The Oxford Handbook of the Merovingian World 2020

Handbook of Latin American Studies in the World. The handbook explains how Latin American countries have both reacted and contributed to changing international dynamics over the last 30 years. It provides a comprehensive picture of Latin America's global engagement by looking at specific processes and issues that link governments and other actors social and economic within the region and beyond. Leading scholars offer an up to date state of the field theoretically and empirically thus avoiding a narrow descriptive approach. The handbook includes a section on theoretical approaches that analyze Latin America's place in the international political and economic system and its foreign policy making. Other sections focus on the main countries actors and issues in Latin America's
