although positivism dismissed myths as childish fancy bound to be superseded by reason there has been a continuous reappraisal of the power of myths since the 19th century once viewed as primitive and unreliable accounts and an inadequate and distorted form of knowledge myths came to be perceived as exemplary narratives consisting of rich and complex symbolic constructs that carry meaning and a connection to reality myths then came to be regarded as a privileged expression of the human soul and of its possibly submerged and unconscious abysses and dramas rather than inherently obscure and elusive to a rational grasp mythical narratives would therefore be driven by logical reasoning giving shape to a particular worldview of life and human

description of criminal forgery that  
fraudulently introduced the legendary version  
of british history that continues to be  
repeated in modern textbooks richard verstegan  
was the dominant artist and publisher in the  
british ghostwriting workshop that monopolized  
the print industry across a century scholars  
have previously described him as a  
professional goldsmith and exiled catholic  
propaganda publisher but these qualifications  
merely prepared him to become a history forger  
and multi sided theopolitical manipulator the  
bram series computational linguistic method  
attributes most of the british renaissance s

~~path history took to our modern world on the~~  
surface restitution is the first dictionary of  
old english and has been credited as the text  
that established verstephan as the founder of  
anglo saxon studies the exordium reveals a  
much deeper significance behind these firsts  
by juxtaposing them against verstephan's  
letters and the history of the publication of  
the earliest old english texts to be printed  
starting in 1565 at the same time when  
verstephan began his studies at oxford  
verstephan is reinterpreted as the dominant  
forger and self translator of these frequently  
non-existent manuscripts whereas credit for  
these old english translations has been  
erroneously assigned to puffed bylines such as  
archbishop parker and the learned camden's  
society of antiquaries when verstephan's  
motives are overlaid on this history the term  
anglo saxon is clarified as part of a dutch  
german propaganda campaign that aimed to  
overpower britain by suggesting it was  
historically an old german speaking extension  
of germany's catholic holy roman empire these  
ideas regarding a pure german race began with  
the myth of a european unified origin myth  
with their ancestry stemming from tuisco  
shortly after the biblical fall of babel

deities were merely variants of the greco  
roman deities names that resulted from a  
degradation of vulgar latin into early
