circa 1930 c k ogden wrote basic english his idea was to give anyone a second language with a relatively short learning curve ogden researched words frequency and argued that is possible to communicate sufficiently with a basic vocabulary of 850 words the author has found the list incomplete some essential words have been omitted and others are redundant for today s modern communication what are we going to do with such a small vocabulary well you probably heard the term verbose many times usually a sign of trouble in communication you won t be writing narrative at high level but you will achieve a level of a standard speaker the concept can be applied to any language the goal in this book is to learn 800 words in cebuano visayan in 40 hours considering the fact that some linguist experts claim that 500 words are an absolute minimum and unnecessary words are shades of meaning we will use the 800 target 500 words will be basic 100 will be international and the rest related to a general field in our case travel or tourism to speed up memorization we ll stress the importance of word pairs and opposites then we ll add new words to the context already learned this system will give you an opportunity to absorb the material gradually proven benefits the book has been formatted with a minimalist design to reduce visual crowding in an effort to sustain attention and improve comprehension hopefully with passion and determination and a combination of tools you will reach your target

jesus de la villa s worldwide bestseller 100 endgames you must know successfully debunked the
myth that endgame theory is complex and that endgame books are tedious reviewers praised its
clarity and completeness and thousands of players dramatically improved their endgame
understanding and their results in recent years de la villa s students sometimes complained
that when they had to apply what they had studied in 100 endgames they didn t always have the
material ready at their fingertips de la villa then made an important discovery most of the
errors his students made are being made by others as well even by strong and sometimes famous
chess players de la villa started collecting training material and selected those exercises
best suited to retain and improve your knowledge and avoid common errors in this book the
spanish grandmaster presents hundreds of exercises grouped according to the various chapters
in 100 endgames solving these puzzles will drive home the most important ideas refresh your
knowledge and improve your technique this book contains a massive amount of clear concise and
easy to follow chess endgame instruction the advice de la villa gives in the solutions is
practical and useful ideal for every post beginner club player and candidate master who wishes
