Theorising the Contemporary Zombie 2014-08-01

zombies have become an increasingly popular object of research in academic studies and of course in popular media over the past decade they have been employed to explain mathematical equations vortex phenomena in astrophysics the need for improved laws issues within higher education and even the structure of human societies despite the surge of interest in the zombie as a critical metaphor no coherent theoretical framework for studying the zombie actually exists addressing this current gap in the literature theorising the contemporary zombie defines zombiism as a means of theorising and examining various issues of society in any given era by immersing those social issues within the destabilising context of apocalyptic crisis and applying this definition the volume considers issues including gender sexuality family literature health popular culture and extinction

and fan practices such as zombie walks she discusses how the zombie has embodied our fears of losing the self through slavery and cannibalism and shows how extra ordinary zombies defy that loss of free will by refusing to be dehumanized by challenging their masters falling in love and leading rebellions extra ordinary zombies become figures of liberation and resistance kee also thoroughly investigates how representations of racial and gendered identities in zombie texts offer opportunities for living people to gain agency over their lives not your average zombie thus deepens and broadens our understanding of how media producers and consumers take up and use these undead figures to make political interventions in the world of the living
