The Story of Slavery and Abolition in United States History 2014-12-15 prior to the end of the civil war in 1865 many considered slavery vital to the economy of the united states especially in the south most people in the north though came to reject slavery for moral or political reasons influential northerners spearheaded the abolition movement in this well researched account author linda jacobs altman explores how abolitionists used words money violence or simply courage to fight to free the slaves tracing the history of slavery from its origins in america through its legal end with the thirteenth amendment altman shows how abolitionists and slaves themselves helped make the civil war a fight not only to preserve the union but to make the nation free

Against All Odds 2020-07-29 this book presents an overview of the ways in which women have been able to conduct mathematical research since the 18th century despite their general exclusion from the sciences grouped into four thematic sections the authors concentrate on well known figures like sophie germain and grace chisholm young as well as those who have remained unnoticed by historians so far among them are stanisława nidodym the first female students at the universities in prague at the turn of the 20th century and the first female professors of mathematics in denmark highlighting individual biographies couples in science the situation at specific european universities and sociological factors influencing specific careers from the 18th century to the present the authors trace female mathematicians status as it evolved from singular and anomalous to virtually commonplace the book also offers insights into the various obstacles women faced when trying to enter perhaps the most male discipline of all and how some of them continue to shape young girls self perceptions and career choices today thus it will benefit scholars and students in stem disciplines gender studies and the history of science women in science mathematics and at institutions and those working in mathematics education Hans Christian Andersen's Fairy Tales 2017-01-01 the fairy tales of hans christian andersen have inspired frightened and amused readers since they were first published in 1835 readers will recognize the little mermaid who makes a deal with a sea witch in the hopes of winning a prince s heart the conceited emperor who is swindled by two men who claim to be weaving magical cloth invisible to all but the most

worthy and the young queen who risks her life to save her brothers from the terrible curse that has changed them all into wild swans this collection of the danish author s most famous stories also includes the ugly duckling thumbelina and the snow queen this unabridged version is compiled from the 1914 edition of the first series and the 1915 edition of the second series with illustrations by edna f hart **Happy as a Dane: 10 Secrets of the Happiest People in the World** 2017-01-10 this international bestseller shows why the danes are happy and how we can be too for decades denmark has ranked at the top of the world s happiness surveys how is it that these 5 6 million danes are so content when they live in a country that is dark and cold nine months of the year and where income taxes are at almost 60 percent at a time when talk across the western world is focused on unemployment woes government overreach and anti taxation lobbies our danish counterparts seem to breathe a healthier and fresher air interweaving anecdotes and research malene rydahl explores how the values of trust education and a healthy work life balance with purpose to name just a few contribute to a happy population from eye opening stories about open air vegetable stands to babies safely left unattended while parents have coffee to very generous paternity leave policies rydahl provides tips that we can all apply to our daily lives regardless of where we live

Never See a Need 2016-06-30 never see a need is an account of the lives and works of the sisters of st joseph of the sacred heart in south australia from the time of their foundation in 1866 until mary mackillop s canonisation in 2010 much happened during those 144 years there were dark times and bright times of growth and expansion interspersed with times of decline times of stability and times of change and through it all the members of the congregation never forgot their call to do what they could to remedy the evils and ills of their society they were educators but they also looked out for the welfare of the poor and disadvantaged in different ways as they moved across the landscape to wherever they were needed always a people on the move but always stable in their devotion to their ministry

**I Love to Eat Fruits and Vegetables (Japanese Edition)** 2019-09-22 i love to eat fruits and vegetables japanese edition jimmy likes to eat candy but doesn t even want to taste fruits and vegetables he sneaks into the kitchen to try to find a bag with candies that was hidden inside the cupboard what happens right after jimmy climbs up to reach the bag of candy this is the third book in the collection of short bedtime stories for kids and it s written especially for those parents who struggle every mealtime to make their kids eat healthy food

Facing homelessness 2022-02-10 in facing homelessness finding inclusionary collaborative solutions we face the other and in facing the other we face ourselves this book contributes to an emerging body of knowledge on street homelessness in the south african context it is meant for researchers and scholars who are committed to finding solutions for street homelessness it offers conceptual frameworks and practical guidelines for a liberating and transformative response to homelessness it brings together authors from a wide range of disciplines fusing the rigour of researchers the vision of activists and the lived experience of practitioners in this volume the causes of street homelessness in south africa today and its different faces are traced it critiques singular solutions and interrogates the political institutional and moral failures that contribute to the systemic exclusion of homeless persons and other vulnerable populations from society it proposes rights based interventions as part of a radical re imagination of how street homelessness can be ended one person and one neighbourhood at a time the analysis by the authors steers the direction of new ways of doing and being that could demonstrate concrete viable and sustainable alternatives to the exclusionary realities faced by homeless persons it argues for solution based approaches aimed at radical forms of social inclusion and achieved through broad based and creative collaborations by all spheres of society in the face and presence of street homelessness as one expression of urban vulnerability and deep socio economic inequality society is confronted with a clear political institutional moral and personal obligation this volume calls for a reclamation of community in its most inclusionary life affirming and interdependent sense asserting that we truly are well because of others and we are unwell if others are it is a call to reclaim our common humanity in the context of inclusive communities where all are equally welcome and bestowed with dignity and honour A World Without Cancer 2013-10-01 a provocative and surprising investigation into the ways that

profit personalities and politics obstruct real progress in the war on cancer and one doctor s passionate call to action for change this year nearly 1 6 million new cases of cancer will be diagnosed and more than 1 500 people will die per day we ve been asked to accept the disappointing strategy to manage cancer as a chronic disease we ve allowed pharmaceutical companies to position cancer drugs that extend life by just weeks and may cost 100 000 for a single course of treatment as breakthroughs why have we been able to cure and prevent other killer diseases but not most cancers where is the bold government leadership that will transform our system from treatment to prevention have we forgotten the mission of

the national cancer act of 1971 to conquer cancer through an analysis of over 40 years of medical evidence and interviews with cancer doctors researchers drug company executives and health policy advisors dr cuomo reveals frank and intriguing answers to these questions she shows us how all cancer stakeholders the pharmaceutical industry government physicians and concerned americans can change the way we view and fight cancer in this country
