apptitude some operations however demand more
skill other jobs require the use of special
tools and in some cases testing facilities and
techniques that are not generally available
only you can judge whether a job is within
your capabilities we do however try to assist
the reader to come to an informed decision
whilst every effort has been made to ensure
that the information provided is correct it is
obviously not possible to guarantee complete
freedom from errors or omissions information
to be found in the driver s handbook is not
necessarily duplicated here and it is not
possible within this volume to cover every
aspect to be found in the manufacturer s own
workshop manual which is of much greater size
and complexity however it should be consulted
if more detailed information is needed always
remember that you are responsible for your own
safety and that of others when working on a
vehicle take particular care with foreign car
related systems like the brakes and steering
and seek professional advice if in any doubt
never work under a vehicle unless it is
properly supported a single jack is not enough
take care with power tools also regard as
potentially harmful fuel lubricants solvents
and sealers which should always be and kept in
