

~~method of inducing differentiation of embryonic stem~~
cells particularly a method of inducing differentiation
of embryonic stem cells into [] [] 2018 [] [] [] [] 30 other
ngs clinical applications ngs clinical application is not
limited to diagnosis it is also widely used in
identifying mutation targets for targeting therapy and
in identifying a high risk population for certain
hereditary cancers [] [] 2022 [] [] [] [] 18 thus this work
presents ai clinical applications in a comprehensive
manner discussing the recent literature studies
classified according to medical specialties in addition
the challenges and limitations hindering ai integration
in [] [] 2020 [] [] [] [] 3 we outline five key areas that need
further development for apps to be integrated into
clinical practice and to bridge the divide between the
potential of apps and actual clinical use [] [] 2021 [] [] []
[] [] 26 the coding of clinical applications cas were
indicated based on clinical priorities for patients with
covid 19 such as detection triage developing tests
treatment as well as continuing care [] [] 2020 [] [] [] [] 6
a clinical decision support system cdss is intended to
improve healthcare delivery by enhancing medical
decisions with targeted clinical knowledge patient
information and other health

clinical application

weblio *May 13 2024*

clinical application is a key source for the field of applying proteomics and other omics methods to the study of human disease and translation to the clinic our scope is not limited to proteomics the journal covers applications including genomics transcriptomics metabolomics lipidomics and integrative multi omics

clinical applications
