching individuals and institutions about equity inside higher education the authors place a clear emphasis on awareness and teaching skills first but also ensure that those skills are based on practical application in the field practical application to describe and explain equity and transformational change concepts this book provides step by step implementation approaches that can be used to integrate equity centered principles into practices and policies to implement or improve equity work into the organizational culture a purposeful approach the authors defined the act of becoming an equity centered institution in terms of a transformational change approach using kotter s eight stage process kotter s model and aacc s leadership competencies for community college leaders are introduced in chapter 1 and integrated throughout the book this integrated framework allows practitioners to place the intersectionality of equity transformational change and requisite leadership competencies into the larger context of higher education while using kotter s 8 step change model the authors emphasize that operations and situations inside higher educational institutions are not linear as implied in kotter s model they show how the stages of change may occur at different times and different situations at different institutions and demonstrate what leadership competencies are recommended for each stage in the change process

Global Development of the Community College Model *2017-03-13*

while the community college is a longstanding institutional type within the u s the success of this model has recently garnered international attention as countries outside the u s grapple with issues regarding access and affordability of higher education opportunity the concept of the community college has gained traction this issue explores the global expansion and development of the community college model in various countries and regions around the world insights into the establishment and sustainability of these institutions in other countries through research and analysis and case studies that focus on the development and implementation process of community colleges amid various social political and economic contexts this is the 177th volume of this jossey bass quarterly report series essential to the professional libraries of presidents vice presidents deans and other leaders in today s open door institutions new directions for community colleges provides expert guidance in meeting the challenges of their distinctive and expanding educational mission

Gateway to Opportunity? *2023-07-03*

can the u s keep its dominant economic position in the world economy with only 30 of its population holding bachelor s degrees if the majority of u s citizens lack a higher education can the u s live up to its democratic principles and preserve its political institutions these questions raise the critical issue of access to higher education central to which are america s open access low cost community colleges that enroll around half of all first time freshmen in the u s can these institutions bridge the gap and how might they do so the answer is complicated by multiple missions

gateways to 4 year colleges providers of occupational education community services and workforce development as well as of basic skills instruction and remediation to enable today s administrators and policy makers to understand and contextualize the complexity of the present this history describes and analyzes the ideological social and political motives that led to the creation of community colleges and that have shaped their subsequent development in doing so it fills a large void in our knowledge of these institutions the junior college later renamed the community college in the 1960s and 1970s was originally designed to limit access to higher education in the name of social efficiency subsequently leaders and communities tried to refashion this institution into a tool for increased social mobility community organization and regional economic development thus community colleges were born of contradictions and continue to be an enigma this history examines the institutionalization process of the community college in the united states casting light on how this educational institution was formed for what purposes and how has it evolved it uncovers the historically conditioned rules procedures rituals and ideas that ordered and defined the particular educational structure of these colleges and focuses on the individuals organizations ideas and the larger political economy that contributed to defining the community college s educational missions and have enabled or constrained this institution from enacting those missions he also sets the history in the context of the contemporary debates about access and effectiveness and traces how these colleges have responded to calls for accountability from the 1970s to the present community colleges hold immense promise if they can overcome their historical legacy and be re institutionalized with unified missions clear goals of educational success and adequate financial resources this book presents the history in all its complexity so that policy makers and practitioners might better understand the constraints of the past in an effort to realize the possibilities of the future

Graduate Students' Research about Community Colleges *2021-05-14*

Comprehensive Reform for Student Success *2017-01-19*

community colleges face pressure to do more with less that have prompted many college leaders to consider fundamental changes to the ways they have typically done business because piecemeal solutions have not often been effective or efficient colleges are moving far beyond discreet programs or interventions and are attempting to implement comprehensive reform efforts this volume conceptualizes comprehensive reform as being marked by a focus on student success a theory of change that ties programmatic components together in an intentional and cohesive package implemented at multiple levels throughout the college and touching the majority of students and a culture of evidence that uses data to continuously assess programs and processes against student success presenting original analyses that describe the rationale for comprehensive reform this volume examines the challenges involved in implementing evaluating and sustaining those

efforts this is the 176th volume of this jossey bass quarterly report series essential to the professional libraries of presidents vice presidents deans and other leaders in today s open door institutions new directions for community colleges provides expert guidance in meeting the challenges of their distinctive and expanding educational mission

Community College Companion 2011

enrollment at community colleges is booming but as students of all ages pursue this path many don t know how to pick the right program juggle classes with other responsibilities or succeed academically this book guides students through these areas and shows them how to make the most of the community college experience students will explore certificate and degree options connect their needs plans and personalities to courses and programs and gain tips for enhancing their financial aid package and scoring scholarships community college companion also takes students beyond the early stages of their experience to set themselves up for success in college and their future careers readers learn how to make the most of online courses take advantage of campus resources avoid commuting inefficiencies play it smart during the transfer process and develop a career plan

Governance in the Community College 2008-04-07

community college governance is a process for distributing authority influence and resources among internal and external constituencies having evolved from traditional public school bureaucratic and political models that emphasize control and oversight community college governance is now a dynamic process with a host of participants gone are the days when presidents and trustees acted unilaterally on college issues although boards retain the legal authority to govern their colleges prudent trustees now encourage broad based involvement in governance nationwide the trend is toward more participation and shared responsibility and some states are codifying the process for example the california legislature has mandated a shared governance system in public community colleges reflecting the movement toward involvement and transparency college leaders resist or ignore that trend to the detriment of their colleges and at their own peril interest in community college governance will increase among scholars and practitioners for many reasons enrollments are increasing rapidly while funding is not keeping pace taxpayer resistance is a reality workforce training programs will compete with transfer curricula for resources increasing numbers of poorly prepared students will require remediation for profit institutions will compete for students employee unions will press for better salaries and benefits and meaning participation in governance special interest groups will continue electing advocates to governing boards p 19 initiatives will require close collaboration with public schools in the meantime rogue trustees will try the patience of everyone traditional governance models will not suffice in this demanding arena governance structures that are more collegial flexible and inclusive will be essential in the future as community colleges evolve to meet the needs of an increasingly complex and diverse society chapters include community college governance what matters and why governance over the years a trustee s perspective governance in a union environment internal governance in the community college models and quilts the effect of the community college workforce development mission on governance closing the gaps in texas the critical role of community colleges yanks canucks and aussies governance as liberation governance in strategic context key resources on community college governance this is the 141th volume of the jossey bass higher education quarterly report series new directions for community colleges an essential guide for presidents vice presidents deans and other leaders in today s open door institutions this quarterly provides expert guidance in meeting the challenges of their distinctive and expanding educational mission

Graduate and Continuing Education for Community College Leaders: What It Means Today 1996-11-07

graduate study of the community college constitutes a small but well established academic specialty its rise in the three decades following world war ii paralleled the rapid establishment of community colleges during those years testifying to the modern university's stake in graduate education for the ever expanding and ever more specialized professions in the past two decades the urgent need to fill administrative slots at a growing number of community colleges has subsided bringing to the fore fundamental questions about the intellectual purpose and academic integrity of graduate preparation programs for community college leaders program establishment and growth are no longer their own justification and commentators have called for a reexamination of graduate curricula focusing on community college education this issue initiates the reexamination process and the chapters provide critical perspectives on the current status of community college education as an academic specialty the vitality and utility of this academic specialty will depend on a continued dialogue and debate about intellectual purpose and professorial roles this is the 95th issue in the journal series new directions for community colleges

Sustaining Financial Support for Community Colleges 2005

sustaining fiscal support for community colleges has become increasingly difficult in an era marked by recurrent recessions legislator reluctance to raise taxes and intense competition for scarce resources from health care k 12 education and other pressing demands on state treasuries after introductory chapters that provide historical political and economic perspectives on the fiscal environment in which community colleges operate this volume describes institutional approaches to securing adequate funding in the face of fiscal uncertainty chapter authors provide guidelines for fundraising leveraging corporate support through cooperative education programs securing government grants for workforce development managing mill levy elections for increased local tax support and realigning budget priorities in the face of economic downturns the volume also discusses the implications of today's changing fiscal environment for community college presidents and the skills they need to sustain adequate funding in the face of unpredictable revenue streams this is the 132nd volume of the jossey bass quarterly report series new directions for community colleges

Gateway to Opportunity? 2023

can the u s keep its dominant economic position in the world economy with only 30 of its population holding bachelor's degrees if the majority of u s citizens lack a higher education can the u s live up to its democratic principles and preserve its political institutions these questions raise the critical issue of access to higher education central to which are america's open access low cost community colleges that enroll around half of all first time freshmen in the u s can these institutions bridge the gap and how might they do so the answer is complicated by multiple missions gateways to 4 year colleges providers of occupational education community services and workforce development as well as of basic skills instruction and remediation to enable today's administrators and policy makers to understand and contextualize the complexity of the present this history describes and analyzes the ideological social and political motives that led to the creation of community colleges and that have shaped their subsequent development in doing so it fills a large void in our knowledge of these institutions the junior college later renamed the community college in the 1960s and 1970s was originally designed to limit access to higher education in the name of social efficiency subsequently leaders and communities tried to refashion this institution into a tool for increased social mobility community organization and regional economic development thus community colleges were born of contradictions and continue to be an enigma

this history examines the institutionalization process of the community college in the united states casting light on how this educational institution was formed for what purposes and how has it evolved it uncovers the historically conditioned rules procedures rituals and ideas that ordered and defined the particular educational structure of these colleges and focuses on the individuals organizations ideas and the larger political economy that contributed to defining the community college s educational missions and have enabled or constrained this institution from enacting those missions he also sets the history in the context of the contemporary debates about access and effectiveness and traces how these colleges have responded to calls for accountability from the 1970s to the present community colleges hold immense promise if they can overcome their historical legacy and be re institutionalized with unified missions clear goals of educational success and adequate financial resources this book presents the history in all its complexity so that policy makers and practitioners might better understand the constraints of the past in an effort to realize the possibilities of the future

Developing Constituency Programs in Community Colleges *1977*

this text offers an in depth case study of the development of an experimental community college established by city university of new york with the aim of increasing two year completion rates by detailing academic and administrative reforms undertaken at guttman community college since 2007 the text illustrates the implementation of innovative practices in developmental education advising and experiential education and offers critical commentary on why reforms failed to bring the expected results in a series of comprehensive and insightful chapters jordan maps the process of implementation and reform at guttman community college in doing so he explores the shortcomings of the guttman enterprise and offers in depth analysis of the causes and implications of a failure to account for the local context and student population in planning and implementation phases this unique historical narrative thus offers important insights into pitfalls and best practices around issues of racial inequity governance and leadership curriculum development student support services and data driven decision making each chapter concludes with a section focusing specifically on implications for the post secondary system more broadly to inform effective appropriate and inclusive college reform this book will be of interest to postgraduates and researchers exploring the history and governance of postsecondary education in the united states as well as academic administrators faculty and policymakers jordan speaks to the myriad lessons that can be valuable for a higher education landscape that is hungry for innovation and reform

Integration of Planning/decision-making Processes Within the Community College *1995*

applications personal essays campus visits and those dreaded sats and acts the process of applying to and getting into college is almost as complicated as higher education itself in this anthology readers will get an in depth look at the admission process including viewpoints about the fairness and relevance of standardized test scores the importance of volunteer and extracurricular activities and how to market oneself as an ideal candidate for admission choosing a college is one of life s most important decisions and readers of this resource will be presented with valuable information

Community College Planning *1982-01-01*

the first chapter in this volume presents an overview of the faculty personnel challenges facing community colleges the next three discuss the socialization and professional development of new

faculty authors stress the importance of understanding differences among the types of community colleges and the importance of gender and racial ethnic diversity among the faculty of the institutions who educate the majority of undergraduate females and students of color the volume concludes with chapters on legal aspects related to the faculty employment and the experiences of presidents and senior instructional administrators giving valuable guidance to those actively involved in the hiring process at the heart of this volume is the continued commitment to the community college ideal of providing educational access and through quality instruction facilitating student learning and success previous research indicated that community college faculty retire at or near the traditional age of sixty five with an aging faculty enrollments that are reaching unprecedented levels and the federal government calling for the community college to take an even greater role in workforce training community colleges will need to both replace significant portions of their faculty and hire additional faculty lines between now and 2020 this next hiring wave has implications for community colleges the diverse student populations who attend these institutions and society in general this is the 152nd volume of the jossey bass quarterly report series new directions for community colleges essential to the professional libraries of presidents vice presidents deans and other leaders in today s open door institutions new directions for community colleges provides expert guidance in meeting the challenges of their distinctive and expanding educational mission

Establishing an Experimental Community College in the United States *2021-07-25*

Hiring the Next Generation of Faculty: New Directions for Community Colleges, Number 152 *2011-01-18*

while community colleges have traditionally focused on providing students with opportunities to gain credentials for employment the increasingly important question is are they preparing students for the looming dynamic disruptive and entrepreneurial environments ahead this book addresses the urgent need for community colleges to prioritize entrepreneurship education both to remain relevant in a changing economy and to give graduate students the flexible and interdisciplinary mindsets needed for the future of society it argues that entrepreneurial education should be offered broadly to a wide range of students and across all disciplines defines the key constructs for achieving this objective and describes how to create entrepreneurial learning environments the expert contributors with the support of the national association for community college entrepreneurship nacce start from the premise that community colleges are uniquely positioned to lead entrepreneurial initiatives through both internally generated curriculum design and through collaboration with the local entrepreneurial community to build bridges between the classroom to the community which in turn can offer models of implementation and constitute a network or support system for students community colleges can become incubators of innovation a magnet for talent and provide the impetus for development strategies that their communities have not begun to realize as the chapters make clear developing an entrepreneurial program itself requires an entrepreneurial mindset that transcends any lack of resources requiring a spirit of imagination and resourcefulness this book takes the reader on a journey through the steps needed to build a meaningful relevant and sustainable entrepreneurship program covering program development curriculum design appropriate pedagogical approaches and community engagement

Community Colleges in the United States 1989

community colleges are positioned to play a critical role in the process of upward mobility in american society yet despite the open door accessibility of these institutions the question remains as to whether or not community colleges enhance the social mobility of working class and minority students the contradictory and often paradoxical nature of research on community colleges suggests that making generalizations about the sector as a whole is perhaps misguided this book takes an important step toward developing a more nuanced understanding of the rich and varied cultures inherent in community colleges the contributors approach this task by examining community colleges as cultural texts using critical qualitative frameworks to address the question of whether and how community colleges confront the challenges of diversity and provide real opportunities for upward mobility contributors include marilyn amey eusebio diaz stanford t goto berta vigil laden dennis mcgrath laura i rendón robert a rhoads kathleen m shaw armando trujillo james r valadez and bill van buskirk

The Future of the Urban Community College: Shaping the Pathways to a Mutiracial Democracy 2013-10-07
