popular science gives our readers the information and tools
to improve their technology and their world the core belief
that popular science and our readers share the future is
going to be better and science and technology are the
driving forces that will help make it better the bulletin of
the atomic scientists is the premier public resource on
scientific and technological developments that impact
global security founded by manhattan project scientists the
bulletin s iconic doomsday clock stimulates solutions for a
safer world considers the national and international
ramifications of u s abm deployment and its effects on salt
talks with the soviet union rooted in the creative success of
over 30 years of supermarket tabloid publishing the weekly
world news has been the world s only reliable news source
since 1979 the online hub weeklyworldnews com is a
leading entertainment news site the weekly source of
african american political and entertainment news the
weekly source of african american political and
entertainment news the weekly source of african american
political and entertainment news is a widening skills gap in
science and math education threatening america s future
that is the seminal question addressed in the u s
technology skills gap a comprehensive 104 year review of
math and science education in america some claim this
skills gap is equivalent to a permanent national recession
while others cite how the gap threatens america s future
economic workforce employability and national security
this much is sure america s math and science skills gap is
or should be an issue of concern for every business and
information technology executive in the united states and
the u s technology skills gap is the how to get involved
guidebook for those executives laying out in a compelling
chronologic format the history of the science

skills gap in america explanation of why decades of astute warnings were ignored inspiring examples of private company efforts to supplement public education a pragmatic 10 step action plan designed to solve the problem and a tantalizing theory of an obscure japanese physicist that suggests america s days as the global scientific leader are numbered engaging and indispensable the u s technology skills gap is essential reading for those eager to see america remain a relevant global power in innovation and invention in the years ahead equal sharestell a fascinating story the history of a group of dynamic tapestry workers who changed the economic life of their community the authors examine a key community based cooperative in botswana that was launched in the early 1970s and is hailed as a model for development and social change with little formal education virtually no job experience still working their own agricultural lands and many as single mothers the co op workers have maintained their business for over twenty five years equal shares is written in different voices and tells the story of the defining moments in the lives of the oodi weavers as the workers weave their village stories into the tapestries the book weaves a story that depicts their evolving collective experience it s a model of community action inspiring reading for all those fighting to take control of their economic lives in its 114th year billboard remains the world s premier weekly music publication and a diverse digital events brand content and data licensing platform billboard publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends
