The Classical Method

2005

after 20 years of playing professionally in all the musical genres robert kaye presents a compilation of his notes in his new book the classical method structure and the art of piano classical improvisation compositional theory and poetic harmony revealing the secrets of the great composers throughout history kaye s instrument of choice is the piano the classical method is attuned to myriad styles and instruments which determine his method but his basis and the foundation of his method rests in the piano his method focuses on target and sight revolutionizing the way that musicians play and composers create music developed from years of experience as a career pianist kaye takes the reader behind the closed doors of the creative process and unveils the methodology behind great profound music how coincidental the peak of the classical era was 1776 it became clear that my deprivation frustration and lack of education not only was overwhelming with too much information but it was only going to become real and rewarding by sheer experience of playing the piano and with quick results using your mind in conjunction with geometry and the very freedom that the founding fathers intended for us to have i think i found the many secrets to it especially by targeting and it has given me an enormous relief i am now enriched with more music than one lifetime can accomplish i live in contentedness by the proof of the freedom of the mind can understand and accept it spiritually as well as scientifically and have an array of pages accumulating everyday in composition never frustrated what to play improvise compose display or demonstrate the classical method the classical method is user friendly and helps to unlock the mysteries behind musical genius giving advanced musicians the keys to a promising methodology for improvisation and original composition current issue is 12th edition completed 9 12 12

The Classical Piano Method

2019-03-08

this exciting new teaching method by the renowned piano pedagogue hans günter heumann is ideal for adults and young people looking to learn the piano from scratch or for those returning to the piano after a break from playing using classical music as a basis for learning this method introduces interesting varied and well known pieces right from the outset the two method books have been carefully designed to progress in small manageable steps beginning with simple fingering patterns and exercises onto some of the most beautiful melodies and pieces from the baroque classical and romantic eras such as the ode to joy für elise and the blue danube waltz leading the student through a range of exercises repertoire pieces theory checks tips on practicing playing and technique and composer biographies the process of learning is made interesting informed and fun the four supplementary volumes present further material to help learning at each stage of the students development as well as

offering up a wider range of beautiful pieces for the solo pianist or piano duet
