on buying a good used model e30 for restoration it is  
amazing to think that time has passed by and that the  
second bmw 3 series has achieved such status that it  
warrants this special book on its 21st anniversary maybe it  
is due to the sheer longevity of its design its ability to  
satisfy the keen driver or its iconic status but whatever it is  
there is no doubt that the e30 is one car from the past that  
will stay with us into the future it is a pending classic and  
prices for well kept models have started to escalate  
furthermore there is a core of well cared for cars out there  
requiring basic attention by their dedicated owners as a  
result there has never been a better time for a book of this  
sort by focusing on the common faults which crop up  
repeatedly and by giving detailed simple instructions  
regarding repairs this book will be uniquely invaluable for  
owners who wish to try their hand at their own maintenance  
especially those who may previously have been prevented

it is amazing to think that time has passed by and that the second bmw 3 series has achieved such status that it warrants this special book on its 21st anniversary maybe it is due to the sheer longevity of its design its ability to satisfy the keen driver or its iconic status but whatever it is there is no doubt that the e30 is one car from the past that will stay with us into the future it is a pending classic and prices for well kept models have started to escalate furthermore there is a core of well cared for cars out there requiring basic attention by their dedicated owners as a result there has never been a better time for a book of this sort by focusing on the common faults which crop up repeatedly and by giving detailed simple instructions regarding repairs this book will be uniquely invaluable for owners who wish to try their hand at their own maintenance especially those who may previously have been prevented from doing so by a lack of technical know how or specific knowledge
