the emotional effect of woodworking is that it gives kids that sense
of accomplishment parents see a happy kid beaming with
excitement of possibilities a woodworking teacher three years
back i asked one child psychologist what is the best way to make a
connection with my 8 and 13 year olds as they are growing up i
was worried about excessive exposure to t v mobile phones and
wanted to do some activity together to be much of an enabler and
guide he said why don t you try woodworking in your backyard
that would serve all your purposes that was one of the best pieces
of advice i got off late we hit it off and started with whittling
woodworking with just a wooden stick and a pocket knife after that
we moved on to woodworking with multiple tools the kids only
used more straightforward tools and i handled the complicated
part safety was of utmost priority and i always led with example
this book entails our journey with 31 whittling and 20 woodworking
projects it covers woodworking and whittling definitions
background history why kids and teenagers should practice it or
how they would inculcate various skills while practicing this art
which would help them in an extremely dynamic world they would
face best practices and safety instructions tools with details of
ways to use them processes and techniques 51 starter projects
tips guidelines and online resources a perfect company for a
weekend or holiday get this comprehensive 2 in 1 book with
woodworking and whittling covered for a kid and parent both
