a daily diary of actual interactions between a reference desk librarian and his patrons  
reference librarianship documents a year in the life of a young librarian working in the  
trenches at a library in the midwestern united states this one of a kind book provides a daily  
diary of every librarian patron transaction no matter how mundane or absurd to demonstrate  
not only how advances in technology have affected the reference librarian s job but how the  
public s expectations have changed as well the book also includes observations by a now  
retired reference librarian on the current state of the field based on these unedited  
interactions over the past two decades the job of reference librarian has seen many changes  
but in many ways reference desk work hasn t changed a bit with its mix of odd humorous  
routine and ridiculous requests that capture what it s like to deal with patrons day after day  
reference librarianship paints a clear picture of the field for library school students provides  
emotional and philosophical support to practitioners and reminds library administrators of  
what life was like on the front lines a sampling of the daily transactions documented in  
reference librarianship monday may 19 2003 pencil pencil network down i tell people that i
