the author presents probatio a toolkit for building functional dmi digital musical instruments prototypes artifacts in which gestural control and sound production are physically decoupled but digitally mapped he uses the concept of instrumental inheritance the application of gestural and or structural components of existing instruments to generate ideas for new instruments to support analysis and combination he then leverages a traditional design method the morphological chart in which existing artifacts are split into parts presented in a visual form and then recombined to produce new ideas and finally he integrates the concept and the method in a concrete object a physical prototyping toolkit for building functional dmi prototypes probatio the author s evaluation of this modular system shows it reduces the time required to develop functional prototypes the book is useful for researchers practitioners and graduate students in the areas of musical creativity and human computer interaction in particular those engaged in generating communicating and testing ideas in complex design spaces

Hearings

1953

in this novel by the creator of alternate history hub wwii never happened all of europe hails hitler and the mediterranean sea is a desert instead of attempting to take over the world adolf hitler and his nazi party orchestrate

an entirely different yet equally ambitious plan draining the mediterranean sea with the promise of fertile new land for settlement millions of jobs and endless hydroelectric energy all of europe signs a treaty called the atlantropa articles to bring about this new world with hitler hailed as a new napoleon fascism becomes a mainstream ideology two millennia later europe has been united under the swastika but the plan of a lush new land was never realized instead the mediterranean sea has become a desert basin known only as the kiln and southern europe has been abandoned this is where ansel engel s story begins deep in the kiln ansel faithfully serves the reich until a shocking discovery leads him to unravel generations of lies and false prophets

Designing Digital Musical Instruments Using Probatio

2018-12-24

jeannine brown a seasoned teacher of biblical interpretation believes that communication is at the heart of what happens when we open the bible we are actively engaging god in a conversation that can be life changing in this guide to the theory and practice of biblical hermeneutics brown emphasizes the communicative nature of scripture proposing a communication model as an effective approach to interpreting the bible the new edition of this successful textbook has been revised and updated to interact with recent advances in interpretive theory and practice

The Atlantropa Articles
