Biblia Iadnada: Genesis-Kings 2002

Guitar Chord Heaven is quite probably the only chord dictionary that actually shows you how to use every chord. This is done by giving an example chord progression for every single chord type in every key so you not only have 1680 chord shapes but also 270 cool classic and contemporary chord progressions. The learning possibilities are endless. Use the chord progressions to help write your own tunes. Study all possible uses for the minor 7 chord and every other featured chord type with 12 different chord progressions for each chord type you will know how to use the chord in any situation. If this isn't enough for the really demanding student of chords there's also freely available online tracks which as well as demonstrating each chord type also has 21 specially composed tracks each demonstrating how each chord type can sound in a real piece of music. Each track is great to play along with chords or soloing. All tracks previously included with the print book as a CD can now be accessed free of charge at thinkinnote.com. This site has been completely updated in 2023 and requires no logging in or registration. Simply go to the site and select your book from the books dropdown.
