happiness beverly nadler cmt ch trafford publishing 255 pages paperback 17 48 978 1466919594 reviewed august 2012 six years ago rhonda byrne an australian television writer and producer authored the wildly popular self help book the secret in which she instructed readers on how to tune into life affirming energy and achieve limitless success dozens of books have since been released promising similar results beverly nadlers vibrational harmony joins the list and despite the glut its a welcome addition what makes nadlers book worthy is her clarity in explaining what might otherwise be a complex concept everything is energy and everything includes you nadler writes your energy field radiates into the universe and attracts the people things events situations and circumstances that your vibrations are in harmony with and these become your life it follows that good energy attracts positive results negative energy not so much comparing the brain to a computer nadler seamlessly leads her readers through a five stage course of reprogramming which includes awareness identification releasing installing and integrating there is nothing woo woo about nadlers approach she offers step by step instructions on how to relinquish a material model in which our thinking is negative and full of limits and substitute it for an energy model which among other benefits guarantees spiritual communication and divine intervention as well as the ability to heal physical problems from cold symptoms to pain nadler might have added grist to her thesis by including case studies which would have illustrated her concepts in action but for those who can accept her premise without needing personal anecdotes to firm up their belief good vibes are guaranteed also available as an ebook reader s testimonials vibrational harmony is the most explosively powerful toolbox of self help ever written i credit beverly with turning my life around she helped me reconcile years of memories filled with
